PRINCIPLES OF PERFORMANCE
Nobody says “no” to more torque and horsepower. Since the beginning, Harley-Davidson® motorcycle riders have felt the pull of amped up powertrain performance. Screamin’ Eagle® components are the key to greater acceleration, increased passing muscle, and more of that rip roaring raw exhaust note that makes power more than a little addicting.
STAGE UPGRADES: PATH TO PERFORMANCE

START HERE

STAGE I

MOVE MORE AIR & FUEL

INTAKE + EXHAUST + TUNING UPGRADE
= FOUNDATION FOR ALL FUTURE STAGES

Ideal for riders who want to enhance the performance, look and sound of their motorcycle.

- Most cost-effective step to improve performance and the foundation for future performance upgrades.
- Match any Screamin' Eagle® high-flow air cleaner and exhaust with the proper ECM calibration to increase the airflow into and out of the engine.

STAGE II

GIVE IT A LIFT

STAGE I + CAM UPGRADE

- Choose a TORQUE CAM or POWER CAM based on riding style.
- A performance cam increases both the lift in the valve train (pushing the valve open farther) and the duration of the valve opening (how long the valve stays open).

TORQUE KIT: Ideal for riders looking for instant passing power at cruising speeds
POWER KIT: Ideal for riders who want to feel the power build and pull all the way to the红线

STAGE III

PUMP UP THE VOLUME

STAGE II + BIG BORE CYLINDERS & PISTONS

- An increase in engine displacement allows the engine to swallow more air and fuel, while a higher-compression piston squeezes the air and fuel into a more volatile mixture, generating more power when ignited.
- Displacement increases are accomplished with larger cylinders, matching pistons and the proper cam upgrade.

STAGE IV

TOP IT OFF

STAGE III + CYLINDER HEADS & THROTTLE BODY

Ideal for riders who want the absolute best Harley-Davidson performance upgrade available.

- Highest-level performance upgrade available to provide a maximum increase in displacement, compression and flow.
- Higher-flow CNC ported cylinder heads and larger bore throttle body increase the velocity and feed large volumes of air and fuel into the engine, which maximizes power on a larger displacement engine.
- Combines ported cylinder heads and larger throttle body in combination with cylinders, matching pistons and proper cam upgrade.

BASICS

PERFORMANCE

AN OVERVIEW OF WARRANTY & CAUTION: Harley-Davidson has the engineering expertise, sophisticated dyno lab and complete testing facilities to provide enthusiasts with a line of performance products designed to produce good, solid, reliable horsepower and torque. Engine-related performance parts are intended for the experienced rider only.

WARRANTY: Installation of Screamin' Eagle® products and similar off-road or competition products from other manufacturers, except some street-compliant offerings installed by authorized Harley® dealers, may void your Harley® limited vehicle warranty. Installation of a California performance kit on a 49-state model motorcycle or 49-state performance kit onto a California model motorcycle will void the manufacturer's warranty, as will not result in a street-compliant configuration.

CAUTION: Harley-Davidson® motorcycles modified with Screamin' Eagle® high-performance engine parts must not be used on public roads and, in some cases, may be restricted to closed-course competition.

CAUTION ICONS

GO LIGHT: These Screamin’ Eagle® products are 50-State U.S. EPA compliant for sale and use in all applicable vehicles, including those that are pollution controlled. See Genuine Motor Parts and Accessories or Screamin’ Eagle Accessories catalog for fitment information. Screamin’ Eagle Performance products are intended for the experienced rider only.

STOP HAND: Harley-Davidson® motorcycles modified with Screamin’ Eagle® Performance products must not be used on public roads and, in some cases, may be restricted to closed course competition. These performance parts are 49-state U.S. EPA compliant but are NOT compliant for sale or use in California pollution controlled motor vehicles. California guidelines on tampering can also lead to substantial fines and penalties. Screamin’ Eagle® Performance products are intended for the experienced rider only.

CALIFORNIA: These Screamin’ Eagle® products are street compliant for sale and use on pollution controlled vehicles in the state of California.

X-DYNOMETER (DYNO) PERFORMANCE TESTING: Declared performance values in this catalog represent SAE J-1349 transient peak power output. Dynometer settings, motorcycle condition, variation, climate and other factors can affect performance output, and results can vary from the performance values declared by Harley-Davidson.

Street legal and/or street compliant statements refer to products meeting 50-state emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to motorcycles outside of the United States. Not all products are available in all countries — please consult your dealer for details.

Not all products are available in all countries — please consult your dealer for details.

DYNAMOMETER (DYNO) PERFORMANCE TESTING: Declared performance values in this catalog represent SAE J-1349 transient peak power output. Dynometer settings, motorcycle condition, variation, climate and other factors can affect performance output, and results can vary from the performance values declared by Harley-Davidson.

* Dynometer settings, motorcycle condition, variation, climate and other factors can affect performance output, and results can vary from the performance values declared by Harley-Davidson.
**FIRST THINGS FIRST:**
You’ve built your dream pavement-pounding machine by selecting one of the Screamin’ Eagle® Stage upgrades.

**Next,** the motorcycle Engine Control Module (ECM) needs to be recalibrated. Screamin’ Eagle offers base calibrations specifically designed for the performance components on your bike.

**Tuning** adjusts the air-fuel ratio and other parameters based on your performance upgrades.

**The end result?** A properly tuned performance machine that gets the most out of your performance upgrades.

**START HERE**

**PRO STREET TUNER**
- Offers base calibrations for your chosen Screamin’ Eagle Stage upgrade
- Constantly monitors the engine operation in the Part-Throttle Cruising Range
- Enables manual adjustments to fine-tune parameters within part- and full-throttle ranges

**WANT MORE?**

**SMART TUNE PRO**
- Uses the Pro Street Tuner base calibrations as a starting point
- Constantly monitors the engine operation and riding conditions in the Complete Motorcycle Operating Range
- Automatically adjusts tuning parameters in real time within the Complete Motorcycle Operating Range

**THE HOW**

**THROTTLE POSITION (%)**

**THE WHAT**

**COMPLETE MOTORCYCLE OPERATING RANGE**

**MANUAL ADJUSTMENT FOR**
Maximum Performance + Optimal Efficiency for your bike

**AUTOMATIC ADJUSTMENT FOR**
Maximum Performance + Optimal Efficiency + Automatic Adjustment for your bike in all riding conditions and combinations of performance upgrades

**THE BENEFIT**

**TUNING FOR PERFORMANCE**
The Pro Street Tuner permits tunability to optimize performance and drivability. Requires separate purchase of model-specific Tuner Cable.

The guided Smart Tune process walks you through the process to find the right calibration that provides the best performance mix. Add additional Stage Upgrades later, and you simply upload the proper ECM calibration to match the model and hardware. Plus, you have free online access to the latest factory calibrations.

Ideal for real-world street performance applications, the Pro Street Tuner provides the adjustability to account for bike-to-bike variation and for changes to cams, heads, intake and exhaust while maintaining closed-loop fuel control for fuel economy in the part-throttle operating range. Unlike other aftermarket tuners, the Screamin’ Eagle Pro Street Tuner actually talks directly to your motorcycle’s ECM and reprograms the motorcycle’s operating system. It isn’t a piggyback system that tries to fool the ECM into adding more fuel or changing the ignition timing. The Pro Street Tuner plugs into the bike’s data port, so no splicing or under-seat hardware is required.

After you upload the proper ECM calibration, dial it in with the Smart Tune function. The guided Smart Tune process walks you through the process to find the right calibration for your build, set the tuner to a data collection mode and then allows you to incorporate the data after the ride with just a few clicks. The ECM calibration is then custom fit for your bike. The module will store up to 15 minutes of run-time data information that can be downloaded to your PC, allowing the rider or technician to view and evaluate the bike’s air/fuel ratio, O2 sensor readings, engine speed and temperature, RPM and vehicle speed, throttle position, spark advance and many more performance characteristics. The Vehicle Communications Module (VCI) will also record and display service codes for troubleshooting and diagnostics. The kit includes the VCI module and unlimited access to the latest software updates and calibrations available from Screamin’ Eagle. Tuner Cable kit sold separately.

The Pro Street Tuner software includes impressive features:

- A guided Smart Tune process to enable quick navigation through the software, whether you are new to tuning or an experienced user.
- Smart Tune Live—a dynamic and visual method to track and capture engine data simply by running the vehicle through a range of RPM and throttle positions. This feature reduces the time to modify existing VE (Volumetric Efficiency) table, which are then analyzed and tuned. Smart Tune Live works on models with factory-installed O2 sensors only.
- Adjustability to Spark Advance, Throttle Progressivity and Volumetric Efficiency to custom tune the performance combination.

The Pro Street Tuner permits tunability to optimize performance and drivability, without compromising fuel efficiency, emission levels, engine durability, or 50-State U.S. EPA compliance. And unlike other race tuners or engine controllers, the Screamin’ Eagle Pro Street Tuner does not impact your Harley-Davidson factory warranty coverage.

41000008C $299.95
For use with ‘17-later XL, ‘14-later XL and ‘07-‘17 Dyna®, and ‘07-later Softail® and Touring and ‘17-later Trike models. Requires separate purchase of model-specific Tuner Cable.

41000018 $34.95

Also available:
SCREAMIN’ EAGLE TUNER CABLE KIT
Cable kit provides all necessary connections between motorcycle, VCI and computer, and permits downloading calibrations with the Street Tuner and Super Tuner software. Kit includes two cables: computer USB to VCI box and VCI box to vehicle.
32184-08A $45.95
For use with ‘01-‘17 VRSC™, ‘01-‘13 EFI XL and XR, ‘01-‘11 EFI Dyna, ‘01-‘11 EFI Softail, ‘02-‘13 EFI Touring and ’09-’13 Trike models. Also for use with VRXSE Destroyer race bikes.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
A. SCREAMIN’ EAGLE® SMART TUNE PRO AUTOMATIC TUNING MODULE®

Smart Tune PRO works with the Screamin’ Eagle® Pro Street Tuner to automatically adjust your bike for the combination of performance components, climates and vehicle load conditions you are operating in. You just install the upgraded wide-band oxygen sensors in the exhaust headers, download the calibration that the Screamin’ Eagle engineers have developed as a starting point, then simply drive down the road and let Smart Tune PRO do the work. Ride from the flatlands of South Dakota to the mountains of Colorado without a compromise in performance.

Smart Tune PRO constantly monitors the operating parameters of your motorcycle, and automatically adjusts the bike’s Electronic Control Module (ECM) to maximize performance in your current riding conditions. Smart Tune PRO utilizes wide-band O₂ sensors that read oxygen levels in the exhaust stream to determine the optimum air/fuel ratio your bike needs at this very moment. Smart Tune PRO analyzes the data and automatically makes real-time tuning adjustments to the ECM. Unlike the standard narrow-band O₂ sensors that only provide feedback in the part-throttle cruising range, the wideband sensors can read and adjust tuning throughout the part-throttle cruising and full-throttle acceleration operating range.

Screamin’ Eagle Smart Tune Pro was developed by the Screamin’ Eagle engineering team in concert with the design of your Harley-Davidson® motorcycle. It is fully factory supported, and optimized to maximize performance while maintaining drivability and engine longevity. Smart Tune PRO is 50-State EPA compliant and does not impact the H-D® factory warranty. Kit includes the Smart Tune PRO module with plug-in wiring harness, two M18 wideband O₂ sensors and access to free software updates, future calibrations and free online training modules. Screamin’ Eagle Pro Street Tuner and model-specific installation hardware is (sold separately).

41000445
$399.95
Fits '17-later XL, '16-'17 Dyna® FXDL, '16-later Softail® FXS, '14-later Touring and '17-later Trike models. Installation requires exhaust modification to incorporate wide-band oxygen sensors. Some models require Oxygen Sensor Harness Extension. For model-specific installation requirements see Installation Instructions on H-D.com/shop. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. 50-State U.S. EPA Compliant. Pending approval in California on '19-later XL models.

Also available: (not shown)

**OXYGEN SENSOR HARNESS EXTENSION**
Plug-in extension cable is wired to allow installation of the Screamin’ Eagle Smart Tune PRO Automatic Tuning Module hardware on specific models. No splicing or soldering is required.
69201704
$29.95
Required for use of Screamin’ Eagle Smart Tune PRO Automatic Tuning Module hardware on '16-17 Dyna and Softail models.

B. M18 OXYGEN SENSOR INSTALLATION TOOL

This special tool is designed to make the necessary headpipe modifications for installation of the Screamin’ Eagle Smart Tune PRO Automatic Tuning Module’s wide-band oxygen sensors. Simply remove the headpipe and use the custom ground drill and tap to convert the oxygen sensor threads from M12 to M18. Unlike traditional sensor bungs; no welding is required.
14900105
$399.95
For use on '17-later Touring models for installation of M18 wide-band oxygen sensors.

C. M18 TO M12 O₂ SENSOR THREAD ADAPTERS

Threaded adaptors allow you to convert your M18 wideband O₂ sensor equipped motorcycle back to the Original Equipment M12 O₂ sensors. Set of 2.
65700025
$39.95
Fits '17-later Touring motorcycles that have been modified for wide-band oxygen sensor use.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
MILWAUKEE-EIGHT® POWERTRAIN

Screamin’ Eagle® Stage upgrades offer complete street-compliant performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, Stage upgrades include everything you need to enhance your bike’s performance. Start with the foundation, the Stage I upgrade, then choose from Stage II, III or IV depending on your performance goals, budget and riding style.

STAGE I

INTAKE + EXHAUST + TUNING

The easiest and most cost effective step to improve your motorcycle’s performance is to increase the airflow into and out of the engine. A high-flow air cleaner and system-matched slip-on mufflers provide horsepower and torque improvements you can feel throughout the RPM range, and serve as the core components for all performance upgrades. ECM calibration is required to tune the fuel flow and timing required to accommodate the improved airflow.

Stage I upgrade can be installed without engine disassembly. No special tools are required. Requires ECM tuning.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
STAGE II

STAGE I + CAM UPGRADE
Adding performance cams to a Stage I equipped bike is the next step to improved performance. Cam choices allow you to tailor the engine’s performance to your specific needs. A torque cam offers on-demand throttle response from low- to mid-RPM at cruising speed. A power cam targets high-RPM, wide-open throttle response that keeps pulling right up to the redline. ECM calibration tuning is required to accommodate the increased valve timing, and performance valve springs may be required for high-lift cams.

Stage II upgrade requires minor engine disassembly to replace the cam. Adjustable pushrods allow cam installation without removing the rocker box. Special tools and ECM tuning are required.

STAGE III

STAGE I + CAM, BIG BORE CYLINDERS & PISTONS
The next step on the performance journey is to build a bigger engine. An increase in engine displacement allows the engine to swallow more air and fuel. A higher compression piston squeezes the air/fuel into a more volatile mixture, and when combined, generates more power when ignited. A displacement and compression increase provides torque increases throughout the entire RPM range with a 15%-25% improvement in the mid-range power. ECM calibration tuning is required to adjust fuel flow and timing to accommodate the increased displacement.

Stage III bolt-on upgrade requires removal of the engine’s top end and opening the cam chest. Engine remains in the chassis and no machining is required. Special tools and ECM tuning are required.

STAGE IV

STAGE I + CAM, BIG BORE CYLINDERS, PISTONS, CYLINDER HEADS & THROTTLE BODY
To maximize the impact of the increased displacement gained with Stage III updates, the addition of free-flowing ported cylinder heads and a big bore throttle body top off the performance build. Designed to satisfy the high-RPM, throttle-twisting rider, the Stage IV update delivers 20%-30% increase in power that keeps pulling right up to the redline, without sacrificing mid-range torque. ECM calibration tuning is required to add more fuel, and a higher-lift cam may be required to deliver maximum power.

Stage IV bolt-on upgrade requires removal of the engine’s top-end and opening the cam chest. Engine remains in the chassis and no machining is required. Special tools and ECM tuning are required.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
Screamin’ Eagle® Stage upgrades offer complete street-compliant performance configurations. Whether you’re a Softail® or Touring rider, Screamin’ Eagle offers the full gamut of Stage upgrades for you to pick the best solution for you. Use the Rear Wheel Horsepower and Torque charts to identify a combination that would work best for your riding style and performance needs.

A. SCREAMIN’ EAGLE® HEAVY BREather EXTREME AIR CLEANER

We’ve taken the iconic Screamin’ Eagle® Heavy Breather Air Cleaner to the next level—an extreme performance level. Designed for maximum performance, this extra-large Screamin’ Eagle Heavy Breather Extreme Air Filter flows 42% more air than a traditional Heavy Breather filter. Air moves smoothly through the filter due to an interior bell-shape feature and then travels through a unique round to oval transitioned tube to improve leg clearance while providing unobstructed air to the throttle body. At speeds over 60 mph, the filter captures air from the front, forcing the air through a smaller area to create a RAM air effect, while the long intake tube enhances torque beyond other Ventilator and Round High-Flow Filters for enhanced acceleration. Designed to feed a large displacement engine enough clean air that can support output of over 150hp. The water-resistant filter is washable and rechargeable. The intake tube and back plate are dressed in rich, gloss black or mirror-like chrome and are made from cast aluminum. The back plate features a Screamin’ Eagle logo. Kit includes all required mounting hardware. Optional Rain Sock P/N 29400424 is available to protect the exposed element in inclement weather.

Fits ’18-later Softail®, ’17-later Touring and ’17-later Freewheeler® models. Does not fit models equipped with fairing lower glove boxes or fairing lower speakers. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. 50-State U.S. EPA compliant.

29400388 Chrome. $479.95
29400387 Gloss Black. $479.95
B. SCREAMIN’ EAGLE® HEAVY BREATHER PERFORMANCE AIR CLEANER – MILWAUKEE-EIGHT® ENGINE

Take a deep breath. Designed in concert with the Milwaukee-Eight® powertrain, the iconic Heavy Breather Air Cleaner features a forward-facing oiled cotton filter element that flows large volumes of clean air into the engine. The short, low-profile cast tube rams the charge directly into the throttle body with little turbulence for increased power and torque, and the intake tube mounts to a custom back plate that features integral breathers and covers the throttle body and electronics for a finished look. The slanted compact filter adds an aggressive performance look, and it is shaped to allow installation on Touring bikes equipped with fairing lowers. Available in your choice of chrome or gloss black finish, the kit includes filter, intake tube, custom back plate, water-repellent rain sock and all mounting hardware. 50-State U.S. EPA compliant.

Fits ‘18-later Softail®, and ‘17-later Touring and Trike models. Does not fit with Fairing Lower Speakers. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner for proper installation. ECE compliant on ‘17-later CVO™ Touring and 107CI Twin-Cooled™ models.

C. SCREAMIN’ EAGLE® HEAVY BREATHER BILLET ALUMINUM FILTER COVER

This two-piece billet cover adds dimension to your Milwaukee-Eight Heavy Breather. Manufactured from forged aluminum and precision machined to tightly wrap the element, this stylish cover exposes a majority of the filter to maximize airflow. The cover can be installed on Touring models equipped with fairing lowers, and can be used with the Original Equipment Heavy Breather Rain Sock. The cover features a deep machined Screamin’ Eagle logo, and is available in a rich, gloss black finish.

**14 MILWAUKEE-EIGHT®**

**Stage I Upgrade – Intake**

**A. SCREAMIN' EAGLE® VENTILATOR EXTREME AIR CLEANER**

Let it breathe! The open-face filter design of the Screamin' Eagle® Ventilator Extreme Air Cleaner Kit flows 39% more air than a traditional perimeter high-flow filter. When combined with an additional 1/2” of air filter thickness and the smooth radius die-cast back plate, this open filter can feed a large displacement engine with an unobstructed flow of clean air that can support output of over 150hp. Kit includes a die-cast back plate, and open-face, water-resistant, washable oiled-cotton filter element and all required installation gaskets and hardware. Optional Rain Sock P/N 29400412 is available to protect the exposed element in extreme weather. Choice of either Gloss Black (P/N 61300994) or Chrome (P/N 61300993) Cover Kit required to complete installation.

Fits '18-later Softail® and '17-later Touring and Trike models. Requires Ventilator Extreme Air Cleaner Cover Kit P/N 61300993 or 61300994 to complete installation. All models require ECM calibration with Screamin' Eagle Pro Street Tuner for proper installation. 50-State U.S. EPA compliant.

