HP 3600 XL30D5	Cometic 07-up top end gasket kit with .030 3.625 head gasket	1	102.10	102.10T
C10094-3625	Hone cylinder and fit piston (each)	2	45.00	90.00T
Cylinder Honing	XL/Buell 1275 kit, Black, 04- Later XL/ Buell The above engine kit has black big fin cylinders included (correct fin style for 2004-up bikes). The cylinders are also available in silver or black with highlighted fins, same price. The above also includes the optional upgrade to a Cometic EST full top end gasket set, which is recommended. Without this upgrade, the kit comes with head and base gaskets only and sells for \$799.95			839.95
Ring Gap and Pi...	Gap Rings and Assemble into Pistons This is our optional preassembly service. We precision gap your rings using our high-end gapping machine which does a perfect job every time, and then we assemble the pistons and rings into the cylinders and ship them in sealed plastic bags, ready for installation. This service greatly simplifies installation and eliminates the need for any special tools on your end.	1	40.00	40.00T

HP45PG Grindlock-2000	This advanced cam set has a special lobe design to minimize valvetrain noise while still producing impressive power gains.  Bronze Oil Pump Gear, Sportster/Buell Pinion Gear Locking Tool, 2000- Later XL, With Mounting Bolts XL's use a steel oil pump drive gear that becomes failure prone at higher power levels, and when it fails, it's really ugly. This was an especially bad problem with Buells due to their higher power levels, and HD finally came out with this bronze drive gear in 2006 to solve the problem, but they never put it in XL's. It's a nice upgrade when hopping up an XL, especially if you're in the cam box for a cam swap anyway, and it's cheap insurance against a catastrophic failure. The locking tool listed is necessary for proper installation.	1	98.00	98.00T

0927-0015 90-4036	<p>Corrections to the valvetrain geometry that we'll make as a part of setting up your heads for the cams above, in combination with the thinner gaskets used to create a tighter squish clearance, create the need for somewhat shorter pushrods. These are high quality .065" wall heat treated chrome moly pushrods with Mae West ends. You cannot buy a finer pushrod.</p> <p>S&amp;S Roller Rocker Arms Rocker Shaft Set Roller rockers are normally used at this valve lift to reduce side loading on the valve. You can use your stock rockers however you'll get somewhat shorter valve guide life. Rocker shafts are recommended because they are a high wear item.</p>	1 1	479.95 33.95	479.95T 33.95T
BTX-11 DS-197026	<p>Energy One Extra Plate Clutch Kit, 1991 - Later Sportster, with 15% Stronger Diaphragm Spring Clutch Compression Tool, Motion Pro, 90-97 Big Twin and 91+ XL This is the complete clutch upgrade package, which not only upgrades the 883's weak clutch spring to handle the conversion, but also replaces the entire clutch pack and eliminates the embedded compensator plate that's so prone to failure.</p>	1	145.95 70.00	145.95T 70.00T

Port Intake Mani...	Port OEM Intake Manifold & throttle body	1	100.00	100.00T
1020-1493	Dynojet Powervision, Delphi EFI, non- CAN bus, for 01-10 Softails, 04-11 Dynas, 02-13 touring, 07-13 Sportsters The Dynojet Powervision is the cat's meow for EFI tuners. This is a flash type tuner that can be left on the bike or taken off after programming the factory ECM. If left on the bike, it can be used for diagnostics, as gauges, or for autotuning the fuel delivery. We can provide a good starting point map from which you can autotune to dial it in for your specific combination. The autotune function works with your stock narrow-band oxygen sensors and does a good job through the meat of the riding range. To tune the high rpm & high load areas of the map, we recommend the optional add-on Autone Pro kit, which includes wideband oxygen sensors and an interface to make them work with the Powervision. It sells for \$420.95.	1	549.95	549.95T