**B. SCREAMIN' EAGLE VENTILATOR EXTREME AIR CLEANER COVER**

The Ventilator Extreme Air Cleaner Cover trims the face of the Screamin’ Eagle Ventilator Extreme filter in style and features aggressive mounting lugs, polished stainless-steel custom ARP fasteners and an inset Screamin’ Eagle medallion. The cast aluminum, rich gloss black cover wraps the leading edge of the filter element, covering the rubber gasket without restricting airflow. This Air Cleaner Cover is required to complete installation of the Ventilator Extreme Air Cleaner Kit P/N 29400396 & 29400397.

Fits Screamin’ Eagle Ventilator Extreme Air Cleaner Kits P/Ns 29400396 and 29400397. Includes necessary ARP hardware. Also fits standard Ventilator Air Cleaner Kits P/N 29400298 and 29400299 with separate purchase of Extreme Ventilator Air Filter P/N 29400400.

**D. SCREAMIN' EAGLE VENTILATOR EXTREME K&N® AIR FILTER ELEMENT**

K&N® replacement air filters are engineered to improve airflow for increased horsepower and quicker acceleration. The Screamin’ Eagle Extreme Ventilator K&N® Air Filter Element is a replacement filter designed specifically for Screamin’ Eagle Extreme Ventilator Air Cleaners. This replacement filter provides excellent filtration and because they are washable and reusable, you can clean the filter whenever conditions demand.

Stage I Upgrade – Intake

E. SCREAMIN’ EAGLE® VENTILATOR AIR CLEANER KIT – MILWAUKEE-EIGHT® ENGINE
This low-profile oval air cleaner features an exposed filter element and a cast back plate designed to provide maximum airflow to the throttle body. This easy-to-install air cleaner produces significant performance gains, while the stylish cover is tapered for added leg clearance. This complete kit includes low-profile air cleaner cover, high-flow filter element, cast aluminum back plate, diamond-cut Screamin’ Eagle medallion and all required installation hardware. Protective Rain Sock is included. 50-State U.S. EPA compliant.

Fits ‘18-later Softail®, and ‘17-later Touring and Trike models. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner for proper installation. ECE compliant on ‘17-later CVO™ Touring models.

MILWAUKEE-EIGHT®

F. DEFIANCE COLLECTION VENTILATOR AIR CLEANER TRIM – MILWAUKEE-EIGHT ENGINE
This forged and machined Defiance Air Cleaner Trim kit adds a premium touch to the Milwaukee-Eight® Ventilator Air Cleaner. The billet-style band with deep longitudinal lines and H-D logo wraps the center section of the Ventilator Air Cleaner face plate for a contemporary look. The Defiance Air Cleaner Trim is available in your choice of chrome, machine cut anodized black or full black finishes. Kit includes trim band and mounting hardware. Protective Rain Sock P/N 29400177 or 29762-09 is available separately.

Fits ‘18-later Softail, and ‘17-later Touring and Trike models equipped with Ventilator Air Cleaner P/N 29400298 or 29400299. Also fits ‘18-later Softail models with 114CI engines and ‘17-later CVO touring models with Original Equipment Ventilator Air Cleaner with separate purchase of Air Filter P/N 29400293.

MILWAUKEE-EIGHT®

A. SCREAMIN' EAGLE® WEDGE HIGH-FLOW AIR CLEANER

Screamin' Eagle® High-Flow Air Cleaner Kits allow free breathing and unobstructed airflow to your Milwaukee-Eight® engine while maintaining a subtle Original Equipment look. These kits feature a die-cast back plate sized to provide an open-element function that permits airflow around the entire perimeter of the air cleaner and through the ram air opening at the front. Your engine gets more air, and you feel more power throughout the rev range. Kit includes the die-cast back plate, a high-flow oiled-cotton filter element, all required installation gaskets and hardware and a diamond-cut Screamin' Eagle medallion to finish the look. Kits are available with your choice of chrome or textured black back plate to match your customizing style. 50-State U.S. EPA compliant.

Fits '17-later Touring and Trike models. Not compatible with air cleaner cover on CVO™ Touring models. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. ECE compliant on '17-later CVO Touring models.

29400246A Chrome. $184.95
29400245A Black. $174.95

Also available:

SCREAMIN' EAGLE AIR CLEANER MEDALLION – MILWAUKEE-EIGHT®

Dress your factory air cleaner cover with a diamond-cut Screamin' Eagle medallion. Lock patch holds the medallion firmly in place and is easy to remove for access to the air cleaner hardware.

61300762 $19.95

Fits '17-later Touring and Trike models equipped with Original Equipment air cleaner cover. Does not fit CVO models.
B. SCREAMIN’ EAGLE® ROUND EXTREME-FLOW AIR CLEANER – CENTER BOLT
The open-face filter design of the Screamin’ Eagle® Extreme-Flow Air Cleaner Kit provides 60% more filtered surface area to flow 11% more air than a traditional perimeter high-flow filter. When combined with the smooth radius die-cast back plate, this open filter can feed a large displacement engine with an unobstructed flow of clean air. While sized to fit behind Original Equipment or accessory center-bolt air cleaner covers, the deep open-face filter provides maximum airflow and style when paired with a matching open-face air cleaner trim option. Kit includes the gloss-black finished die-cast back plate with laser-engraved Screamin’ Eagle logo, an open-face washable oiled-cotton filter element, and all required installation gaskets and hardware. Optional Rain Sock P/N 29400363 is available to protect the exposed element in inclement weather. 50-State U.S. EPA compliant.

92400357 Extreme Open-Face Filter. $204.95
Fits '18-later Softail® and '17-later Touring and Trike models. '17-later Touring and Trike models require separate purchase of accessory round air cleaner cover or trim. Not compatible with air cleaner cover on CVO™ Touring models. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

C. SCREAMIN’ EAGLE ROUND HIGH-FLOW AIR CLEANER – CENTER BOLT
The Screamin’ Eagle High-Flow Air Cleaner Kit provides increased airflow to boost the power of your Milwaukee-Eight® engine equipped model. The one-piece cast back plate is system-matched to the throttle body to deliver a smooth uninterrupted flow, and shaped to permit air to enter around the entire perimeter of the air cleaner housing. The back plate is topped with a washable perimeter-flow oiled-cotton filter element that captures debris while passing significantly more air than the stock filter. This High Flow Air Cleaner can be dressed with most round Original Equipment or accessory center-bolt air cleaner covers. Or choose to flaunt your performance gains with the open element look, and finish it off with custom Air Cleaner Trim from one of the Harley-Davidson® decorative collections. This kit includes air cleaner element, gloss black back plate with laser-engraved Screamin’ Eagle logo, breather and all required hardware. Optional Rain Sock P/N 29400363 is available to protect the exposed element in inclement weather. 50-State U.S. EPA compliant.

92400355 $189.95
Fits '18-later Softail® and '17-later Touring and Trike models. '17-later Touring and Trike models require separate purchase of accessory round air cleaner cover or trim. Not compatible with air cleaner cover on CVO Touring models. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

D. SCREAMIN’ EAGLE ROUND HIGH-FLOW AIR CLEANER – PERIMETER BOLT
Feed your engine more air while maintaining the fresh-from-the-factory look. Designed to accept the Original Equipment Softail perimeter-bolt air cleaner cover, this Screamin’ Eagle High-Flow Air Cleaner Kit allows free breathing and unobstructed airflow to your Milwaukee-Eight engine. The die-cast back plate is sized to permit airflow around the entire perimeter of the air cleaner. Your engine gets more air, and you feel more power throughout the rev range. The back plate features 5 threaded lugs that accept the perimeter-bolt air cleaner cover, and a chamfered throat that allows smooth flow into the throttle body. The kit includes the gloss-black finished die-cast back plate, a perimeter-flow washable oiled-cotton filter element, all required installation gaskets and hardware and a laser-engraved Screamin’ Eagle logo to finish the look. Optional Rain Sock P/N 29400363 is available to protect the exposed element in inclement weather. 50-State U.S. EPA compliant.

92400356 $189.95
Fits '18-later FLFB, FLFBS, FXBB, FXBR, FXBRS, FXDRS, FXFB and FXFBS models with Original Equipment perimeter-bolt air cleaner cover. Not recommended for use with center-bolt air cleaner covers or trim. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

18 MILWAUKEE-EIGHT®
Stage I Upgrade – Softail® Exhaust

A. SCREAMIN’ EAGLE® STREET CANNON
MUFFLERS – CHROME
Call attention to your ride without calling attention to your ride. Tuned to provide a deep bass exhaust note and great rumble throughout the RPM range, these 3.5" Street Cannon mufflers deliver the famous Harley sound while preserving the peace with your neighbors. You get a nice bark when you get on the throttle, and a deep mellow tone when cruising at constant speed. The tuned baffles work with the internal high-flow catalyst to strike the perfect balance required to deliver performance that you can feel in your gut. The large 3.5" diameter Street Cannons provide free flow of exhaust gases with just the right amount of back pressure for a smooth-running ride. Mufflers include matching chrome end caps with subtle engraved Screamin' Eagle logo. Looking to black out your ride? Optional satin black wrap-around muffler shields and end caps are available to complete the look.

64900636 Short – Domestic. $549.95
Fits '18-later FLDE, FLHC and FLHCS models. Includes chrome muffler end caps. Installation requires separate purchase of Muffler Clamps P/N 65900012 (Qty 2) and Exhaust Gaskets P/N 65900017 (Qty 2). All models require ECM calibration with Screamin' Eagle Pro Street Tuner (sold separately). 50-State U.S. EPA compliant.

64900638 Short – ECE Certified. $674.95
Designed for International markets that require ECE-certified mufflers. Fits '18-later FLDE, FLHC and FLHCS models. Includes chrome muffler end caps. Installation requires separate purchase of Muffler Clamps P/N 65900012 (Qty 2) and Exhaust Gaskets P/N 65900017 (Qty 2).

64900690 Long – Domestic. $549.95
Fits '18-later FLFB, FLFBS, FLSL, FXBB, FXBR, FXBRS, FXLR and FXLRS models. Includes chrome muffler end caps. Installation requires separate purchase of Muffler Clamps P/N 65900012 (Qty 2) and Exhaust Gaskets P/N 65900017 (Qty 2). All models require ECM calibration with Screamin' Eagle Pro Street Tuner (sold separately). 50-State U.S. EPA compliant.

64900691 Long – ECE Certified. $674.95
Designed for International markets that require ECE-certified mufflers. Fits '18-later FLFB, FLFBS, FLSL, FXBB, FXBR, FXBRS, FXLR and FXLRS models. Includes chrome muffler end caps. Installation requires separate purchase of Muffler Clamps P/N 65900012 (Qty 2) and Exhaust Gaskets P/N 65900017 (Qty 2).

B. MUFFLER END CAPS – 3.5" SATIN BLACK
These easy-to-install caps allow you to finish your Softail® 3.5" Screamin’ Eagle Street Cannon mufflers your way. Sold in pairs these Satin Black end caps feature a subtle engraved Screamin’ Eagle script for a clean look. Installation hardware included.

65100153 $109.95
Fits '18-later Softail models equipped with Screamin’ Eagle Street Cannon Mufflers P/N 64900636, 64900638, 64900690 or 64900691.

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.
C. SATIN BLACK MUFFLER SHIELDS

Complete the blacked-out look. These rich satin-black shields wrap the chrome Street Cannon mufflers and complete the conversion to a sinister look. Styled to hug the lines of the mufflers, the blunt-cut shields are sized to expose the muffler end cap for a custom touch. Easy-to-install kit includes front and rear shields and black mounting clamps.

- **Short Shields.**
  - P/N 65400457
  - Fits ’18-later FLDE, FLHC and FLHCS models equipped with Screamin’ Eagle® Street Cannon Mufflers P/N 64900636 or 64900638

20 MILWAUKEE-EIGHT®
Stage I Upgrade – Softail® Exhaust

A. SCREAMIN' EAGLE® STREET CANNON MUFFLERS – FAT BOB® MODELS
These 4.5" street compliant high-flow mufflers have been specifically tuned to deliver an aggressive exhaust note and improved performance. The straight-through perforated baffle reduces airflow restriction, and produces a rich exhaust note throughout the entire RPM range. You get a great performance, a powerful bass rumble and a throaty tone while on the throttle, while maintaining a mellow note while cruising. Available in your choice of Brushed Satin Chrome or heat-resistant Satin Black ceramic finish. Matching or contrasting end caps (sold separately) complete the custom look.

Fits ’18-later FXFB and FXFBS models. Installation requires separate purchase of Muffler End Caps P/N 65100122 or 65100123 and clamps P/N 65900012 (QTY 2). All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner (sold separately). 50-State U.S. EPA compliant.

24 MILWAUKEE-EIGHT®
Stage I Upgrade – Touring Exhaust

A. SCREAMIN’ EAGLE® STREET CANNON PERFORMANCE SLIP-ON MUFFLERS – 4.5"
Dialed in to enhance the performance of the Milwaukee-Eight® engine, these slip-on mufflers feature a large inlet for improved airflow. When teamed with a free-flowing air cleaner, these Street Cannon mufflers deliver horsepower and torque gains you can feel. The large 4.5” diameter mufflers are tuned to provide a rich exhaust note, a deep bass rumble and great throaty sound when you roll on the throttle. But to strike a balance with your neighbors, the large internal volume and strategically designed baffles help maintain the peace at partial throttle. The large-diameter body adds a muscular look to your ride, and the newly designed mounts keep the mufflers tucked in close to the bags for a clean profile. These Street Cannon mufflers feature a die-cast Screamin’ Eagle medallion on their flanks, and can be fitted with a wide variety of styled muffler end caps to provide the perfect finishing touch.

Fits ’17-later Touring models. Does not fit Trike models. Installation requires separate purchase of Muffler Clamps P/N 65900012 and 65900015. Requires separate purchase of end caps. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner for proper installation. 50-State U.S. EPA compliant.

64900552A Chrome. $449.95
64900553A Satin Black. $499.95

Fits ’17-later Touring models. Does not fit Trike models. Designed for International markets that require ECE-certified mufflers. Includes matching Two-Piece Muffler end caps. Installation requires separate purchase of Muffler Clamps P/N 65900012 and 65900015.

64900555A Chrome – ECE Certified. $599.95
64900554A Satin Black – ECE Certified. $699.95

B. SATIN BLACK EXHAUST SHIELD KIT
These formed steel exhaust shields feature a unique black coating that complements the finish of the Screamin’ Eagle black slip-on mufflers. The rich black coating maintains its uniform black finish and has survived stringent Harley-Davidson testing for durability and corrosion resistance. Manufactured to Original Equipment standards for exacting fit, the easy-to-install kit includes front and rear head pipe shields.

65400285 Fits ’17-later Touring and Trike models. $249.95

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

C. TWO-PIECE MUFFLER END CAP KIT – 4.5”
- Shaped to provide a complete finishing touch to the rear of your bike, these slash-cut end caps feature a reverse cone rolled edge for a massive solid billet look. The reverse cone opening hugs the internal slotted flash suppressor-inspired barrel for a weapons-grade style.
- Fits ’17-later Touring models equipped with 4.5” Screamin’ Eagle® Street Cannon mufflers. Does not fit CVO™ Touring mufflers.
- 65100078 Chrome. $149.95
- 65100076 Satin Black. $149.95

D. DEFIANCE COLLECTION MUFFLER END CAP KIT – 4.5”
- Show your complete disregard for the rules. Anything but traditional, these forged aluminum muffler end caps add a new rebellious look to your bike. The deep longitudinal lines add visual length to the bike’s profile, and the big, beefy look is the perfect complement to the Street Cannon 4.5” mufflers. Available in your choice of chrome, machine cut anodized black or full black finishes, this kit includes two end caps and all required mounting hardware.
- Fits ’17-later Touring models equipped with 4.5” Screamin’ Eagle Street Cannon mufflers. Does not fit CVO Touring mufflers.
- 65100095 Chrome. $184.95
- 65100096 Gloss Black Anodized. $184.95
- 65100097 Gloss Black with Machined Highlights. $199.95

E. BLUNT SLASH UP/DOWN/OUT MUFFLER END CAP KIT – 4.5”
- These easy-to-install slash-cut end caps allow you to finish your 4.5” Screamin’ Eagle Street Cannon mufflers your way. Sold in pairs. Installation hardware included.
- Fits ’17-later Touring models equipped with 4.5” Screamin’ Eagle Street Cannon mufflers. Does not fit CVO Touring mufflers.
- 65100085 Chrome. $109.95
- 65100084 Satin Black. $109.95

Stage I Upgrade – Touring Exhaust

A. SCREAMIN’ EAGLE® STREET CANNON PERFORMANCE SLIP-ON MUFFLERS

Cue the orchestra. We tuned these mufflers to provide an exhaust note with some extra deep bass. You get the rumble you want and enhance that famous Harley sound, while preserving the peace with your neighbors. The tuned baffles work with the large internal volume to strike the perfect balance required to deliver performance that you can feel in your gut. The large 4.0” diameter Street Cannons provide free flow of exhaust gases with just the right amount of back pressure for a smooth-running ride. The die-cast Screamin’ Eagle medallion adds a rich touch to your bike’s profile and a large selection of end cap designs are available (sold separately) to provide the perfect finishing touch. 50-State U.S. EPA compliant.

Fits ’09-’16 Touring and ‘09-later Trike models (except CVO™ models and ’10 FLHX and FLTRX models). Installation requires separate purchase of 4” end caps and Muffler Clamps P/N 65296-95A (Qty 2). All EFI models require ECM calibration for proper installation. ’17-later models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately).

64900186B Chrome. $424.95
64900187B Jet Black. $474.95

B. MUFFLER END CAPS – 4”

These End Cap Kits allow you to personalize your Screamin’ Eagle Street Performance Touring Mufflers. Available in your choice of styles, these easy-to-install caps are dressed with the same finish as the mufflers and exhaust shields for a consistent look front to back. Sold in pairs, the kit includes all required mounting hardware.

Fits ‘09-’16 Touring and ‘09-later Trike models equipped with Screamin’ Eagle Street Cannon Touring 4” End Cap Mufflers. Does not fit 4” CVO™ Touring mufflers.

65100062 Short Slash. $89.95
65100016 Revolver. $99.95
65100015 Piston. $99.95
65100019 Slash Up/Down/Out. $99.95
65100018 Billet Tapered Slash. $149.95
65100017 Fishtail. $149.95
65100028 Satin Black Anodized. $149.95
80611-09 Blunt Revolver. $129.95

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
THE BASICS

- Choose a [TORQUE CAM](#) or [POWER CAM](#) based on riding style
- A performance cam increases both the lift in the valve train (pushing the valve open farther) and the duration of the valve opening (how long the valve stays open)

When installed by an authorized Harley-Davidson® Dealer within 60 days of the vehicle purchase, compliant kits do not impact the vehicle’s limited warranty.

THE PERFORMANCE

TORQUE KIT

- The rider will feel up to a 15% increase in performance in the low to mid RPM range
- Experience crisp throttle response and acceleration that can be felt at slower speeds, perfect for passing slow-moving vehicles without downshifting

POWER KIT

- The rider will feel up to a 25% increase in performance in the mid to upper RPM range
- Experience an adrenaline-pumping burst of speed while heading toward the red line

---

A. SCREAMIN’ EAGLE® MILWAUKEE-EIGHT® STAGE II – TORQUE KIT (CHROME COVERS SHOWN)

This kit was developed for the budget-minded rider who wants to experience crisp throttle response and acceleration he or she can feel at slower speeds. The 5% increase in torque can be felt immediately off the line and continues to build by up to a 14% increase @ 4500 RPM – the ideal power band for passing slow-moving vehicles.

**SE8-447 Cam**

- Delivers enhanced torque and horsepower in the low to mid RPM range
- Produces passing power without a downshift or high revs
- Minimally invasive, only requiring opening of the cam chest
- Retains Original Equipment Factory Warranty

Fit’s ’18-later Softail® and ’17-later Touring and Trike models. Not intended for use on ’18-later CVO™ Touring models. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. For ’17-’18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). Installation may require Cam Spacer Kit P/N 25928-06. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner for proper installation. See Dealer for details.

92500047 Chrome Covers. $399.95
92500074 Gloss Black Covers. $429.95

B. SCREAMIN’ EAGLE MILWAUKEE-EIGHT STAGE II – POWER KIT (GLOSS BLACK COVERS SHOWN)

This kit was developed for the budget-minded rider who wants to experience that adrenaline-pumping burst of speed while heading toward the red line. The additional power starts to build @ 3000 RPM and continues to build by up to 24% at redline. Riding the bike aggressively will require downshifting to lower gears to keep the engine operating in the higher RPM range.

**SE8-462 Cam**

- Ideal for riders looking for excitement and willing to ride in the upper RPM range
- Produces greater acceleration in the mid and upper RPM range
- Minimally invasive, only requiring opening of the cam chest
- Retains Original Equipment Factory Warranty

Fit’s ’18-later Softail and ’17-later Touring models. Does not fit Trike models. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. For ’17-’18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). Installation may require Cam Spacer Kit P/N 25928-06. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner for proper installation. See Dealer for details.

92500058 Chrome Covers. $399.95
92500075 Gloss Black Covers. $429.95

The theoretical based on rocker arm ratio of 1.65. Valve train components, operation temperature and tolerance stack-up will affect actual lifts.

C. SCREAMIN’ EAGLE PERFORMANCE CAM SPECS

Stage II Upgrade – Cams

**Screamin’ Eagle® SE8-447 Cam – Power**
- High-lift profile for complete filling of cylinders
- Exhilarating acceleration at high engine speeds.
- Ideal for lighter bike with bigger displacement
- Increased horsepower in the mid RPM range
- Hard acceleration off the line
- Requires Performance Valve Springs P/N 18100080

$199.95

**Screamin’ Eagle® SE8-498 Cam – Torque**
- Enhanced torque in the low to mid RPM band
- Ideal for a fully loaded bike
- Increased horsepower in the mid RPM range
- Crisp throttle response and acceleration at lower speeds
- Can be used with stock valve springs

$199.95

**Screamin’ Eagle SE8-462 Cam – Power**
- Improved power in mid and upper RPM band
- Ideal for a fully loaded bike
- Thrilling acceleration and crisp throttle response
- Ideal for rider who likes to downshift and twist the throttle
- Responds well to aggressive throttle application
- Can be used with stock valve springs

$199.95

**Screamin’ Eagle SE8-515 Cam – Torque**
- Thrilling acceleration and crisp throttle response
- Ideal for a fully loaded bike
- Improved power in mid and upper RPM band
- Hard acceleration off the line
- Requires Performance Valve Springs P/N 18100080

$199.95

**Street Cannon Mufflers**
- Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
- The street legal and/or street compliant statements may not apply to markets outside of the United States.
- Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.

* FLHX 107 Stage II “POWER” with Ventilator A/C & Street Cannon Mufflers
* FLHX 107 Stage II “TORQUE” with Heavy Breather A/C & Street Cannon Mufflers

**FLHXSE 114 Stage II “POWER” with Ventilator A/C & Street Cannon Mufflers
** FLHXSE 114 Stage II “TORQUE” with Heavy Breather A/C & Street Cannon Mufflers
THE BASICS

• An increase in engine displacement allows the engine to swallow more air and fuel, a higher-compression piston squeezes the air and fuel into a more volatile mixture and when combined, generates more power when ignited.
• Displacement increases are accomplished with larger cylinders, matching pistons and the proper cam upgrade.

A. SCREAMIN’ EAGLE® MILWAUKEE-EIGHT® ENGINE STAGE III KIT

This kit was developed for the rider looking for a solid seat of the pants increase you can feel – every time you roll on the throttle. The increase in displacement and the bump in compression deliver a significant increase in torque and power over stock while restoring the sensation of riding solo when taking that long trip with a passenger and luggage. The Stage III 107 to 114 upgrade delivers up to 39% more power, and the 114 to 117 upgrade increases power by up to 24% when compared to the Original Equipment engine configurations. The increased compression and cam upgrade will also deliver 17% improvement over a stock CVO117 configuration.

• Delivers increased throttle response throughout the entire RPM range.
• Produces flexible roll-on passing power without a required downshift.
• Delivers excellent stop-light to freeway speed on-ramp acceleration.
• Retains Original Equipment Factory Warranty.
• 50-State U.S. EPA Compliant.

Kits include the following Screamin’ Eagle® components:
- Screamin’ Eagle 4.075” Bolt-On Cylinders
- Forged 11:1 High Compression Aluminum Coated Pistons
- High performance Piston Rings
- SE8-498 Cam
- Screamin’ Eagle Performance Valve Springs
- Screamin’ Eagle High Performance Tappets
- Multi-layer coated Head Gaskets
- Cylinder Base and Cam Cover Gaskets
- Screamin’ Eagle Cam Bearing Upgrade
- Most necessary gaskets and seals

Stage III – 107CI to 114CI
Fits ’18-later Softail® and ’17-later Touring models equipped with 107CI Milwaukee-Eight® engine. Does not fit Trike models. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. For ’17-18 Touring models, installation may require Cam Spacer Kit P/N 25928-06. Installation may require Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

92500056 Black Highlighted. $1,699.95
92500070 Black Non-Highlighted. $1,699.95

Stage III – 114CI to 117CI or 117CI to 117CI
Fits ’17-later CVO™ Touring models equipped with 114CI or 117CI Milwaukee-Eight engine. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Installation may require Cam Spacer Kit P/N 25928-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

92500057 Black Granite. $1,699.95

Stage III – 114CI to 117CI or 117CI to 117CI
Fits ’17-later CVO™ Touring models equipped with 114CI or 117CI Milwaukee-Eight engine. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

92500057 Black Granite. $1,699.95

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
THE PERFORMANCE

• The rider will feel exceptional acceleration, delivering significant gains and up to a 40% increase in the higher RPM range.

When installed by an authorized Harley-Davidson® Dealer within 60 days of the vehicle purchase, compliant kits do not impact the vehicle’s limited warranty.

THE BASICS

• Highest-level performance upgrade available to provide a maximum increase in displacement, compression and flow.
• Higher-flowing CNC ported cylinder heads and larger bore throttle body increase the velocity and feed large volumes of air and fuel into the engine, which maximizes power on a larger displacement engine.
• Combines ported cylinder heads and larger throttle body in combination with cylinders, matching pistons and proper cam.

B. SCREAMIN’ EAGLE® MILWAUKEE-EIGHT® ENGINE STAGE IV KIT

This Stage IV Kit was developed to deliver maximum horsepower from the Milwaukee-Eight® engine—all the way to the redline. The system-matched combination of larger displacement cylinders, free-flowing CNC ported cylinder heads and a cam with the highest available valve lift are the starting point to building the perfect engine for the performance junkie. The addition of the large 64mm bore throttle body and high-flow injectors provides great acceleration from first gear through sixth and exceptional response at the twist of the throttle. Designed for a high level of flexibility, this package is ideal for riders who want stump-pulling torque throughout the RPM range and also crave plenty of arm-pulling acceleration when you whack the throttle. The Stage IV 107 to 114 upgrade delivers up to 52% more power, and the 114 to 117 upgrade increases power by up to 40% when compared to the Original Equipment engine configurations.

• Delivers increased response throughout the entire RPM range.
• Provides thrilling acceleration when twisting the throttle.
• Maintains flat torque curve from cruising RPM to redline.
• Can be installed without removing the engine from the chassis.
• Retains Original Equipment Factory Warranty.

Kits includes:
- Screamin’ Eagle® CNC Ported Cylinder Heads with Performance Valve Springs
- Screamin’ Eagle 64mm Throttle Body
- Screamin’ Eagle High Flow Injectors (5.5g/s)
- Screamin’ Eagle 4.075” Bolt-On Cylinders
- Forged 11.1 High Compression Aluminum Coated Pistons
- High Performance Piston Rings
- SE8-515 Cam
- Screamin’ Eagle Cam Bearing Upgrade
- Screamin’ Eagle High Performance Tappets
- Multi-layer Coated Head Gaskets
- Most necessary gaskets and seals

Stage IV – 107CI to 114CI – Air/Oil-Cooled
92500062 $2,699.95
Fits ’18-later Softail® and ’17-later Touring models equipped with air/Oil-Cooled 107CI Milwaukee-Eight engine. Does not fit Trike models. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Installation may require Cam Spacer Kit P/N 25928-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

Stage IV – 114CI to 117CI – Air/Oil-Cooled
92500088 Black Highlighted. $2,699.95
Fits ’18-later CVO™ FLHXSE and FLTRXSE models equipped with air/Oil-Cooled 117CI Milwaukee-Eight engine. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Installation may require Cam Spacer Kit P/N 25928-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

Stage IV – 107CI to 114CI – Twin-Cooled™
92500060 Black Highlighted. $2,699.95
Fits ’17-18 Touring models equipped with Twin-Cooled 107CI Milwaukee-Eight engine. Does not fit Trike models. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Installation may require Cam Spacer Kit P/N 25928-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

Stage IV – 114CI to 117CI or 117CI to 117CI – Twin-Cooled
92500064 CVO Black Granite. $2,699.95
Fits ’17-later CVO Touring models equipped with 114CI or 117CI Twin-Cooled Milwaukee-Eight engine. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Installation may require Cam Spacer Kit P/N 25928-06. For ’17-18 Touring models, installation of Oil Pump Cover P/N 62400206 is recommended (sold separately). All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation.

A. SCREAMIN' EAGLE® STAGE INSERTS
Showcase your bike’s performance enhancements with the Screamin’ Eagle® Stage Inserts. The Stage Inserts are made to complement the Screamin’ Eagle Timer Cover Base (sold separately).

Fits ‘18-later Softail® and ‘17-later Touring and Trike models equipped with Screamin’ Eagle Timer Cover Base P/N 25600117.

1. 25600118 107 Stage I. $14.95
2. 25600119 107 Stage II. $14.95
3. 25600132 114 Stage I. $14.95
4. 25600120 114 Stage II. $14.95
5. 25600121 114 Stage III. $14.95
6. 25600122 114 Stage IV. $14.95
7. 25600123 117 Stage II. $14.95
8. 25600124 117 Stage III. $14.95
9. 25600125 117 Stage IV. $14.95

Shown with:

10. SCREAMIN’ EAGLE TIMER COVER BASE
Showcase your bike’s performance enhancements with the Screamin’ Eagle Timer Cover Base. Start with this black Timer Cover and then select a Screamin’ Eagle Stage Upgrade Insert that matches your engine size and Stage upgrades. (Inserts sold separately.)

25600117 $29.95

Fits ‘18-later Softail and ‘17-later Touring and Trike models. Requires separate purchase of Screamin’ Eagle Stage Insert.

B. SCREAMIN’ EAGLE® MILWAUKEE-EIGHT® ENGINE CNC PORTED CYLINDER HEADS

Designed in conjunction with the system-matched components of the Screamin’ Eagle® Milwaukee-Eight® Stage IV Performance Kit, these CNC-Ported Cylinder Heads have been meticulously machined to optimize air/fuel flow and velocity. Starting with a unique Screamin’ Eagle cylinder head casting, the Screamin’ Eagle team has dedicated countless hours of computer simulation and flow bench testing to maximize the flow through the intake and exhaust ports. The ports are meticulously machined on our five-axis CNC machine to increase the velocity of the intake charge and to maximize exhaust scavenging. When combined with a larger bore throttle body, these CNC Cylinder Heads provide improved efficiency of cylinder filling, leading to more explosive power and increased rear wheel torque when compared to stock.

The CNC Ported Heads are factory equipped with high-performance valve springs that remain stable with high-lift cams and in high RPM operation.

Replacement cylinder heads for Twin-Cooled™ ‘17-later Touring and CVO™ models equipped with Screamin’ Eagle Milwaukee-Eight 114 or 117CI Stage IV Kits. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. See Dealer for details.

16500379 Twin-Cooled – Black Highlighted. $1,399.95
16500527 Twin-Cooled – Black Granite Highlighted. $1,399.95

Replacement cylinder heads for Air/Oil-Cooled ’18-later Softail® and ’17-later Touring and Trike models equipped with Screamin’ Eagle Milwaukee-Eight 114 or 117CI Stage IV Kits. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. See Dealer for details.

16500512 Air/Oil-Cooled – Black Highlighted. $1,399.95
16500538 Air/Oil-Cooled – Black Granite Highlighted. $1,399.95

C. SCREAMIN’ EAGLE PREMIUM TAPERED QUICK-INSTALL ADJUSTABLE PUSHRODS

These premium pushrods are tapered for enhanced clearance at the cylinder head, allowing the use of higher-lift cams. The one-piece chrome moly tube adds rigidity and durability and the threaded adjustment feature provides easy cam installation without removing the cylinder heads or rocker boxes. To simplify adjustment, the tube features six flats, with one flat marked with a large dot for tracking the adjustment. The threaded rod features 4 flats to reduce wrench swing. Each pushrod features the Screamin’ Eagle logo and is marked for Intake or Exhaust. These features enhance the overall installation experience by reducing labor to install. Kit includes 4 pushrods and required pushrod tube covers.

17900073 With Black Covers. $249.95
17900058 With Chrome Covers. $199.95

D. SCREAMIN’ EAGLE PERFORMANCE VALVE SPRING KIT

These performance beehive-shaped valve springs provide increased stiffness and strength in a compact design. Designed to support the installation of higher lift cams, these performance springs help maintain the stability of the valve train in high RPM conditions. When compressed, these valves have a higher rate of stiffness to keep the valves from bouncing off the valve seat or “floating” (not closing completely) during aggressive throttle application. Complete kit includes 8 springs, upper collars and keepers and lower collars with integral valve seals. Recommended for use with cam lifts greater than .470”.

18100080 Fits ’18-later Softail and ’17-later Touring and Trike models. $269.95

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.
A. SCREAMIN' EAGLE® 4.075” BIG BORE BOLT-ON CYLINDERS — MILWAUKEE-EIGHT® POWERTRAIN

Now, you can increase the displacement of your Milwaukee-Eight® engine without removing the engine from the chassis. The Screamin' Eagle team has engineered a 4.075” Big Bore Cylinder that increase the internal bore but slips into the existing case bore without modification. When combined with the appropriate piston and flywheel combination in the Screamin' Eagle® Stage III or IV kits, these cylinders can increase the displacement of your Milwaukee-Eight engine from 107 to 114CI or 114 to 117CI. The kit includes front and rear cylinders and cylinder head and cylinder base gaskets.

Replacement cylinders for '18-later Softail® and '17-later Milwaukee-Eight models equipped with Screamin' Eagle 114 or 117CI Stage III and IV kits.

B. SCREAMIN' EAGLE HIGH-CAPACITY TAPPETS

This latest version of the Screamin' Eagle High-Capacity Tappet incorporates a special heat treatment on the bearing needles and axle. In addition to the already proven, 25% larger, high-capacity needle bearings, this new heat treat technology increases material hardness and compressive strength, ultimately enabling the tappet to withstand the grueling engine speeds and high valve lift found in many performance engine configurations. The newest technology is identified with a laser-etched “SE” on the axle of the tappet (shown in product image). Set of 4.

18572-13 $249.95

Fits '18-later Milwaukee-Eight-equipped models, '99-'17 Twin Cam-equipped models and ‘00-later XL and XR models.

C. STROKER FLYWHEEL AND ROD ASSEMBLY — 4-1/2”

Original Equipment on '17-later CVO™ Touring and '18 Softail 114CI models. Installation requires removal of engine from the chassis and disassembly of the engine cases.

24100045A $849.95

Replacement Flywheel and Rod Assembly for '18-later Softail 114CI models, '17-later CVO Touring, and '19-later Touring 114CI models.

D. SCREAMIN' EAGLE FORGED HIGH COMPRESSION PISTON KIT

Developed to work in concert with the Screamin' Eagle Milwaukee-Eight Stage III and IV kits, these pistons increase the engine’s compression ratio to 11.0:1, and deliver impressive gains in torque and horsepower when coupled with those kits. Forged from high-strength aluminum, the pistons are precision-machined, and feature coated skirts for a tight tolerance fit and quieter operation. The pistons are equipped with a 1mm, 1mm, 2mm ring pack that features a steel top ring with a friction-fighting coating and a napier second ring. Complete kit includes 2 pistons, rings, wrist pins and clips.

21900084 4.075” Bore x 4-3/8” Stroke – 107 to 114CI Conversion. $379.95

Replacement pistons for '18-later Softail, '19-later Touring and '17-later CVO Touring models equipped with Screamin' Eagle Milwaukee-Eight Stage III and IV 107 to 114CI kit.

21900087 4.075” Bore x 4-1/2” Stroke – 114 to 117CI Conversion. $379.95

Replacement pistons for '18-later Softail and '17-later CVO Touring models equipped with Screamin' Eagle Milwaukee-Eight Stage III and IV 114 to 117CI kit.

E. SCREAMIN' EAGLE HIGH-PERFORMANCE INNER CAM BEARING

High-performance Inner Cam Bearings are a smart upgrade when installing high-lift cams in a race bike. These bearings provide increased load capacity and extend the engine life in extreme racing conditions. Kit includes single bearing required for one Milwaukee-Eight engine.

9298A $11.95

Fits '17-later Touring and Trike models.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
F. SCREAMIN’ EAGLE HIGH-FLOW 64MM THROTTLE BODY – MILWAUKEE-EIGHT ENGINE
Standard equipment in Milwaukee-Eight® engine Stage IV Kits, this high-flow 64mm Throttle Body will pass significantly more air and fuel mixture into your engine. Can be used with Original Equipment or High-Flow Injectors. Designed to be used with 64mm intake manifold P/Ns 27300145 or 27300185.

27300147 $279.95
Replacement throttle for ‘18-later Softail® and ‘17-later Touring models equipped with Screamin’ Eagle® Milwaukee-Eight Stage IV kits. Compatible with all Screamin’ Eagle Milwaukee-Eight High-Flow Air cleaners.

Shown with:
SCREAMIN’ EAGLE MILWAUKEE-EIGHT 64MM CAST INTAKE MANIFOLD
27300145 $134.95
Replacement intake manifold for ‘18-later Softail and ‘17-later Touring models equipped with Screamin’ Eagle Milwaukee-Eight Stage IV kits. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. Pending regulatory approval for use in California. See H-D.com/parts for status.

G. SCREAMIN’ EAGLE MILWAUKEE-EIGHT EXTREME-FLOW INTAKE MANIFOLD – 64MM
Optimize performance from your Stage IV equipped Milwaukee-Eight powertrain by bolting on this Extreme-Flow 64mm Intake Manifold. The cast aluminum body and ported intake runners provide smooth, undisturbed air intake you need for maximum power output. Updated calibrations make installation and tuning easy, delivering a 2% to 4% HP increase you’ll notice every time you twist the throttle.

27300185 $229.95
Fits ‘18-later Softail and ‘17-later Touring models equipped with Screamin’ Eagle Milwaukee-Eight Stage IV kits. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. Pending regulatory approval for use in California. See H-D.com/parts for status.

H. SCREAMIN’ EAGLE EXTREME-FLOW 55MM INTAKE MANIFOLD
This Screamin’ Eagle 55mm Extreme-Flow Intake Manifold features enhanced, 55mm, air-guzzling geometry and hand-polished intake runners to provide uninhibited airflow to the engine resulting in a 2%-4% increase in horsepower that you will notice. The cast-aluminum construction of this intake manifold withstands sustained high-engine temperatures for reliability even under the harshest riding conditions. This Manifold fits the stock throttle body and all Screamin’ Eagle Intake Kits and works well with all current Screamin’ Eagle Pro Street Tuner calibrations.

27300167 $189.95

I. SCREAMIN’ EAGLE HIGH-FLOW INJECTOR KIT – MILWAUKEE-EIGHT ENGINE (5.5 G/SEC)*
Standard equipment in Milwaukee-Eight Stage IV Kits, these high-flow injectors provide fuel delivery at the rate of 5.5 grams/second, 24% more than the Original Equipment injectors. Designed to match the increased air velocity and fuel delivery demands of the Milwaukee-Eight engine equipped with big bore cylinders, ported heads and larger throttle body.

27400040 $149.95
Replacement fuel injectors for ‘18-later Softail ‘17-later Touring models equipped with Screamin’ Eagle Milwaukee-Eight Stage IV kits. All models require ECM calibration with Screamin’ Eagle Pro Street Tuner for proper installation. See Dealer for details.

*NOTICE: Installation of this kit requires recalibration for proper function. Failure to do so may cause a lean fuel condition, which may result in engine damage.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
TWIN CAM POWERTRAIN

Screamin’ Eagle Stage upgrades offer complete street-compliant performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, Stage upgrades include everything you need to enhance your bike’s performance.

STAGE I

INTAKE + EXHAUST + TUNING

The easiest and most cost-effective step to improve your motorcycle’s performance is to increase the airflow into and out of the engine. A high-flow air cleaner and system-matched slip-on mufflers provide horsepower and torque improvements you can feel throughout the RPM range, and serve as the core components for all performance upgrades. ECM calibration is required to tune the fuel flow and timing required to accommodate the improved airflow.

Stage I upgrade can be installed without engine disassembly. No special tools are required. Requires ECM tuning.

Twin Cam 103 HO Stock vs. 103 HO Stage I

STAGE II

STAGE I + CAM UPGRADE
Adding performance cams to a Stage I equipped bike is the next step to improved performance. Cam choices allow you to tailor the engine’s performance to your specific needs. A “torque” cam offers on-demand throttle response from low to mid RPM at cruising speed. A “power” cam targets high-RPM, wide-open throttle response that keeps pulling right up to redline. ECM calibration tuning is required to accommodate the increased valve timing, and performance valve springs may be required for high-lift cams.

Stage II upgrade requires minor engine disassembly to replace the cam. Adjustable pushrods allow cam installation without removing the rocker box. Special tools and ECM tuning are required.

STAGE III

STAGE I + CAMS + BIG BORE CYLINDERS & PISTONS
The next step on the performance journey is to build a “bigger” engine. An increase in engine displacement allows the engine to swallow more air and fuel, a higher-compression piston squeezes the air/fuel into a more volatile mixture, and when combined, generates more power when ignited. A displacement and compression increase provides torque increases throughout the entire RPM range with a 15-25% improvement in the mid-range power. ECM calibration tuning is required to adjust fuel flow and timing to accommodate the increased displacement.

Stage III bolt-on upgrade requires removal of the engine’s top end and opening the cam chest. Engine remains in the chassis and no machining is required. Special tools and ECM tuning are required.

STAGE IV

STAGE I + CAMS, BIG BORE CYLINDERS & PISTONS, CYLINDER HEADS & THROTTLE BODY
To maximize the impact of the increased displacement gained with Stage III updates, the addition of free-flowing ported cylinder heads and a big bore throttle body top off the performance build. Designed to satisfy the high-RPM, throttle-twisting rider, the Stage IV update delivers 20-30% increase in power that keeps pulling right up to the redline, without sacrificing mid-range torque. ECM calibration tuning is required to add more fuel, and a higher-lift cam may be required to deliver maximum power.

Stage IV bolt-on upgrade requires removal of the engine’s top end and opening the cam chest. Engine remains in the chassis and no machining is required. Special tools and ECM tuning are required.

A. SCREAMIN’ EAGLE® HEAVY BREATHER ELITE PERFORMANCE AIR CLEANER KIT

Really open it up. This Heavy Breather Elite Air Cleaner features a forward-facing filter element that flows huge volumes of clean air. The low-profile cast elbow and the oval cross-section element combine to hug the engine to provide increased leg room. The intake tube mounts to a custom back plate that features integral breathers and covers the throttle body and electronics for a finished look. Available in your choice of chrome or gloss black finish, the Heavy Breather Elite kit features a washable and re-chargeable filter and features bright chrome end caps and trim with Screamin’ Eagle script. Kit includes filter, intake tube, custom back plate, water-repellent rain sock and all mounting hardware. 50-State U.S. EPA compliant.

Fits ‘16–’17 FXDLS and Softail®, ’11–’17 CVO™ Softail and ’14–’16 Touring and Freewheeler® models. Does not fit models equipped with Twin-Cooled™ engine, fairing lower glove boxes or fairing lower speakers. Also fits ’16–’17 FXDLS and Softail, ’14–’17 CVO Softail and ’14–’16 Touring models equipped with Screamin’ Eagle® 58mm Throttle Body. All EFI models require ECM calibration for proper installation. ’17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

29400173 Chrome. $399.95
29400285 Full Gloss Black. $399.95

NOTE: The washable and rechargeable filter uses a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. The original red color can be restored with an application of K&N® Air Filter Oil.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
B. SCREAMIN’ EAGLE® HEAVY BREATHER PERFORMANCE AIR CLEANER KIT – CHROME

This high-flow forward-facing exposed element Air Cleaner Kit is sure to turn heads at the starting line. Featuring a polished elbow and exposed filter, this unique air cleaner system offers improved performance and airflow when compared to the stock or Screamin’ Eagle® High-Flow Air Cleaner. The washable and rechargeable filter features a bright chrome end cap with a laser-engraved Screamin’ Eagle logo. Intake tube and back plate are made from die-cast lightweight aluminum and are polished and chrome-plated or painted black for a brilliant finish. The back plate features integral breathers and sealed breather bolt plug. Kit includes a water-repellent rain sock and all mounting hardware. 50-State U.S. EPA compliant.

Fits ’16–’17 Softail®, ’11–’17 CVO™ Softail, ’08–’16 Touring and ’15–’16 Freewheeler® models. Also fits ’16–’17 FXDLS and Softail, ’14–’17 CVO Softail and ’14–’16 Touring models equipped with Screamin’ Eagle 58mm Throttle Body. Does not fit models equipped with fairing lower glove boxes or fairing lower speakers. Does not fit Twin-Cooled™ models. All models require ECM calibration for proper installation. ’17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

NOTE: Also fits with 58mm Throttle Body P/N 27713-08 and 27639-07B For race application only. Installation with Throttle Body 27639-07B requires purchase of (2) Screw P/N 29465-08.

29253-08C Chrome. $329.95
29006-09C Gloss Black. $329.95

Fits ’08–’16 Touring and ’15–’16 Freewheeler models equipped with Fairing Lower Glove Boxes (except Twin-Cooled models or models equipped with fairing lower speakers). Also fits ’16–’17 FXDLS and Softail, ’14–’17 CVO Softail and ’14–’16 Touring models equipped with Screamin’ Eagle 58mm Throttle Body.

All models require ECM calibration for proper installation. ’17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

NOTE: Also fits with 58mm Throttle Body P/N 27713-08 and 27639-07B For race application only. Installation with Throttle Body 27639-07B requires purchase of (2) Screw P/N 29465-08.

28716-10A Compact Design – Chrome. $329.95

Fits ’08–’17 Dyna® (except ’16–’17 FXDLS) and ’08–’15 Softail models (except ’14–’15 FLSTNSE, ’11–’12 FLSTSE and ’13–’14 FXSBSE). All models require ECM calibration for proper installation. ’17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

NOTE: Also fits ’99–’07 Dyna, ’00–’07 Softail and ’99–’07 Touring models (except ’99–’01 EFI Touring) and models equipped with 50mm Throttle Body P/N 27623-05 For race application only.

29299-08A Chrome. $329.95
29098-09A Gloss Black. $329.95

Fits ’16–’17 Softail and ’08–’17 Touring models equipped with 64mm EFI Throttle Body P/N 27300033. Does not fit models equipped with fairing lower glove boxes, fairing lower speakers or Twin-Cooled models. For race application only.

29000065A Chrome. $349.95

Fits ’06–’17 Dyna, ’06–’15 Softail models (except ’11-later CVO Softail) and ’06–’07 Touring models equipped with 62mm EFI Throttle Body P/N 27300019A. Does not fit models equipped with fairing lower glove boxes or fairing lower speakers. For race application only.

29400105A Chrome. $349.95

NOTE: The washable and rechargeable filter uses a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. The original red color can be restored with an application of K&N® Air Filter Oil.

A. SCREAMIN' EAGLE® EXTREME BILLET VENTILATOR AIR CLEANER KIT

The proven, track-inspired exposed element Ventilator Air Cleaner with a unique look. This low-profile oval air cleaner features a 360° exposed filter element for maximum airflow and a stylish machined billet aluminum cover for style. Available in your choice of chrome or cut back gloss black finish, the two-piece billet cover surrounds the filter and features a full color Screamin' Eagle medallion. The cast back plate ensures smooth airflow to the throttle body and the included rain sock protects the filter and engine from drawing in moisture during inclement weather. This easy-to-install kit includes billet air cleaner cover, high-flow filter element, back plate, protective rain sock and all required installation hardware. 50-State U.S. EPA compliant.

Fits '16-'17 FXDLS and Softail® and '09-'16 Touring and Trike models. Also fits '11-'17 CVO™ Softail models. All models require ECM calibration for proper installation. ‘17 models require recalibration with Screamin' Eagle® Pro Street Tuner (sold separately).

29400163 Chrome. $449.95
29400164 Cut Back Gloss Black. $449.95

Fits '16-'17 FXDLS and Softail, '14-'17 CVO Softail and '14-'16 Touring and Trike models equipped with Screamin' Eagle 58mm Throttle Body. All models require ECM calibration for proper installation. ‘17 models require recalibration with Screamin' Eagle Pro Street Tuner (sold separately).

**44 TWIN CAM**

Stage I Upgrade – Intake

**A. SCREAMIN’ EAGLE® HIGH-FLOW AIR CLEANER – TWIN CAM**

The High-Flow Air Cleaner Kit provides increased airflow to boost the power of your fuel-injected model. Kit features a one-piece cast back plate with integral breather and mounting brackets for simplified installation and a synthetic washable air cleaner element that does not require oiling. Available with a brilliant chrome or black back plate, this round air cleaner element can be dressed with most Original Equipment or accessory air cleaner covers. Or choose to flaunt your performance gains with the open element look, and finish it off with a Rain Sock Kit P/N 28728-10 and custom Air Cleaner Trim from one of the Harley-Davidson® decorative collections. This kit includes air cleaner, back plate, breather and all required hardware. 50-State U.S. EPA compliant.

Fits ’16-later Softail® and ‘14–’16 Touring and Trike models (except CVO™ Touring) with Original Equipment 50mm Throttle Body. All models require ECM calibration for proper installation. ’17 models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately).

B. SCREAMIN’ EAGLE® AIR CLEANER TRIM

Dress your air cleaner in the traditional H-D orange and black. Easy-to-install trim features Screamin’ Eagle script set against a gloss black background.

61300299 $19.95
Fits ’16-’17 Softail® (except FLSTFBS and FXSE) and ’14-’16 Touring and Trike models with Original Equipment air cleaner cover. Does not fit CVO™ models.

29503-07 $14.95
Fits ’07 Dyna®, ’07-’15 Softail (except FLSTSB and FXS), ’07-’13 Touring and Trike models models with Original Equipment air cleaner cover.

C. SCREAMIN’ EAGLE AIR CLEANER RAIN SOCK

Add the open-element look to your Screamin’ Eagle® High-Flow style Air Cleaner. This easy-to-install kit allows you to replace the traditional Original Equipment air cleaner cover with custom inserts from one of the H-D® Decorative Collections. Kit includes a breathable mesh cover with classic Bar & Shield logo that stretches over the filter to maximize airflow while protecting the exposed element from the rain. Fits traditional cone-shaped air cleaner elements featured in many Screamin’ Eagle Twin Cam Stage Kits.

28728-10 $25.95
Fits Screamin’ Eagle Round High-Flow Air Cleaner Kits.

D. SCREAMIN’ EAGLE AIR CLEANER BACK PLATE KITS

Finished in brilliant chrome or wrinkle black, these replacement back plates complement the finish of your engine. Cast back plate design features integral breather and mounting brackets for simplified installation.

Fits models equipped with Screamin’ Eagle High-Flow Air Cleaner Kits. Installation may require separate purchase of (2) O-Ring P/N 11292, (2) Breather Tube P/N 29557-05 and (2) Breather Screw P/N 29465-99. See your Dealer for details.

Fits ’99-’07 Dyna, ’99-’15 Softail (except ’11-later CVO) and ’02-’07 Touring models.

29510-05 Chrome. $59.95
29586-06 Wrinkle Black. $49.95
Fits ’08-’13 Touring and Trike models.

29624-08 Chrome. $59.95
29319-08 Wrinkle Black. $49.95
Fits ’08-’17 Dyna models (except ’16-’17 FXDLS) with Original Equipment Teardrop Air Cleaner Cover.

29170-08 Chrome. $59.95
29119-08 Wrinkle Black. $49.95
Fits ’08-’17 Dyna models (except ’16-’17 FXDLS) with Original Equipment Teardrop Air Cleaner Cover.

46 TWIN CAM
Stage I Upgrade – Dyna® Exhaust

A. SCREAMIN’ EAGLE® STREET PERFORMANCE SLIP-ON MUFFLERS – DYNA® SHORTY DUAL
Factory engineers tuned these pipes to satisfy the most discriminating Harley enthusiast. Mufflers feature high-flowing internals to maximize performance and a rich, deep exhaust note that lets everyone know you’re around. With the aggressive sound quality and performance comparable to Screamin’ Eagle® II race-use mufflers, it’s hard to believe they are street compliant. Available in your choice of rich chrome or heat-resistant jet black ceramic finish. Jet black mufflers include matching muffler shield with a deep embossed Screamin’ Eagle logo along the flank. Chrome mufflers allow for the reuse of stock muffler shields or the separate purchase of Chrome “Screamin’ Eagle” Script Muffler Shields. 50-State U.S. EPA compliant.

Fits ‘07-'17 FXDB, ‘07-'10 FXD, ‘07-'13 FXDL and ‘07-'08 FXDWG models with Shorty Dual exhaust. Installation requires separate purchase of Muffler Clamps P/N 65296-95A (Qty 2). All models require ECM calibration for proper installation. ‘17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

80678-08 Chrome. $474.95
80794-10A Jet Black w/Muffler Shields. $524.95

B. SCREAMIN’ EAGLE STREET PERFORMANCE MUFFLERS – DYNA STAGGERED DUAL
Make your statement before they see you coming. The throaty Screamin’ Eagle Street Performance sound sets the tone and the bold styling drives the note home. One-of-a-kind ballistic inlet shape flows back past the embossed Screamin’ Eagle logo to the unique “Blunt Revolver” end treatment. Available in your choice of brilliant chrome or tough jet black ceramic finish, the mufflers feature complementing end caps with cut-out chambers that expose the finish below for a bold contrast. Complete the look with Jet Black Exhaust Shields (sold separately). 50-State U.S. EPA compliant.

Fits ’08-'17 FXDF and ‘10-'17 FXDWG models. Installation requires separate purchase of Muffler Clamps P/N 65296-95A (Qty 2). All models require ECM calibration for proper installation. ‘17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

80674-08A Chrome w/Black End Caps. $399.95
80601-09A Jet Black w/Chrome End Caps. $424.95

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

TWIN CAM
Stage I Upgrade – Dyna® Exhaust

C. SCREAMIN’ EAGLE® NIGHTSTICK 2-INTO-1 SLIP-ON MUFFLERS – DYNA®
Tuned by the factory for the ultimate combination of improved performance, rich tone and legal sound levels, these 50-State street compliant slip-on mufflers are the perfect match for your Dyna® Switchback™ or Low Rider® model. The high-flow design of the external diffusion discs produces plenty of low-end “guts” to get your bike away from the light and a fat torque curve that gets you quickly around slow-moving traffic. The flared opening, multiple stainless steel diffusion discs and domed end cap deliver an aggressive raspy sound. Available in mirror chrome and jet black finish, these long and lean pipes feature an embossed Screamin’ Eagle® logo. Easy to install. 50-State U.S. EPA compliant.

Fits ’12-'16 FLD models. All models require ECM calibration for proper installation.

C. SCREAMIN’ EAGLE NIGHTSTICK 2-INTO-1 SLIP-ON MUFFLERS – FLD MODELS
(Shown with Jet Black Exhaust Shield Kit)

D. JET BLACK EXHAUST SHIELD KIT – DYNA SHORTY DUAL
Extend the custom look along the bike’s entire profile. These formed steel exhaust shields are available in a unique jet black ceramic finish that complements jet black Screamin’ Eagle Street Performance Slip-On Mufflers. This exhaust shield kit has survived stringent Harley-Davidson testing for durability and corrosion resistance. Manufactured to Original Equipment standards for exact fit, the easy-to-install kit includes front and rear head pipe shields.

Fits ’08-'17 FXDF and ’10-'17 FXDWG models with forward controls.

E. JET BLACK EXHAUST SHIELD KIT – DYNA STAGGERED DUAL
Add a custom touch to your ride. These formed steel exhaust shields are available in a tough jet black ceramic that looks just right when paired with jet black Screamin’ Eagle Street Performance Slip-On Mufflers. The jet black coating adds a sinister look to your bike’s profile. The slotted “Tommy gun” cutouts expose the head pipe for a raw, rebellious attitude. Manufactured to Original Equipment standards for exact fit, this easy-to-install kit includes front and rear head pipe shields.

Fits ’08-'17 FXDF and ’10-'17 FXDWG models with forward controls.

**A. SCREAMIN’ EAGLE® STREET CANNON PERFORMANCE SLIP-ON MUFFLERS – 4.0”**

Cue the orchestra. We tuned these mufflers to provide an exhaust note with some extra deep bass. You get the rumble you want and enhance that famous Harley sound, while preserving the peace with your neighbors. The tuned baffles work with the large internal volume to strike the perfect balance required to deliver performance that you can feel in your gut. The large 4.0” diameter Street Cannons provide free flow of exhaust gases with just the right amount of back pressure for a smooth-running ride. The die-cast Screamin’ Eagle medallion adds a rich touch to your bike’s profile and a large selection of end cap designs are available (sold separately) to provide the perfect finishing touch. 50-State U.S. EPA compliant.

Fits ‘09–’16 Touring and ’09-later Trike models (except CVO™ models and ’10 FLHX and FLTRX models). Installation requires separate purchase of 4" end caps and Muffler Clamps P/N 65296-95A (Qty 2). All models require ECM calibration for proper installation. ’17-later models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately).

- **64900186B** Chrome. $424.95
- **64900187B** Jet Black. $474.95

52 TWIN CAM
Stage I Upgrade – Touring & Trike Exhaust

A. SCREAMIN' EAGLE® FATSHOTZ
SLIP-ON MUFFLERS
Provide a performance and style boost to your 2-into-2 exhaust-equipped Touring motorcycle. Designed for easy installation on the Original Equipment header pipes and muffler hangers, these mirror chrome flared mufflers are tuned to maximize airflow while keeping the rich exhaust note within the legal limits. 50-State U.S. EPA compliant.

80847-10 $449.95
Fits '10-‘16 Touring and ’09-‘16 Trike models (except CVO™ and ’10 FLHX and FLTRX models). Installation requires separate purchase of Muffler Clamps P/N 65296-95A (Qty. 2).

B. MUFFLER BRACKET COVER KIT
Stamped-steel cover conceals the Original Equipment exhaust brackets. Contoured for a custom fit, these easy-to-install covers add a distinctive finishing touch. Available in mirror-chrome or black finish to match your customizing style (sold in pairs).

Fits ’97-‘13 Touring models. Fits Screamin’ Eagle Street Performance Touring 4” Mufflers (except P/N 64900093 and 64900091). Does not fit with Fishtail 4.0” Muffler End Cap P/N 65100017. Does not fit with Screamin’ Eagle 3.5” Mufflers.

80716-08 Chrome. $59.95
80812-10 Black. $59.95

A. LASER EXHAUST SHIELD KIT
Show-winning style. This kit replaces the factory exhaust shields with a unique and attention-getting design. The shields feature laser-cut openings that are filled with tightly woven mesh that delivers a modern high-performance look. Available in chrome or jet black ceramic, the finish is a perfect match for Original Equipment or Screamin’ Eagle® mufflers. The easy-to-install kits include front and rear header shield and collector shield.

Fits ’09-'16 Touring and Trike models (except ’10 FLHX and FLTRX).

65400064 Chrome with Chrome Screens. $299.95
65400117 Jet Black with Stainless Steel Screens. $349.95

B. JET BLACK EXHAUST SHIELD KIT – TOURING
Available for 2-into-1 and 2-into-2 exhaust systems, these formed steel exhaust shields feature a unique jet black ceramic coating that complements the jet black Screamin’ Eagle Street Cannon Slip-On Mufflers. The jet black coating maintains its uniform black finish and has survived stringent Harley-Davidson testing for durability and corrosion resistance. Manufactured to Original Equipment standards for exacting fit, the easy-to-install kit includes front and rear header shields.

64981-09 $249.95
Fits ’09-'16 Touring and Trike models (except ’10 FLHX and FLTRX).

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
TWIN CAM STAGE II UPGRADE

Camshafts are a fundamental ingredient in the performance recipe, because they control the timing and duration of all major engine events. They are the primary means by which you can tune your engine’s horsepower and torque output. Every cam has unique lift and overlap performance characteristics, which means you need to select cams based on exactly the kind of power you’re looking for.

SCREAMIN EAGLE® TWIN CAM PERFORMANCE CAMS

Kits include front and rear cams. Spined rear cam is included for exceptional load handling capability. Gaskets and bearings not included. Cam Installation Kit P/N 17045-99C (sold separately) includes all required gaskets, bearings and seals for proper installation. Dealer installation is recommended and special tools are required for proper installation.

SE-255 CAM KIT

The ultimate in torque cams, this cam offers substantial increase in low end torque for engines up to 110 cubic inches with compression ratios up to 10 to 1. The low end torque increases are great for heavy bikes or for the person who routinely shifts below 4500 RPM and wants the power available to pass without downshifting. The cam still makes peak power above 5000 RPM so people with lighter bikes will enjoy the torque increases without feeling like the bike runs out of air at higher engine speeds. 50-State U.S. EPA compliant.

25638-07 $349.95

For use on ‘09-‘13 Dyna®, Softail®, and ‘09-‘13 Touring and Trike models with 103CI and 110CI engines. All EFI models require ECM calibration for proper installation. Labor cost not included. See Dealer for details.

SE-259E CAM KIT

Developed specifically for big displacement Twin Cam engines, this cam has a modern lobe design that allows for higher valve lifts for a given duration. A high-lift version of the SE-211 camshaft, this cam works great with 103-cubic-inch and larger engines with free-flowing intake and exhaust. It can be used with stock heads (updated with race springs) and high-compression pistons for even more torque than a SE-211 cam or can be coupled with any of the performance heads to realize the full power potential. 50-State U.S. EPA compliant.

25482-10 $349.95

For use on ‘11-‘15 103CI and 110CI Touring and Trike models. Installation requires separate purchase of Performance Valve Spring Kit P/N 18013-03A. All EFI models require ECM calibration for proper installation. Labor cost not included. See Dealer for details.

SE-585 CAM KIT

This cam is a great match for riders of heavy Touring bikes looking for big torque at the low end. Just a quick downshift to fourth gear results in an effortless pass of that slow-moving tractor-trailer ahead of you. This cam provides an early hit of torque at the low end of the RPM spectrum. A unique combination of lift, cam lobe duration and an enhanced cam profile ramp provides a performance boost you can feel. The cam’s QRD (Quiet Ramp Design) delivers high torque throughout the RPM range while reducing valve train noise. 50-State U.S. EPA compliant.

25400117 $349.95

For use on ‘14-‘16 Touring models with the use of a 58mm Throttle Body. Also fits ‘14-‘16 CVO™ Touring models with or without the use of a 58mm Throttle Body. Does not fit Trike models. Installation requires separate purchase of Performance Valve Spring Kit P/N 18013-03A. All EFI models require ECM calibration for proper installation. Labor cost not included. See Dealer for details.

NOTE: Separate purchase of Cam Drive Retention Kit P/N 25566-06 and Cam Spacer Kit P/N 29928-06 may be required. These kits contain five different spacers to achieve proper sprocket alignment. Individual spacers can be purchased separately.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN’ EAGLE® TWIN CAM CONVERSION KIT WITH CAMS – 88CI TO 95CI

When stock cams just won’t do. This Big Bore Kit provides the parts you need to increase the horsepower of your EFI-equipped model. The kit increases the displacement of your ‘99–’06 Twin Cam 88® from 88 cubic inches (1450cc) to 95 cubic inches (1550cc).

Kit includes:
- Big Bore Cylinders
- Big Bore Flat Top Pistons and Rings
- SE-203 Cams
- Top End Gasket Kit
- Heavy Duty Clutch Spring

Requires separate purchase of primary cover gasket and Air Cleaner Trim Ring. (Not all components shown.) All EFI-equipped models require ECM calibration* (priced separately). For race application only.

Fits ’04–’05 EFI Dyna®, ’01–’06 EFI Softail® and ’02–’06 EFI Touring models.

**SCREAMIN’ EAGLE® TWIN CAM CONVERSION KIT WITH CAMS – 96CI TO 103CI**

The Stage II Big Bore Kit provides the parts you need to increase the horsepower of your EFI-equipped model. The kit increases the displacement of your Twin Cam-equipped model from 96 cubic inches (1584cc) to 103 cubic inches (1690cc). 50-State U.S. EPA compliant. California kits are street compliant on California pollution controlled vehicles when used with Original Equipment mufflers.

Kit includes:
- Big Bore Cylinders
- Big Bore Flat Top Pistons and Rings
- SE-255 Cams
- High-Flow Air Cleaner Kit with One-Piece Back Plate
- Top End Gasket Kit
- Heavy Duty Clutch Spring

**27543-08** Black Highlighted. $949.95
Fits ’10-’11 Softail® models equipped with a Twin Cam 96™ engine. Also fits ’08-’09 California Softail models. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

**27557-08** Black Highlighted. $949.95
Fits ’10-’11 Touring models equipped with Twin Cam 96 engine. Also fits ’08-’09 California Touring models. ’10 FLHX and FLTRX models require separate purchase of 2-into-2 Head Pipe and mufflers. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

**27564-09A** Black Highlighted. $949.95
Fits 49-State ’09 Touring models. Kit includes catalyst head pipe. Does not fit Trike models. Not street compliant in California. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

**NOTICE:** Installation of automatic or manual compression releases on large displacement engines is highly recommended.

**NOTICE:** Installation of a California performance kit onto a 49-State model motorcycle or a 49-State performance kit onto a California model motorcycle will void manufacturer’s warranty, as it will not result in a street compliant configuration.

SCREAMIN’ EAGLE® TWIN CAM STAGE III KIT – 96CI TO 103CI
This 103 bolt-on kit is designed to provide increased performance enhancements at an attractive price range that will work with your Original Equipment heads. For race application only.

Kit includes:
- 3-7/8” Big Bore Cylinders
- Forged 10.5:1 Compression Piston Kit
- SST Piston Rings
- SE-299E Performance Cam Kit
- Perfect Fit Pushrods
- Heavy Duty Clutch Spring
- Top End Gasket Kit

27513-08D Black Highlighted. $1,249.95
Fits ’07-’14 models equipped with a Twin Cam 96™ engine.

NOTE: Installation of automatic or manual compression releases on large displacement engines is highly recommended.

SCREAMIN’ EAGLE® TWIN CAM HIGH-COMPRESSION KIT WITH CAMS – 103CI AIR COOLED

Give your bike the kick it needs. This Stage III “in-a-box” kit includes the system-matched components you need to build a performance Twin Cam engine with the torque and horsepower characteristics you crave. Designed for use with stock cylinder heads, this kit produces big torque gains at lower RPM. This performance engine has the potential to produce 88 HP and 100 lb-ft of torque with the stock cylinder heads.

Kit includes:
- Forged 10.5:1 High Compression Pistons and Rings
- SE-585 Cams
- High Performance Valve Springs
- Perfect-Fit Pushrods
- Top End Gasket Kit
- Heavy Duty Clutch Spring

92500028 $969.95
Fits ’14-’16 Touring models. Does not fit Trike or models with Twin-Cooled™ engines. Requires separate purchase of outer Primary Cover Gasket. Installation requires separate purchase of Cam Drive Retention Kit P/N 25566-06. May require Cam Spacer Kit P/N 25928-06. All models require ECM calibration for proper installation. Labor cost not included. See Dealer for details. 50-State U.S. EPA compliant.

92500023A $969.95
Fits ’10-’17 Dyna® (except FXDLS), Softail® (except FLSS and FLSTFBS), and ’10-’13 Touring and Trike models with Original Equipment Twin Cam 103 engine. Does not fit Twin-Cooled models. For race application only.

NOTICE: Installation of automatic or manual compression releases on large displacement engines is highly recommended.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN’ EAGLE® TWIN CAM HIGH-COMPRESSION KIT WITH CAMS –
103CI TWIN-COOLED™

This kit was engineered specifically for the 103-cubic-inch HO (High Output) Twin-Cooled™ engine. Designed to maximize performance with Original Equipment heads, this “in-a-box” kit features everything you need to race tune your Twin-Cooled engine.

Kit includes:
- Forged 10.75:1 High Compression Pistons and Rings
- SE-259 Cams
- High Performance Valve Springs
- Perfect-Fit Pushrods
- Top End Gasket Kit
- Heavy Duty Clutch Spring

When teamed with a high-flow exhaust system, this Stage III configuration can be tuned to deliver 100+ horsepower and 100+ lb-ft of torque at the rear wheel. **For race application only.**

92500021A $969.95
Fits ‘14-‘16 FLHTCU, FLHTCUL, FLHTK, FLHTKL, FLTRU and FLHTCUTG models with Original Equipment Twin Cam 103™ Twin-Cooled engines.

**NOTICE:** Installation of automatic or manual compression releases on large displacement engines is highly recommended.
SCREAMIN’ EAGLE® TWIN CAM STAGE III KIT – 103CI TO 110CI

Build a fast, reliable 110-cubic-inch Twin Cam hauler without having to remove the motor from the chassis. This Stage III Street Performance Kit combines system-matched Screamin’ Eagle® big bore cylinders, high compression pistons and performance cams and valve train components with the Original Equipment cylinder heads for a cost-effective boost in torque and performance. The exclusive bolt-on 4.0” cylinders are engineered with high strength slim-wall spigots that slip into the factory crank case without any additional machining. The 4” flat top pistons team with the stock cylinder heads to produce a performance-enhancing 10.2:1 compression ratio (10.4:1 on Twin-Cooled™ models), and the high-lift SE-585 cam produces a boost in torque throughout the RPM range. 50-State U.S. EPA compliant.

Kit includes:
- Screamin’ Eagle 4.0” Bolt-On Cylinders
- Forged 10.2:1 Compression Pistons and Rings
- SE-585 Cams
- High Performance Valve Springs
- Perfect-Fit Pushrods
- Screamin’ Eagle High-Capacity Roller Tappets
- Top End and Cam Cover Gaskets
- Heavy Duty Clutch Spring

92500035 Black Highlighted. $1,849.95

Fits ‘16-’17 Softail® and ‘14-’16 Touring models. Does not fit Trike models, FLSS, FLSTFBS, CVO™ 110 models or models with engine cases that have been machined to accept large-bore cylinders. Requires separate purchase of Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. Twin-Cooled models require separate purchase of model-specific head gaskets. All models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

TWIN CAM 63
Stage III Upgrade

When installed by an authorized Harley-Davidson® Dealer within 60 days of the vehicle purchase, compliant kits do not impact the vehicle’s limited warranty.

Twin Cam 103HO Stock vs. 103 to 110CI Stage III with SE CVO™ Mufflers

Street legal and/or street compliant statements refer to products meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN’ EAGLE® TWIN CAM HIGH COMPRESSION KIT WITH CAMS – 110 TO 110CI

This kit was engineered and tested to upgrade the CVO™ 110 powertrain for use on the race track. Designed to maximize performance with the stock cylinder heads.

Kit includes:
- Forged 10.5:1 Compression Piston Kit
- SE-259E Performance Cam Kit
- Perfect Fit Pushrods
- Heavy Duty Clutch Spring
- Top End Gasket Kit

Installation provides significant improvements in performance over the street compliant 110CI CVO vehicle configuration. When equipped with high-flow air intake and high-flow exhaust, the combination has the potential to produce up to 105 HP and 110 lb-ft of torque with the stock cylinder heads.

For race application only.

27548-10C $999.95

Fits ‘16–‘17 FXDLS, FLSS, FLSTFBS and ‘07–‘17 CVO Dyna®, Softail® and Touring models with Original Equipment Twin Cam 110™ engines. Twin-Cooled™ CVO models require separate purchase of head gasket. NOTE: Diaphragm clutch spring is not applicable on CVO models equipped with A&S Clutch package.

NOTE: Installation of automatic or manual compression releases on large displacement engines is highly recommended.

Twin Cam 110 Stock vs. 110CI High Compression Kit with Race-Use Exhaust

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

SCREAMIN’ EAGLE® TWIN CAM STAGE IV KIT – 96CI TO 103CI

If you’re looking to turn your 96CI Twin Cam into a track-ready 103, this kit eliminates the guess work.

Kit includes:
- 3-7/8" Big Bore Cylinders
- CNC Ported Factory Cylinder Heads with Performance Valve Springs
- Forged 10.5:1 Compression Piston Kit
- SST Piston Rings
- SE-259E Performance Cam Kit
- Perfect Fit Pushrods
- 58mm Throttle Body
- Intake Manifold
- High-Flow Injector Kit (4.9 g/s)
- Heavy Duty Clutch Spring
- Top End Gasket Kit

The kit also includes high-performance clutch spring and sprocket retention hardware to put the power to the ground. Kit includes top end gaskets. Installation requires separate purchase of Cam Service Kit P/N 17045-99D and Drive Gear Retention Kit P/N 25566-06. For race application only.

27516-08F Black Highlighted. $2,399.95
Fits ’07-’14 Dyna® and Softail® and ’07 Touring models with Original Equipment Twin Cam 96™ engine. Not compatible with cruise control.

27517-08E Black Highlighted (not shown). $2,399.95
Fits ’08-’11 Touring models with Original Equipment Twin Cam 96 engine.

NOTE: Installation of automatic or manual compression releases on large displacement engines is highly recommended.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN’ EAGLE® TWIN CAM STAGE IV KIT – 103CI TO 103CI

This Street Performance kit provides the maximum horsepower output for a legal 103 kit that will maintain the factory warranty. The Air-Cooled Street Performance Kit produces 96 hp and 105 lbs-ft of torque. The Twin-Cooled™ engine version is rated at 93 hp and 100 lbs-ft of torque. 50-State U.S. EPA compliant.

Kit includes:
- Forged 10.5:1 High Compression Pistons and Rings
- Screamin’ Eagle® 58mm Throttle Body
- Screamin’ Eagle CNC Ported Cylinder Heads
- SE-259E Cams.
- Perfect-Fit Pushrods
- Top End Gasket Kit
- Heavy Duty Clutch Spring

92500011 Black Highlighted. $1,995.95
Fits 16-17 Softail® (except FLSS, FLSTFBS and FXSE) and 10-16 Touring models (except 14-16 models with Twin-Cooled™ engines) equipped with a Twin Cam 103™ engine.
Fits 49-State 10-11 Touring models equipped with a Twin Cam 96™ engine with separate purchase of Screamin’ Eagle 3-7/8” Big Bore Cylinder Kit. 10 FLHX and FLTRX requires dual exhaust. Does not fit Trike models. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

92500019 Black Highlighted. $1,995.95
Fits 14-16 FLHTCU, FLHTCUL, FLHTK and FLHTKL models with Twin-Cooled engines. Does not fit Trike models.
Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

SCREAMIN' EAGLE® TWIN CAM CONVERSION KIT – 103CI TO 110CI

Bring your Twin Cam motorcycle up to the same 110-cubic-inch displacement and power output as the CVO™ Screamin' Eagle® models without expensive machining or removing the engine from the chassis. This street compliant kit combines the proven SE-255 cams and cylinder heads of the CVO model with exclusive Screamin' Eagle bolt-on 4.0” cylinders and system-matched pistons to deliver high torque and reliable everyday performance. The automatic compression release-equipped cylinder heads and the flat top forged pistons combine to develop a 9.3:1 compression ratio for easy starting, and the Screamin' Eagle lifters ensure quiet reliable valve train operation. 50-State U.S. EPA compliant.

Kit includes:
- Screamin' Eagle 4.0” Bolt-On Cylinders
- Forged 9.3:1 Compression Pistons and Rings
- CVO 110 Cylinder Heads
- SE-255 Cams
- High-Capacity Roller Tappets
- Top End and Cam Cover Gaskets
- Heavy Duty Clutch Spring
- Cam Spacer Kit P/N 25928-06 is recommended

92500031 Black Highlighted. $2,299.95
Fits ’10-’16 Touring models (except ‘14-’16 models with Twin-Cooled™ engines). Does not fit Trike models, CVO 110 models, or models with engine cases that have been machined to accept large bore cylinders. Requires separate purchase of Screamin' Eagle high-flow air cleaner. ’10 FLHX and FLTRX models require separate purchase of 2-into-2 Head Pipe Kit and Mufflers. ‘11-’16 Touring models require installation of CVO Mufflers P/N 64768-09A and 64769-09A or FatShotz Muffler Kit P/N 80847-10 (sold separately). ‘10-’11 Touring models require ACR Harness P/N 70623-08. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

92500032 Black Highlighted. $2,395.95
Fits ’14-’16 FLHTCU, FLHTCUL, FLHTK, FLHTKL and FLTRU models with Twin-Cooled engines. Does not fit models with engine cases that have been machined to accept large bore cylinders. Requires separate purchase of Screamin' Eagle high-flow air cleaner. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation.

92500033 Black Highlighted. $2,299.95
Fits ’11-’17 Dyna® FXD, FXDF and FXDC models equipped with Shorty Dual Exhaust. Installation requires separate purchase of Muffler P/N 64895-09 (Qty 2). Also fits 50-State '10-'17 FXDF and FXDwg models. FXDF and FXDwg models require separate purchase of Mufflers P/N 65884-09 and 65886-09. All Dyna models require separate purchase of Screamin' Eagle high-flow cleaner. ’10-’11 Dyna models require ACR Harness P/N 70623-06. Does not fit models with engine cases that have been machined to accept large-bore cylinders. Also fits 50-State '11-’17 Softail® models (except FLS, FLSS, FLSTFB, FLSTN, FLSTSb, CVO 110 models or models with engine cases that have been machined to accept large-bore cylinders.). Requires separate purchase of Screamin' Eagle high-flow air cleaner. ‘11 Softail models require ACR Harness P/N 70623-11. Installation requires separate purchase of Primary Cover Gasket. Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require ECM calibration for proper installation. ‘17 models require recalibration with Screamin' Eagle Pro Street Tuner (sold separately).

**TWIN CAM**

**Stage IV Upgrade**

**SCREAMIN’ EAGLE® TWIN CAM TIRE SHREDDER KIT – 103CI TO 110CI**

This comprehensive kit provides a complete package of matched components that allow you to build a high-performance 110CI Twin Cam without voiding the factory warranty. The unique Screamin’ Eagle® 4.0” big bore cylinders are engineered to slip into the engine cases without case machining or modification, so the engine stays in the chassis during the build.

Kit includes:
- Screamin’ Eagle 4.0” Bolt-On Cylinders
- Forged 10.2:1 High Compression Pistons and Rings
- Screamin’ Eagle 58mm Throttle Body
- High Flow Fuel Injectors (5.3 g/s)
- Screamin’ Eagle CNC-Ported Cylinder Heads
- SE-259E Cams
- Perfect-Fit Pushrods
- Screamin’ Eagle High-Capacity Roller Tappets
- Top End and Cam Cover Gaskets
- Heavy Duty Clutch Spring

92500038 $2,649.95

Fits 50-State ‘14-‘16 Touring models. Does not fit Twin-Cooled™ models. Does not fit Trike models. CVO™ 110 models or models with engine cases that have been machined to accept large-bore cylinders. Requires separate purchase of accessory 58mm air cleaner and Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. All models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

92500037A $2,649.95

Fits ‘16-’17 Softail® and ‘08-’13 Touring models. Cannot be installed on CVO 110 models, FLSS or FLSTFBS 110 models, or models with engine cases that have been machined to accept large-bore cylinders. Requires separate purchase of accessory 58mm air cleaner and Cam Drive Retention Kit P/N 25566-06. Cam Spacer Kit P/N 25928-06 is recommended. Models without automatic compression releases require installation of model specific Compression Release Kit and Wiring Harness.

For race application only.

When installed by an authorized Harley-Davidson® Dealer within 60 days of the vehicle purchase, compliant kits do not impact the vehicle’s limited warranty.

SCREAMIN' EAGLE® TWIN CAM BOLT-ON 110CI TO 117CI KIT

Turn your Original Equipment 110-cubic-inch model into a fast, reliable 117-cubic-inch Twin Cam hauler without having to remove the motor from the chassis. This Street Performance Kit combines system-matched Screamin’ Eagle® big bore cylinders, forged pistons and performance cams and valve train components with the Original Equipment cylinder heads for a cost-effective boost in torque and performance. The exclusive bolt-on 4.125” cylinders are engineered with high-strength slim-wall spigots that slip into the factory 110CI crank case without any additional machining. The 4.125” flat top pistons team with the stock cylinder heads to produce a performance-enhancing 9.9:1 compression ratio, and the high-lift SE-259E cam produces a boost in torque throughout the RPM range. 50-State U.S. EPA compliant.

Kit includes:
- Screamin’ Eagle 4.125” Bolt-On Cylinders
- Forged 9.9:1 Compression Pistons and Rings
- Screamin’ Eagle 58mm Throttle Body
- High Flow Fuel Injectors (5.3 g/s)
- SE-259E Cams
- Perfect-Fit Pushrods
- Screamin’ Eagle High-Capacity Roller Tappets
- Screamin’ Eagle Inner Cam Bearing Kit
- Top End and Cam Cover Gaskets

Fits ‘14–’17 CVO™ 110CI Softail® and ‘14–’16 CVO Touring models. Also fits ‘16–’17 110CI FLSS, FLSTFBS and FXDLS models. Requires purchase of accessory 58mm air cleaner and Cam Drive Retention Kit P/N 25566-06 (except models equipped with Screamin’ Eagle Heavy Breather Elite Performance Air Cleaner Kits). Models equipped with Ventilator Air Cleaner require separate purchase of 58mm Air Cleaner Backplate P/N 29400038. All models require ECM calibration for proper installation. ‘16–’17 FXDLS and all ’17 models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

92500055 Granite Finish. $2,095.95

SCREAMIN’ EAGLE® TWIN CAM BOLT-ON 110CI TO 117CI KIT

Turn your Original Equipment 110-cubic-inch model into a track-ready 117-cubic-inch hauler without removing the engine from the chassis. This kit features exclusive bolt-on 4.125” bore cylinders that are engineered with high-strength steel liners that slip into the existing factory 110CI Twin Cam crankcase openings. System-matched pistons combine with the Original Equipment CVO™ cylinder heads to produce a strong 9.9:1 compression ratio. Installation does not require case machining or modification.

Kit includes:
- Screamin’ Eagle® 4.125” Bolt-On Cylinders
- Forged 9.9:1 Compression Pistons and Rings
- Screamin’ Eagle 58mm Throttle Body
- High-Flow Injector Kit (5.3 g/s)
- SE-259E Cams
- Perfect-Fit Pushrods
- Screamin’ Eagle High-Capacity Roller Tappets
- Screamin’ Eagle Inner Cam Bearing Kit
- Top End and Cam Cover Gaskets
- Heavy Duty Clutch Spring

When installed with your choice of 58mm high-flow air cleaner and free-flowing exhaust, this engine has the potential to produce 114 horsepower at the rear wheel, a 42% increase over stock and 121 ft. lbs. of torque, a 20% increase over stock.

Fits ‘11-’13 CVO 110CI Softail® models, ‘08-’13 CVO 110CI Touring models. Also fits ‘08-’13 Touring models with electronic throttle control and crankcases previously machined to accept 4.00” CVO-style cylinders. Requires purchase of accessory 58mm air cleaner and Cam Drive Retention Kit P/N 25566-06 (except models equipped with Screamin’ Eagle Heavy Breather Elite Performance Air Cleaner Kits).

Models equipped with Ventilator Air Cleaner require separate purchase of 58mm Air Cleaner Backplate P/N 29400038. ‘08-’12 CVO models require separate purchase of Primary Cover Gasket. All models will require ECM tuning. For race application only.

A. SCREAMIN’ EAGLE STREET PERFORMANCE HIGH-FLOW 58MM EFI THROTTLE BODY*  
The biggest engines deserve the most fuel and air. This huge 58mm Throttle Body (8mm or 16% larger than stock) won’t leave your engine starving for more air. The one-piece throttle body features Electronic Throttle Control technology. Just add your stock injectors. Choose from several different 58mm compatible high-flow air cleaner kits to feed this big-mouthed beast. All EFI equipped models require ECM calibration* (sold separately).

27200029  $449.95  
Fits ‘16-’17 FXDLS, FLSS and FLSTFB, and ‘14-’17 CVO™ Touring models equipped with 110CI engines. Also fits ‘14-’17 Softail® and ‘14-’16 Touring models equipped with Screamin’ Eagle® 110 Street Performance Upgrade Kits P/N 92500020, 92500031, 92500032 and 27508-11. Does not fit Trike models. Requires separate purchase of a 58mm Air Cleaner.

27713-08  $449.95  
Fits ‘16-’17 Softail and ‘11-’17 CVO Softail and ‘08-’13 Touring models. For race application only.

B. SCREAMIN’ EAGLE PRO 50MM EFI THROTTLE BODY*  
Higher flowing for larger displacement race engine applications. Includes throttle body and unique intake flanges and seals. This big bore throttle body features a 50mm throttle plate (a 4mm increase over the ‘06 Original Equipment throttle body) to provide increased airflow and more power. Higher flow rate injectors provide 25% more fuel to complement the increased airflow. Sensors, injectors (with a flow rate of 4.9 grams/second) and the IAC stepper motor are fully assembled on this bolt-on unit. All EFI-equipped models require ECM calibration (priced separately). For race application only.

27623-05A  $429.95  
Fits ‘06-’17 Dyna® (except FXDLS), ‘06-’15 Softail and ‘06-’07 Touring equipped with accessory performance cylinder heads. The intake flanges supplied in this kit will only fit cylinder heads machined for use with the stock symmetrical intake flanges (Original Equipment since MY06). All Screamin’ Eagle performance cylinder heads (except Kompressor and MCR Performance) with kit P/N extension of ‘06 or later have a intake port diameter of 1.750” and are machined for use with symmetrical intake flanges.

*NOTICE: Installation of this kit requires jetting or recalibration for proper function. Failure to do so may cause a lean fuel condition, which may result in engine damage.

A. SCREAMIN’ EAGLE® PRO HIGH-FLOW 58MM EFI THROTTLE BODY – CABLE OPERATED THROTTLE®

This massive 58mm bore Throttle Body is extruded, precision machined and polished to provide all the air you’ll need to dominate at the track. Designed for use with Screamin’ Eagle® Pro cylinder heads, installation requires separate purchase of Screamin’ Eagle Pro High-Flow Intake Manifold P/N 29667-07, and either the Screamin’ Eagle Pro High-Flow Air Cleaner Kit P/N 29515-08 or the Heavy Breather Air Intake System 29253-05A. 29005-05A or 28715-10. Injectors mount to the Screamin’ Eagle Manifold, stock injectors can be reused for engines making up to 100 rear wheel horsepower. Screamin’ Eagle Pro High-Flow Injectors P/N 27597-07 are recommended for engines producing greater than 100 Rear Wheel Horsepower. All EFI-equipped models require ECM calibration (sold separately). For race application only.

27639-07B $449.95
Fits ‘06-’17 Dyna® (except FXDLS), ‘06-’15 Softail® EFI models (except ‘11-’15 CVO®) and ‘06-’07 Touring EFI models. Not compatible with cruise control.

B. SCREAMIN’ EAGLE PRO HIGH-FLOW INTAKE MANIFOLD – 58MM THROTTLE BODY®

This manifold is cast and precision machined to provide an exact fit with Screamin’ Eagle Pro Accessory cylinder heads and the Screamin’ Eagle Pro 58mm EFI Throttle Body P/N 27639-07B. This manifold has intake runners that are .100” larger in diameter than all stock Twin Cam heads and early Screamin’ Eagle performance cylinder heads. The intake port diameter in the cylinder heads should be 1.750”; if not, an experienced engine builder can open the cylinder head ports to this diameter to ensure a smooth transition and airflow. Stock injectors can be reused for applications making up to 100 rear wheel horsepower, Screamin’ Eagle Pro High-Flow Injectors P/N 27797-07 are recommended for engines producing greater than 100 rear wheel horsepower. All EFI-equipped models require ECM calibration (sold separately). For race application only.

29667-07B $99.95
Fits ‘06-later Twin Cam (except ETC* models) and ‘06-’15 Softail®, ‘11-’12 FLSTSE, ‘13-’14 FXSBSE and ‘08-’17 Touring and Trike models.

C. SCREAMIN’ EAGLE PRO HIGH-FLOW INJECTOR KIT (27797-07 SHOWN)

Injectors provide fuel delivery at the rate of 6.2 grams/second, 59% more than the Original Equipment injectors. All models require ECM calibration (sold separately). For race application only.

27400002 $179.95
Fits Twin Cam models equipped with Screamin’ Eagle Pro 62mm EFI Throttle Body P/N 27300019A with High Flow Oval Port Intake Manifold P/N 27087-10 or Screamin’ Eagle Pro 58mm Throttle Body P/N 27639-07B with High Flow Intake Manifold P/N 29667-07.

SCREAMIN’ EAGLE PRO HIGH-FLOW INJECTOR KIT – 5.3 g/s*

Injectors provide fuel delivery at the rate of 5.3 grams/second, 23% more than Original Equipment injectors. All models require ECM calibration (sold separately). For race application only.

27796-08 $159.95
Fits models equipped with Screamin’ Eagle 58mm Throttle Body P/N 27713-08 or Screamin’ Eagle High Flow Oval Port Intake Manifold P/N 27300035.

SCREAMIN’ EAGLE PRO HIGH-FLOW INJECTOR KIT – 4.9 g/s*

Injectors provide fuel delivery at the rate of 4.9 grams/second, 25% more than Original Equipment injectors. All models require ECM calibration (sold separately). For race application only.

27797-07 $159.95
Fits Twin Cam models equipped with Screamin’ Eagle 58mm EFI Throttle Body P/N 27639-07B or 62mm EFI Throttle Body P/N 27300019A.

*NOTICE: Installation of this kit requires jetting or recalibration for proper function. Failure to do so may cause a lean fuel condition which may result in engine damage.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
D. SCREAMIN’ EAGLE® PRO SUPER BORE 51MM CV CARBURETOR KIT
This is the highest-flowing carburetor Screamin’ Eagle® has ever tested. It will satisfy the flow need of the largest V-Twins. This Harley-Davidson® exclusive kit is complete with carb, higher-flow air cleaner and mounting hardware. This is the largest CV-style carb available and has easy access to main and pilot jets without removing the bowl. Recommended for engines 95 cubic inches and larger. Uses stock throttle cables. The 51mm CV Carburetor is not cruise control compatible. For race application only.

27928-07A $629.95
Fits ’99-’06 carbureted Twin Cam models. Requires separate purchase of Intake Manifold P/N 27927-07. (Not compatible with standard HTCC Heads, Harley-Davidson Air Cleaner Cover P/N 29754-01, 29598-00, 29599-00 or Screamin’ Eagle Teardrop Air Cleaner P/N 29409-02.)

E. SCREAMIN’ EAGLE® PRO HIGH-FLOW INTAKE MANIFOLD – 51MM SUPER BORE CARBURETOR
This manifold is designed for use with Screamin’ Eagle Pro Super Bore 51mm CV Carburetor P/N 27926-02A (sold separately). Large manifold eliminates restrictions and is machined for precision alignment to Screamin’ Eagle accessory cylinder head intake flange dimensions. For race application only.

29414-07 $99.95
Fits ’99-’06 carbureted Twin Cam models. This manifold has intake runners that are .100” larger in diameter than all stock Twin Cam heads and early Screamin’ Eagle performance cylinder heads. The intake port diameter in the cylinder heads should be 1.750”; if not, an experienced engine builder can open the cylinder head ports to this diameter to ensure a smooth transition and airflow. The intake flanges supplied in this kit will only fit cylinder heads machined for use with the stock symmetrical intake flanges (Original Equipment since MY06). All Screamin’ Eagle performance cylinder heads (except Kompressor) with kit P/N extension of ’06-later have a intake port diameter of 1.750” and are machined for use with symmetrical intake flanges.

27927-07 $129.95
Fits ’99-’06 carbureted Twin Cam models. This manifold has intake runners which are the same diameter as all stock Twin Cam heads and early Twin Cam performance heads. Install using stock intake flanges.

F. DYNOJET® KIT
A premium performance modification kit for models with Original Equipment CV carburetors. Works well with free-breathing intake and exhaust. For race application only.

29604-00A $84.95
Fits ’00-’06 carbureted Twin Cam-equipped models.

G. SCREAMIN’ EAGLE® PRO BIG BORE 44MM CV CARBURETOR KIT
This carb kit is exclusive to Screamin’ Eagle parts. The CV (constant velocity) design creates smooth air/fuel delivery for exceptional low- and mid-range power. The big 44mm bore allows this carb to feed even the most air-hungry engine at high RPM. Easy to install with stock cables. Screamin’ Eagle Intake Manifold required for proper fitment. Separate purchase of Screamin’ Eagle High-Flow Air Cleaner Kit is recommended for optimal performance. This 44mm CV carburetor is not cruise-control compatible. For race application only.

27934-99 $309.95
Fits ’90-’99 carbureted Evolution® 1340-equipped models, ’99-’06 carbureted Twin Cam-equipped models and ’88-’06 XL models.

H. SCREAMIN’ EAGLE® PRO BIG BORE INTAKE MANIFOLD
This intake manifold is required for use with the Screamin’ Eagle 44mm CV and 45mm Flatslide Carburetors. Can also be used with 42mm Flatslide or your stock CV carburetor. For race application only.

29635-99 $89.95
Fits ’99-’06 Twin Cam-equipped models.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
FOR '99-'05 DYNA®, '00-'06 SOFTAIL® AND '99-'06 TOURING MODELS. Kits include front and rear cams. Splined rear cam is included for exceptional load handling capability. Gaskets and bearings not included. Dealer installation is recommended and special tools are required for proper installation. Cam Installation Kit P/N 17045-99C (sold separately) includes all required gaskets, bearings and seals for proper installation. '99 models require splined Cam Sprocket P/N 25716-99 for installation. All EFI models require ECM calibration (Not available from Harley-Davidson for race applications). For race application only.

In race applications, high-lift cams and stiff valve springs put extreme pressure on the engine’s lifters and pushrods. At 7000 RPM, instantaneous forces of up to 1200 lbs. can be experienced. This severe dynamic loading can lead to accelerated tappet wear. In these applications, we suggest installation of Screamin’ Eagle® High-Capacity Tappets and periodic tappet inspection and replacement to maximize engine life.

SE-203 CAM KIT
Bolt-in performance cams designed to provide exceptional midrange torque. Installation does not require any headwork or performance valve springs and will work well with stock or mildly ported heads. Peak power occurs around 5500 RPM. Works well with displacements up to 96 cubic inches. For race application only.

SE-204 CAM KIT
This midrange torque bolt-in cam produces peak horsepower around 5800 RPM and installation does not require any headwork or performance valve springs. Should be used in conjunction with open intake and exhaust. For race application only.

SE-211 CAM KIT
This camshaft works great with 103-cubic-inch and larger engines with free-flowing intake and exhaust. This bolt-in camshaft works well with stock heads and high-compression pistons. It increases midrange torque and top-end power. For race application only.

SE-253 CAM KIT*
This high lift, torque cam is designed for larger displacement engines where increased midrange power is desired. This cam works well with increased compression and free-flowing intake and exhaust. For race application only.

SE-254E CAM KIT
This cam provides great low-end torque along with good midrange. A good “all-around” cam, the SE-254E is a good match for a Dyna®, Softail® or light Touring bike - Road King®, Street Glide® or Road Glide® Custom - when the aggressive rider desires a little more top-end horsepower. In a 0-60 sprint or 1/4-mile drag race, the SE-254E-equipped model would pull ahead of an identical model with a SE-255 cam. For race application only.

SE-255 CAM KIT
The ultimate in torque cams, this cam offers substantial increase in low-end torque for engines up to 110 cubic inches with compression ratios up to 10 to 1. The low-end torque increases are great for heavy bikes or for the person who routinely shifts below 4500 RPM and wants the power available to pass without downshifting. The cam still makes peak power above 5000 RPM so people with lighter bikes will enjoy the torque increases without feeling like the bike runs out of air at higher engines speeds. These cams are used in the ‘07-later street compliant 103 Stage II Kits and the 110 Stage I Kits. Compression releases may be required depending on displacement and compression ratio. For race application only.

SE-257 CAM KIT*
This cam delivers high-end horsepower you will feel in the straightaway while maintaining decent midrange torque. This cam requires increased compression for optimum performance. Works well in conjunction with big bore or larger cylinders, forged high-compression pistons, performance heads and open intake and exhaust. For race application only.

SE-259E CAM KIT – EFI*
Developed specifically for throttle body EFI systems, this cam has a modern lobe design that allows for higher valve lifts for a given duration. A high-lift version of the SE-211 camshaft, this cam works great with 103-cubic-inch and larger engines with free-flowing intake and exhaust. It can be used with stock heads (updated with race springs) and high-compression pistons for even more torque than a SE-211 cam, or can be coupled with any of the performance heads to realize the full power potential. This cam is used in the 103-cubic-inch Stage III Race Kit. For race application only.

SE-585 CAM KIT*
This cam is a great match for riders of heavy Touring bikes looking for big torque at the low end. Just a quick downshift to fourth gear results in an effortless pass of that slow moving tractor-trailer ahead of you. This cam provides early on high torque at the low end of the RPM spectrum. A unique combination of lift, cam lobe duration and an enhanced cam profile ramp provides a performance boost you can feel. The cam’s QRD (Quiet Ramp Design) delivers high torque throughout the RPM range while reducing valve train noise. For race application only.

NOTE: Separate purchase of Cam Spacer Kit P/N 25928-06 is recommended for ‘06-’17 Dyna®, ‘07-’17 Softail® and ‘07-’16 Touring models. These kits contain five different spacers to achieve proper sprocket alignment. Individual spacers can be purchased separately.

</table>

Theoretical based on rocker arm ratio of 1.65. Valve train components, operation temperature and tolerance stack-up will affect actual lifts.

**NOTICE:** Requires use of Screamin’ Eagle® Valve Spring Kit and appropriate Screamin Eagle Pushrods for installation and to ensure proper clearance. Failure to comply may result in engine damage.

**NOTE:** It is recommended that older models should have valve springs replaced over time as valve springs lose their tension over time and lose their ability to support appropriate valve spring tension especially when used at higher RPM.

**NOTE:** Separate purchase of Cam Spacer Kit P/N 25928-06 is recommended for ‘06-‘17 Dyna®, ’07-‘17 Softail® and ’07-‘16 Touring models. These kits contain five different spacers to achieve proper sprocket alignment. Individual spacers can be purchased separately.
**A. SCREAMIN' EAGLE® RACE VALVE SPRING KIT**

This straight coil double spring Race Valve Spring Kit will allow the engine to rev to 7000 RPM and enable the use of higher-lift cams. Complete kit includes springs, upper and lower collars and valve keys.

18344-05 7mm dia. Valve Stems. $164.95
Fits '04-18 Twin Cam models with stock cylinder heads. Will not fit FXDLS, FLSS, FLSTFBS, CVO™ 103CI and 110CI models or models equipped with Screamin’ Eagle® cylinder heads.

18281-02A 5/16" dia. Valve Stems. $164.95
Fits '99-04 Twin Cam, all Evolution® 1340 and '86-03 XL models. (not shown)

**B. SCREAMIN' EAGLE PERFORMANCE VALVE SPRING KIT**

This performance Beehive-shaped Valve Spring Kit will permit the Sportster® engine to rev to 7000 RPM. The unique ovate wire yields increased performance from a compact spring design. The installed spring pressure is increased to 208 lbs, and allows a maximum lift of .590". Complete kit includes springs, upper collars and keepers and lower collars with integral valve seals.

18013-03A $159.95
Fits '04-18 Twin Cam, XR and '05-18 Twin Cam-equipped models. Does not fit FXDLS, FLSS, FLSTFBS or Screamin’ Eagle Performance Heads with .3125” diameter valves.

**Also available:**

SCREAMIN’ EAGLE VALVE SPRING SHIM KIT
This Valve Spring Shim Kit allows the engine builder to adjust spring pressure by combining various-thickness shims. The kit is a great help when trying to obtain consistent spring pressure across all valves. Kit includes 12 shims (4 each: .015”, .030”, .060” thickness).

18226-03 $11.95
Fits '04-18 Twin Cam models with Valve Spring Kit P/N 18344-05. Also fits '99-04 Twin Cam, all Evolution® 1340 and '86-03 XL models equipped with Valve Spring Kit P/N 18013-03A.

**C. SCREAMIN’ EAGLE BIG BORE HIGH-PERFORMANCE HEAD GASKET KIT**

This multi-layer head gasket provides improved sealing for 3-7/8” Big Bore high-performance engines. Sold in pairs. For engines with compression ratios above 10.0:1, Screamin’ Eagle High Tensile Cylinder Studs P/N 16101-01 are required.

16101-01 $49.95
Fits '99-18 Big Bore (3.875” bore) Twin Cam-equipped models. Does not fit FXDLS, FLSS, FLSTFBS, FXSE or Twin-Cooled™ models.

**D. SCREAMIN’ EAGLE HIGH TENSILE CYLINDER STUD KIT**

This 8-piece High Tensile Cylinder Stud Kit is a must for the serious engine builder. The studs feature a unique thread design and enhanced material properties to withstand the forces of a high-compression engine.

16505-01 $49.95
Fits '99-18 Twin Cam-equipped models.

*NOTICE:* Proper valve spring to rocker cover clearance must always be verified during installation of Screamin’ Eagle® Valve Spring Kits. Failure to have adequate clearance may result in engine damage.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
### E. SCREAMIN’ EAGLE® ROLLER ROCKER ARMS

Unique roller-tip design increases strength and reduces valve stem side-loading and tip friction. Built to handle cams with up to .700" lift in high RPM application. Complete kit includes set of four.  

| Part Number | Price   | Fits
|-------------|---------|----------------------------------------
| 17378-98    | $469.95 | ’84-’99 Evolution® 1340-equipped models, ’86-later XL and XR models and ’99-’17 Twin Cam-equipped models. (Modification is required on Twin Cam rocker covers.)

### F. SCREAMIN’ EAGLE PRO ROCKER ARMS – 1.725:1 RATIO

Manufactured from the forging used for Original Equipment rocker arms for enhanced integrity, these Screamin’ Eagle® Rocker Arms feature a lift ratio of 1.725:1 versus the stock ratio of 1.65. The larger ratio will increase valve opening to enhance power output on larger displacement engines. As with all performance products, these Rocker Arms should be installed by a qualified technician to ensure appropriate clearances between valves and pistons. Kit includes four rocker arms. **For race application only.**

| Part Number | Price   | Fits
|-------------|---------|----------------------------------------
| 17396-08    | $199.95 | ’84-’99 Evolution 1340-equipped models, ’86-later XL models and ’99-’17 Twin Cam-equipped models.

### G. SCREAMIN’ EAGLE HIGH-CAPACITY TAPPETS*

This latest version of the Screamin’ Eagle High-Capacity Tappet incorporates a special heat treatment on the bearing needles and axle. In addition to the already proven, 25% larger, high capacity needle bearings, this new heat treat technology increases material hardness and compressive strength, ultimately enabling the tappet to withstand the grueling engine speeds and high valve lift found in many performance engine configurations. The newest technology is identified with a laser-etched “SE” on the axle of the tappet (shown in product image). Set of 4.

| Part Number | Price   | Fits
|-------------|---------|----------------------------------------
| 18572-13    | $249.95 | ’18-later Milwaukee-Eight®-equipped models, ’99-’17 Twin Cam-equipped models and ’00-later XL and XR models.

### H. SCREAMIN’ EAGLE TWIN CAM FORGED ROCKER SUPPORTS

Increased-strength Rocker Supports will handle the increased loads from higher-lift cams and higher RPM applications. This product keeps valve train geometry solid. Works with stock or roller rocker arms. Includes required hardware for installation.  

| Part Number | Price   | Fits
|-------------|---------|----------------------------------------
| 17675-01B   | $199.95 | ’99-’17 Twin Cam-equipped models.

---

*NOTE: In race applications, high-lift cams and stiff valve springs put extreme pressure on the engine’s lifters and pushrods. At 7000 RPM, instantaneous forces of up to 1200 lbs. can be experienced. This severe dynamic loading can lead to accelerated tappet wear. In these applications, we suggest installation of Screamin’ Eagle® High-Capacity Tappets and periodic tappet inspection and replacement to maximize engine life.

80 TWIN CAM
Builders Components

A. SCREAMIN’ EAGLE® PREMIUM TAPERED QUICK-INSTALL ADJUSTABLE PUSHRODS
These premium pushrods are tapered for enhanced clearance at the cylinder head, allowing the use of higher lift cams. The one-piece chrome moly tube adds rigidity and durability and the threaded adjustment feature provides easy cam installation without removing the cylinder heads or rocker boxes. To simplify adjustment, the tube features six flats, with one flat marked with a large dot for tracking the adjustment. The threaded rod features 4 flats to reduce wrench swing. Each pushrod features the Screamin’ Eagle logo and is marked for Intake or Exhaust. Kit includes 4 pushrods and required pushrod tubes.

Fits ’99-17 Twin Cam-equipped models.

17900032 With Gloss Black Covers. $199.95
18404-08 With Chrome Covers. $184.95

B. SCREAMIN’ EAGLE PRO PERFECT FIT PUSHRODS*
These one-piece tapered pushrods are stiffer than conventional pushrods and are lighter than adjustable pushrods. These are perfectly sized for the engine builder who knows what head and cam combination are being used. Four sizes to fit the most popular head and cam combinations. Refer to pages 76-77 for model-specific cam information. Sold in sets of 4.

Fits ’99-17 Twin Cam engines. Refer to application chart at the bottom of this page for applicable cylinder head and cam combinations.

Original Equipment Length. $119.95
18400-03 Original Equipment Length. $119.95
18401-03 +.030" $119.95
18402-03 -.030" $119.95

*NOTE: Screamin’ Eagle Adjustable or Perfect Fit Pushrods are required when installing Screamin’ Eagle Twin Cam Cylinder Heads and SE-251, SE-257, SE-256 or SE-260 Camshafts.

*CAUTION: Proper valve spring to rocker cover clearance must always be verified during installation of Screamin’ Eagle Valve Spring Kits. Failure to have adequate clearance may result in engine damage.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

A. SCREAMIN' EAGLE® PRO HURRICANE CNC OVAL PORTED CYLINDER HEADS*
Engineered to maximize the track performance potential of the SE120R race engine, these Hurricane Cylinder Heads are ready to complete your Race Xtreme conversion. These black-highlighted cylinder heads have been meticulously CNC-machined for efficient airflow and the machined raised oval intake ports allow a straighter shot into the combustion chamber. The heads feature large 2.175” intake and 1.635” exhaust valves that are held in check with a set of Screamin' Eagle® Race Valve Springs with Titanium upper collars that allow use of cams with up to .660” valve lift. All EFI models require ECM calibration (priced separately).

For race application only.

17799-11 Black Highlighted. $1,599.95
Fits '06-17 Twin-Cam engines equipped with Oval Port High-Flow Intake Manifold P/N 27082-10 or 27300035.
Does not fit Twin-Cooled™ models. Requires Rocker Box clearance machining for valve springs.

B. SCREAMIN' EAGLE PRO MAXIMUM VELOCITY AREA (MVA) CYLINDER HEADS – CNC PORTED*
The most advanced Twin Cam performance cylinder head design available. Screamin' Eagle CNC Ported Maximum Velocity Area (MVA) cylinder heads create power across the entire RPM range by maximizing velocity through the intake ports. Increased air speed velocity through the ports is achieved by “right sizing” port volume at 98cc, lowering the port roof and by precision-machining the shape of the port to complement the giant 2.120” intake valves. Screamin' Eagle CNC-Ported MVA Cylinder Heads conquer a unique engineering challenge and provide the highest possible torque and acceleration at any RPM. MVA Heads will boost the punch of a 103-cubic-inch engine. When paired with high lift cams, MVA Heads can give a 110-cubic-inch or 113-cubic-inch motor everything it needs to achieve new levels of performance. Countless hours of dyno testing resulted in a 95cc combustion chamber that performs in perfect balance with the port size and shape and reduced detonation. MVA Heads feature Screamin' Eagle Race Springs that permit the use of high lift cams (up to .660”) and are machined to accept automatic compression releases (sold separately) for easier starting. MVA Heads are manufactured and assembled at Harley-Davidson’s world-class engine factory in Milwaukee, ensuring every set is made to exact tolerances. All EFI Models require ECM calibration (priced separately). For race applications only.

16925-11 Black Highlighted. $1,399.95
Fits '99-17 Twin Cam equipped models (except Twin-Cooled models). '99-’05 models require separate purchase of (2) Intake Seal Flanges P/N 26993-06. Requires Rocker Box clearance machining for valve springs.

*NOTE: See matrix on Page 86 for recommended cylinder head/piston combination.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
C. SCREAMIN’ EAGLE® PRO CNC PORTED FACTORY CYLINDER HEADS WITH VALVE UPGRADE

A cost-effective alternative for upgrading the performance of your bike. The intake and exhaust ports are meticulously machined to smooth the surfaces, enhancing the flow characteristics of air and fuel to provide enhanced performance. But it doesn’t stop there; oversized (1.875”) stainless steel intake valves and stock (1.575”) stainless steel exhaust valves rest in reshaped valve seats that improve flow rates. The combustion chambers have been machined to smooth the surface and feature a blended radius on the bathtub’s edge to reduce detonation by eliminating hot spots and promoting improved combustion. The head gasket surface has been milled to maintain stock combustion chamber volume, which results in stock compression when used with Original Equipment pistons. Compression can be increased with the installation of matched Screamin’ Eagle® high compression pistons. Heads are assembled with high performance valve springs that support cams with lift up to .585”. Heads are machined and threaded to simplify installation of Automatic Compression Release (sold separately). All Efi models require ECM calibration (purchased separately).

For race application only.

16500208 Complete Head Kit. $999.95
Fits ‘14-’16 FLHTCU, FLHTCUL, FLHTK, FLHTKL and FLTRU models equipped with Twin-Cooled™ engines.

16500013A Complete Head Kit. $999.95
Fits ‘99-’17 Twin Cam-equipped models. ‘99-’05 models require separate purchase of (2) Intake Flanges P/N 26993-06. Does not fit FXDLS, FLSS, FLSTBS, FXSE or Twin-Cooled equipped models.

INTAKE PORT FLOW AS A FUNCTION OF VALVE LIFT

NOTICE: Screamin’ Eagle® Adjustable or Perfect Fit Pushrods are required for installation.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
BIG BORE BOLT-ON CYLINDERS

When it comes to increasing engine power, there is no substitute for more cubic inches. With efficient filling of the air/fuel mixture, the bigger the displacement, the more power your engine can produce. In the past, the only way to increase the bore of your 103- or 110-cubic-inch Twin Cam V-Twin motor was to tear down the motor and re-bore the engine cases to fit larger bore cylinder spigots. It was a labor-intensive – and expensive – process.

The Screamin’ Eagle team has engineered a Big Bore Cylinder and Piston package that increases the internal bore without increasing the outside diameter of the cylinder spigot. The cylinder slips into the existing case bore without modification.

A. SCREAMIN’ EAGLE® PRO 4.125” BIG BORE BOLT-ON CYLINDER AND PISTON KIT – CVO™ 110CI TO 117CI

Racers can take their model’s Original Equipment 110-cubic-inch motor to a full 117 cubic inches without removing the engine from the chassis. The Screamin’ Eagle team has engineered a 4.125” Big Bore Cylinder and Piston package that increase the internal bore from 4.0” to 4.125”, without increasing the outside diameter of the cylinder spigot. The cylinder slips into the existing case bore without modification. Have you already installed a CVO™ Stage III performance kit on your CVO 110 Twin Cam motor? If so, you can retain that performance investment and combine those components with this kit. This kit will add a whopping 7 cubic inches of displacement for more torque throughout the RPM range. The kit includes front and rear cylinders, system-matched pistons with rings and cylinder head gaskets. All EFI models require ECM calibration (priced separately). For race application only.

Fits ’07-’17 CVO 110CI models. Also fits ’16-’17 110CI FLSS, FLSTFBS and FXDLS models. Requires custom tuning to your specific application.

- 92500051 Granite Highlighted. $1,299.95
- 92500050 Black Highlighted. $1,299.95

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
B. SCREAMIN’ EAGLE PRO 4” BIG BORE BOLT-ON CYLINDER AND PISTON KIT – 96/103CI TO 110CI

Take your 96- or 103-cubic-inch engine to full 110 cubic inches without removing the engine from the chassis. The Screamin’ Eagle team has engineered a 4” Big Bore Cylinder and Piston package that increases the internal bore from 3-7/8" to 4", without increasing the outside diameter of the cylinder spigot. The cylinder slips into the existing case bore without modification. Have you already installed a Stage III or Stage IV performance kit on your 103 TWIN Cam motor? This kit will add a whopping 7 cubic inches of displacement for more torque throughout the RPM range. The kit includes front and rear cylinders, system-matched pistons with rings, and top head gaskets. All EFI models require ECM calibration (priced separately). For race application only.

92500039 Black Highlighted. $1,195.95
Fits ’07-’17 Twin Cam models with 4-3/8” stroke flywheel. Cannot be installed on CV™ 110, FXDLS, FLSS or FLSTFB models or models with engine cases that have been machined to accept large-bore cylinders. Twin-Cooled™ models require separate purchase of model-specific head gaskets.

C. SCREAMIN’ EAGLE PRO 4.060” BIGGER-BORE CYLINDER KIT

These 4.060-inch Bigger Bore cylinders increase the displacement of a TWIN Cam engine to 1856cc (113”/1.9 Liter) (TWIN Cam 88® engines also require Screamin’ Eagle® Pro Stroker Flywheel and Rod Assembly). Cylinders are factory-honed to accept standard bore size 4.060” pistons. Cylinder spigot is machined for cylinder-to-cylinder clearance for this large displacement application. Installation requires crankcase machining by a qualified machinist. Dealer installation is recommended. Kit includes front and rear cylinders and required gaskets. All EFI models require ECM calibration (priced separately). For race application only.

16550-04C Black Highlighted. (pair) $499.95
Fits ’99-’17 Twin Cam-equipped models (except FXDLS, FLSS, FLSTFB or Twin-Cooled models). Cannot be installed on 110CI CVO models, or any Twin Cam model previously upgraded to a 110CI motor. Requires crankcase modifications or separate purchase of SE Pro Crankcase P/N 24601-10 or 24400001A.

D. SCREAMIN’ EAGLE 3-7/8” BIG-BORE CYLINDER KIT

Bigger is better. This kit increases displacement of the TWIN Cam 88 (1450) to 95 cubic inches (1550) or 103 cubic inches (1690) when used with Screamin’ Eagle Stroker Flywheel and Rod Assembly. Also can be used with TWIN Cam 96™ (1584) models to produce 103 cubic inches (1690) with stock flywheels. These cylinders require no crankcase machining and are finished honed for standard size 3-7/8” pistons. Use with flat-top, high-compression or Stroker pistons. All EFI models require ECM calibration (priced separately).

Fits ’99-’17 Twin Cam 88 or 96CI-equipped models.

16500045A Black Non-Highlighted. (pair) $349.95
16546-99A Black Highlighted (pair) $349.95
16549-99A Silver Highlighted. (pair) $349.95

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
A. SCREAMIN' EAGLE® PRO HIGH COMPRESSION PISTONS – TWIN-COOLED™ HEADS*

Designed for use with the unique combustion chamber of the Original Equipment or Factory CNC-Ported Heads for Twin-Cooled™ 103CI models, these pistons deliver impressive performance gains. The liquid-cooled exhaust valves reduce the chance of detonation and allow the engine to take advantage of higher compression ratios. Forged from high-strength aluminum, these 10.75:1 (Original Equipment) or 11.0:1 (CNC Ported) ratio pistons feature nickel-plated surfaces for enhanced durability and special coated skirting for improved wear resistance. These pistons include Titanium SST rings to withstand the stresses seen in racing. Complete kit includes pistons, rings, wrist pins and clips. All EFI models require ECM calibration (priced separately).

For race application only.

Fits '14-'16 FLHTCU, FLHTCUL, FLHTK, FLHTKL, FLTRU and FLHTCUTG models with 103CI Twin-Cooled engines.

27000007 3.875" (Standard Bore) $329.95

**B. SCREAMIN’ EAGLE PRO TWIN CAM FORGED 12:1 COMPRESSION PISTON KIT**

These race-only ultra-high-compression pistons squeeze every bit of power out of the 120R engine. Forged from high-strength aluminum, these 12:01 compression pistons feature nickel-plated surfaces for enhanced durability, and a special Teflon® coating for improved wear resistance required in racing applications. Theses pistons include state-of-the-art Titanium SST rings to withstand the stresses seen in racing. Designed to work with the 4.5/6” Stroker Flywheel only, this complete kit includes pistons, rings, wrist pins and clips. All EFI models require ECM calibration (priced separately). **For race application only.**

Fits ‘06-’17 Dyna® (except FXDLS), ’07-’17 Softail® (except FLSS, FLSTFBS and FXSE), and ’07-‘16 Touring models equipped with 4.060” cylinders and 4-5/8” Stroker Flywheels. Does not fit Twin-Cooled™ models.

**C. SCREAMIN’ EAGLE PRO TWIN CAM FORGED 11.1:1 COMPRESSION PISTON KIT FOR MVA, 110+ OR ACR PERFORMANCE CYLINDER HEADS – 4.060” & 3-7/8”**

These 11.1:1 High-Compression Pistons are forged from light-weight aluminum for maximum strength. The piston top dome is designed to match specifically with the combustion chamber to provide additional performance over other piston designs. Pistons are electroless-nickel coated for increased durability and the piston skirts feature a unique black coating for improved wear resistance, better fit and reduced noise. Complete kit includes pistons, rings, wrist pins and clips. All EFI models require ECM calibration (priced separately). **For race application only.**

Fits ‘99-’17 Twin Cam models equipped with 4.060” cylinders and Screamin’ Eagle® MVA, 110+ or ACR Performance Cylinder Heads. ’99-’06 models also require appropriate Screamin’ Eagle 4-3/8” Stroker Flywheel and Rod Assembly. Does not fit FXDLS, FLSS, FLSTFBS, FXSE, CVO™ or Twin-Cooled models.

**D. SCREAMIN’ EAGLE PRO TWIN CAM FORGED 10.5:1 COMPRESSION PISTON KIT FOR MVA, 110+ OR ACR PERFORMANCE CYLINDER HEADS – 4.060” & 3-7/8”**

Made from high-strength forged aluminum, these high-compression big bore pistons are designed to match the combustion chamber of the Screamin’ Eagle Pro MVA, 110+ and ACR Performance Cylinder Heads. The resulting compression ratio of 10.5:1 provides maximum power from this combination. Piston skirts feature a unique black coating for improved wear resistance, better fit and reduced noise. Complete kit includes pistons, rings, wrist pins and clips. All EFI models require ECM calibration (priced separately). **For race application only.**

Fits ‘99-’17 Twin Cam models equipped with 4.060” cylinders and Screamin’ Eagle MVA, 110+ or ACR Performance Cylinder Heads. ’99-’06 models also require appropriate Screamin’ Eagle 4-3/8” Stroker Flywheel and Rod Assembly. Does not fit FXDLS, FLSS, FLSTFBS, FXSE, CVO™ or Twin-Cooled models.

Builders Components

A. SCREAMIN’ EAGLE® PRO TWIN CAM FORGED HIGH-COMPRESSION PISTONS FOR MVA, CVO™ 110, ACR PERFORMANCE OR 110+ CYLINDER HEADS – 4.000”**

Bump torque and horsepower on your 110” Twin Cam power train with the addition of high-compression pistons. Developed for the 110” Race Kit, these pistons increase the compression ratio to 10.5:1. Forged from high-strength aluminum, the pistons are precision-machined, and feature coated skirts for a tight-tolerance fit and quieter operation. All EFI models require ECM calibration (priced separately). For race application only.

Fits ‘07-’17 Twin Cam models equipped with 4.000” cylinders and Screamin’ Eagle® MVA, CVO™ 110, ACR Performance or 110+ Cylinder heads.

D. SCREAMIN’ EAGLE PRO TWIN CAM HIGH-COMPRESSION FORGED PISTONS FOR STOCK CYLINDER HEADS – 3-7/8”**

When combined with stock cylinder heads and 4-3/8” stroke flywheels, these forged 3-7/8” pistons boost the compression ratio of your 3-7/8” big bore cylinder setup. The combination results in a compression ratio of 10.5:1. Piston skirts feature a unique black coating for improved wear-resistance, better fit and reduced noise. These pistons include Titanium SST rings to withstand the stresses seen in racing. Complete kit includes pistons, rings, wrist pins and clips. All EFI models require ECM calibration (priced separately). For race application only.

Fits ‘07-’17 Twin Cam models equipped with 3-7/8” cylinders and 4-3/8” stroke flywheels. Does not fit FXDLS, FLSS, FLSTFBS, FXSE or Twin-Cooled models.

*NOTE: See matrix on Page 86 for recommended cylinder head/piston combinations.

*Recalibration is required for proper installation. See Dealer for details. Labor cost not included.

*NOTICE: Always check piston-to-valve clearance with modified dome pistons and non-stock camshafts.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
**Notice:** The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.

**E. SCREAMIN’ EAGLE® PRO TWIN CAM**
**CAST FLAT-TOP STROKER PISTONS – 3-7/8”**

Flat-Top Cast Pistons are designed for use with 3-7/8” cylinders. Kit includes rings, clips and pins. All EFI models require ECM calibration (priced separately). **For race application only.**

- Fits ‘07-’17 Twin Cam models (except FXDLS, FLSS and FLSTFBS) equipped with 3-7/8” cylinders.
  - 21966-07 3.875” Standard Bore. **$229.95**
  - 21968-07 3.875” Bore. +.010” o/s. **$249.95**

**F. SCREAMIN’ EAGLE PRO TWIN CAM HIGH-COMPRESSION FORGED PISTON KITS – 3-7/8”**

These pistons have been designed to be used with our Twin Cam Performance Heads and can also be used with stock cylinder heads. These pistons are forged for higher RPM capability than cast pistons and come complete with rings, wrist pins and clips. These pistons cannot be used in Stroker applications. All EFI models require ECM calibration (priced separately). **For race application only.**

- Fits ‘99-’06 Twin Cam 1550 models equipped with 3-7/8” cylinders with 4 inch flywheel stroke.
  - 22868-00A 3.875” Standard Bore. **$329.95**
  - 22870-00A 3.875” Bore. +.010” o/s. **$349.95**

**G. SCREAMIN’ EAGLE PRO TWIN CAM HIGH-COMPRESSION CAST PISTON KITS – 3-7/8”**

These high-compression 10.25:1 cast pistons are designed for use in a Twin Cam engine equipped with stock cylinder heads and 3-7/8” cylinders (1550). Piston kit includes rings, clips and pins. All EFI models require ECM calibration (priced separately). **For race application only.**

- Fits ‘99-’06 Twin Cam 1550 models equipped with 3-7/8” cylinders.
  - 22661-99A 3.875” Standard Bore. **$229.95**
  - 22179-99A 3.875” Bore. +.010” o/s. **$249.95**

**H. SCREAMIN’ EAGLE PRO TWIN CAM BIG BORE FLAT-TOP CAST PISTON KITS – 3-7/8”**

These Flat-Top Cast Pistons are designed for use with 3-7/8” Big Bore performance cylinders (1550). Kit includes rings, clips and pins. All EFI models require ECM calibration (priced separately). **For race application only.**

- Fits ‘99-’06 Twin Cam 1550 models equipped with 3-7/8” cylinders.
  - 22851-99A 3.875” Standard Bore. **$229.95**
  - 22853-99A 3.875” Bore. +.010” o/s. **$249.95**

**NOTE:** Cast pistons should not be used when engine speed is expected to exceed 6200 RPM. Failure to comply may result in engine damage.

*NOTE:* See matrix on Page 86 for recommended cylinder head/piston combinations.

*Recalibration is required for proper installation. See Dealer for details. Labor cost not included.

*NOTE:* Always check piston-to-valve clearance with modified dome pistons and non-stock cam shafts.

---
A. SCREAMIN’ EAGLE® PRO STROKER FLYWHEEL AND ROD ASSEMBLY – 4-3/8”

These Stroker flywheels provide 103 or 113 cubic inches of raw power for your Twin Cam engine by increasing your stock stroke from 4.0” to 4-3/8” and adding the appropriate pistons and cylinders. The flywheels and rods are made from high-strength forgings. The assembly makes use of the Original Equipment (straight press) crankpin and bearings, which means you get proven durability. Stroker installation requires Big Bore Stroker Pistons and Big Bore Cylinders. All EFI models require ECM calibration (priced separately).

23703-02A 4-3/8” Stroke. $1,299.95
Fits ‘00-’06 Softail® models. ’03-’06 models require the installation of Bearing Assembly P/N 24004-03B. (shown)

23600-00A 4-3/8” Stroke. $1,299.95
Fits ’99-’05 Dyna® and ’99-’06 Touring models. ’03-’06 models require the installation of Bearing Assembly P/N 24004-03B. (shown)

23601-05A 4-3/8” Stroke. $1,299.95
Fits ’06-’17 Touring models. Works with Piston Kits P/N 21915-08A, 21914-08A, 21928-08A, 21916-08A, 22571-07A, 22575-07A, 22137-08A, 2241-08A, 22942-00, 22944-00, 22137-08A, 2241-08A, 2244-00, 2244-00, 2241-08A, 2243-08A. ’03-’06 models require installation of Bearing Assembly P/N 24004-03B.

SCREAMIN’ EAGLE® PRO STROKER FLYWHEEL AND ROD ASSEMBLY – 4-5/8”
The flywheels and rods are manufactured from high-strength forgings, fully machined to their final shape and balanced for smooth operation. All EFI models require ECM calibration (priced separately).

24100004A 4-5/8” Stroke. $1,299.95
Fits ’07-’17 Softail® (except FLSS, FLSTBS and FXSE). ’07-’11 Softail models (except FXCW and FXCWC) require separate purchase of Screamin’ Eagle® Big Twin Compensator P/N 40274-08A.

23893-10A 4-5/8” Stroke. $1,299.95
Fits ’99-’05 Dyna® and ’99-’06 Touring models. ’06-’11 Dyna® and ’07-’10 Touring models require separate purchase of Screamin’ Eagle® Big Twin Compensator P/N 42200064. ’03-’06 models require the installation of Bearing Assembly P/N 24004-03B. Does not fit Twin-Cooled™ models.

B. SCREAMIN’ EAGLE® PRO STROKER FLYWHEEL AND ROD ASSEMBLY – 4-3/8”

This 4-3/8” stroke flywheel assembly can be combined with 3-7/8” cylinders and pistons to produce 1690cc (103”) displacement, 4.00” cylinders and pistons for 1800cc (110”) or with 4.060” cylinders and pistons for 1856cc (113”) displacement. All EFI models require ECM calibration (priced separately).

23728-07A 4-3/8” Stroke. $999.95
Fits ’99-’05 Dyna® and ’99-’06 Touring models. ’06-’10 Dyna® and ’07-’11 Touring models require separate purchase of Screamin’ Eagle® Big Twin Compensator P/N 42200064. ’03-’06 models require the installation of Bearing Assembly P/N 24004-03B. Does not fit Twin-Cooled™ models.

23727-07A 4-3/8” Stroke. $999.95
Fits ‘00-’06 Softail® models.

24100021 4-3/8” Stroke. $1,199.95
Fits ’06 Dyna® models. Stock on ’07-later Dyna® and Touring Twin Cam 96™ models.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.

C. SCREAMIN’ EAGLE® PRO CRANKCASE SET
These Screamin’ Eagle® Twin Cam crankcases are precisely machined with the larger cylinder bores required to accept 4.060” cylinders and can be used to build 113CI and 120CI motors. The Crankcase is pre-assembled with Screamin’ Eagle Piston Oil Jets designed to accommodate a 4-3/8” or 4-5/8” Stroker Crank Assembly and features factory-installed high-capacity Lefty main bearing, right side bearing and Screamin’ Eagle high-performance cam bearings. Includes Manufacturer’s Statement of Origin (MSO-Domestic only).

For race application only.

24601-10B
$1,199.95
Fits ’06-’17 Dyna® and ’07-’16 Touring models. Does not fit Twin-Cooled™ models.

24400031
$1,199.95
Fits ’99-’05 Dyna® and ’99-’06 Touring models.

24400033
$1,249.95
Fits ’00-’06 Softail® models.

D. CRATE ENGINE SHORTBLOCK ASSEMBLY
The perfect starting point for building the engine of your dreams. Engine shortblocks are manufactured and assembled on Harley-Davidson’s main engine assembly line for exceptional quality and reliability. Shortblock cases, flywheels, bearings and rods are pre-assembled and ready for your custom build. Kit includes current spec Original Equipment cam plate, oil pump, cam drive components and the gaskets, seals and most of the hardware required to complete the engine and install it (not all components shown). You select your cylinders, heads, cams, covers and other top-end components. Choose one of the Screamin’ Eagle Stage kits to incorporate reliable performance and pick from our decorative engine covers to customize the look. Shortblock Assemblies are stamped with a new VIN and include MSO (Manufacturer’s Statement of Origin). The MSO is for Domestic only. Kits ship directly from the factory within 3-5 days.

16200070
Black 96CI/103CI.
$2,100.00
Fits ’07-’17 Dyna (except FXDLS), and ’07-’16 Touring and Trike models (except CVO™).

16200071
Black 96CI/103CI.
$2,370.00
Fits ’07-’17 Softail® models (except FLSS, FLSTFBS and CVO™).

E. SCREAMIN’ EAGLE PISTON OIL JET ASSEMBLY
This unique oil jet is designed to provide additional piston skirt clearance when used with flywheels featuring a stroke longer than the 4-3/8” Original Equipment configuration. This oil jet will provide appropriate clearance for flywheels with stroke up to 4-5/8” when used with Screamin’ Eagle pistons. Two required.

22315-06A
$19.95
Fits ’99-’17 Dyna, ’00-’17 Softail® and ’99-’16 Touring models.
92 TWIN CAM
Builders Components

A. SCREAMIN’ EAGLE® AUTOMATIC COMPRESSION RELEASE

Automatic Compression Release (ACR) valves reduce the strain of starting your high-performance motor by reducing cylinder compression—automatically! The engine is easier to turn over, resulting in less wear on your starter and battery. After start, the ACR valves close to restore full compression. ACR gives you peace of mind and protects your investment. ACR can be installed on stock or Screamin’ Eagle® Performance cylinder heads for all ’05-’17 TwinCam-equipped models. Installation requires machining to be performed by a competent machinist using the Screamin’ Eagle Automatic Compression Release Fixture Kit P/N 94648-08 (sold separately). Installation requires separate purchase of model-specific ACR Wiring Harness.

28861-07A $39.95
Fits ’07-17 Twin Cam-equipped models. Can be used with Original Equipment or Screamin’ Eagle Cylinder Heads. Does not fit with Twin-Cooled™ engines. (each)

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
D. SCREAMIN’ EAGLE® HIGH CAPACITY OIL PAN

Keep your engine running cooler by increasing your Touring bike’s oil capacity. A great addition to a high-performance motor or for the rider who tours in extreme temperature conditions, the Screamin’ Eagle® cast-aluminum oil pan is designed to increase the oil capacity by 1.5 quarts over the Original Equipment pan. Increased capacity means the oil cycles through the engine less frequently and the oil can remain in the pan for a longer period of time. The cast-in internal baffles manage the flow to the oil pickup and keep the hot oil exposed to the heat-conducting ribbed aluminum sump. Kit includes cast aluminum oil pan and pan gasket.

24400099 $599.95
Fits ’09–’16 Touring models. Does not fit with Oil Temperature Gauge – Fairing Mount P/N 70900284, 70900283, 70900176 and 70900193. Does not fit Trike models.

E. SCREAMIN’ EAGLE LEFTY BEARING

When high-performance engine modifications are made, the increased torque is transferred via the crankshaft to the drive system, putting a significantly higher load on the bearing. The Lefty Bearing is case hardened on the inner and outer race to provide increased load capacity and enhanced durability in high-torque applications. The bearing is installed in the left side of the crank case and supports the output shaft to the primary drive system. Actual bearing color may vary.

24004-03B $45.95
Fits ’03–’17 Twin Cam-equipped models and ’17-later Milwaukee Eight models.

F. SCREAMIN’ EAGLE TIMKEN® BEARING SLEEVE

Convert a 2003-later Twin Cam model with a factory-installed roller bearing to a Timken® tapered bearing. When used with Screamin’ Eagle Timken Bearing Tool P/N 34823-08 (sold separately), the Bearing Sleeve can be installed without precision machining. Sleeve accepts press-in Timken bearing (sold separately).

34822-08 $134.95
Fits ’03–’17 Twin Cam-equipped models. Installation requires separate purchase of model-specific Sprocket Spacer: ’03–’05 Dyna® use P/N 24038-99A, ’03–’06 Softail® use P/N 24039-01A, ’03–’06 Touring use P/N 24008-99 and ’06-later Dyna and ’07-later Softail, Touring and Trike models use P/N 11887. Requires separate purchase of Tapered Roller Bearing Set P/N 9028.
SPORTSTER® POWERTRAIN

Screamin’ Eagle® Stage upgrades offer complete street-compliant performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, Stage upgrades include everything you need to enhance your bike’s performance.

STAGE I

INTAKE + EXHAUST + TUNING

The easiest and most cost-effective step to improve your motorcycle’s performance is to increase the air flow into and out of the engine. A high-flow air cleaner and system-matched slip-on mufflers provide horsepower and torque improvements you can feel throughout the RPM range, and serve as the core components for all performance upgrades. ECM calibration is required to tune the fuel flow and timing required to accommodate the improved airflow.

Stage I upgrade can be installed without engine disassembly. No special tools are required. Requires ECM tuning.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.

* 14-later XL1200 Stage II with Heavy Breather A/C & Street Cannon Mufflers
STAGE II

STAGE I + CAM UPGRADE
Adding performance cams to a Stage I equipped bike is the next step to improved performance. Cam choices allow you to tailor the engine’s performance to your specific needs. A torque cam offers on-demand throttle response from low to mid RPM at cruising speed. A power cam targets high-RPM, wide-open throttle response that keeps pulling right up to redline. ECM calibration tuning is required to accommodate the increased valve timing, and performance valve springs may be required for high-lift cams.

STAGE IV

STAGE I + CAMS, PISTONS, CYLINDER HEADS & THROTTLE BODY
For maximum performance improvement, the addition of high-compression pistons, free-flowing ported cylinder heads and a big bore throttle body top off a performance build. The large-diameter throttle body and port-matched intake manifold deliver huge volumes of fuel and air to the engine, the smooth passages and larger valves easily dump the mixture into the engine and the high compression pistons squeeze the air/fuel into a more volatile vapor. When ignited, the result is a major power increase. Designed to satisfy the high-RPM, throttle-twisting rider, the Stage IV update delivers 20-30% increase in power that keeps pulling right up to the redline, without sacrificing mid-range torque. ECM calibration tuning is required to add more fuel, and a higher-lift cam may be required to deliver maximum power.
A. SCREAMIN’ EAGLE HEAVY BREATHER PERFORMANCE AIR CLEANER KIT

This high-flow forward-facing exposed element Air Cleaner Kit is sure to turn heads at the starting line. Featuring a polished elbow and exposed filter, this unique air cleaner system offers improved performance and airflow when compared to the stock or Screamin’ Eagle® High-Flow Air Cleaner. The washable and rechargeable filter features a bright chrome end cap with a laser-engraved Screamin’ Eagle logo. Intake tube and back plate are made from die-cast lightweight aluminum and are polished and chrome-plated or painted black for a brilliant finish. The back plate features integral breathers and sealed breather bolt plug. Kit includes a water-repellent rain sock and all mounting hardware. 50-State U.S. EPA compliant.

Fits ‘08-later XL models with Original Equipment Throttle Body. All models require ECM calibration for proper installation. ‘17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

29264-08A Chrome. $329.95
29080-09A Gloss Black. $329.95

Fits ’14-later XL1200 model equipped with Screamin’ Eagle High Flow 58mm Throttle Body. All models require ECM calibration for proper installation. ‘17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

29400228 Chrome. $349.95
29400227A Gloss Black. $349.95

NOTE: The washable and rechargeable filter uses a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. The original red color can be restored with an application of K&N® Air Filter Oil.

B. SCREAMIN’ EAGLE HEAVY BREATHER FILTER COVER – TEARDROP

Dress up the Heavy Breather Air Cleaner with this radical cover. Manufactured from forged aluminum and precision CNC-machined and polished, these easy-to-install two-piece covers add a rich custom look. Cover is available in mirror-chrome or cut back gloss black finish to match your customizing direction. Kit includes water-repellent rain sock.

Fits models equipped with Screamin’ Eagle Heavy Breather Air Cleaner Kits (except Compact Heavy Breather P/N 28716-10A, Heavy Breather Elite P/N 29400173, 29400372 or 29400285, and Milwaukee-Eight Heavy Breather P/N 29400263 or 29400264).

29400061A Cut Back Gloss Black – Side Logo. $174.95
28739-10A Cut Back Gloss Black – End Logo. $174.95
28740-10A Chrome – End Logo. $174.95
C. SCREAMIN’ EAGLE® PERFORMANCE AIR CLEANER KIT – RAIL COLLECTION

The look is bold and the performance exhilarating. This race-inspired air cleaner is engineered to flow through the perimeter and the face of the air filter, providing high volumes of unrestricted airflow to the engine. The open-design face plate features a rich black finish with machined longitudinal strakes to expose the glowing aluminum below. Kit includes air cleaner trim, one-piece cast back plate, high-flow washable air filter element, rain sock and all required hardware. 50-State U.S. EPA compliant.

29400232A $299.95

Fits ‘07-later XL models with Original Equipment throttle body. All models require ECM calibration for proper installation. ‘17-later models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately).

D. SCREAMIN’ EAGLE EXTREME BILLET AIR CLEANER KIT

The bold styling of this intake system looks just as impressive as the long patch of burnout rubber you just laid down. The forged billet aluminum cover tops off a cast back plate with integral breather for a smooth transition to the throttle body. The race-inspired air cleaner is engineered to flow high volumes of air and the washable pleated element provides the ideal combination of efficiency and engine protection. Available in your choice of style and finish, this easy-to-install kit includes all mounting hardware and rain sock. 50-State U.S. EPA compliant.

Fits ‘07-later XL models with Original Equipment throttle body. All models require ECM calibration for proper installation. ‘17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

29400128 Chisel – Chrome. $349.95
29400127 Chisel – Cut Back Gloss Black. $349.95

NOTE: The washable and rechargeable filter uses a special coating to help filter fine particles from the incoming air. With time, the oil in the filter will dissipate and the element will begin to turn gray. The original red color can be restored with an application of K&N® Air Filter Oil.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
A. SCREAMIN’ EAGLE® OVAL HIGH-FLOW AIR CLEANER – SPORTSTER®

The XL High-Flow Air Cleaner Kit provides increased airflow to boost the power of your fuel-injected Sportster® model. The complete kit features a composite air cleaner back plate, air cleaner cover adapter, a high-flow washable synthetic media filter element that does not require oiling and a breather system that routes gasses and excess oil directly into the intake. Kit also includes cover trim and all mounting hardware. Street compliant when used with stock mufflers.

29782-07
$154.95
Fits ’07-later XL models with Original Equipment throttle body and oval air cleaner cover. All models require ECM calibration for proper installation. ’17-later models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately). 50-State U.S. EPA compliant.

29042-04C
$144.95
Fits ’04-’06 XL models with stock oval air cleaner cover. XLR200V requires separate purchase of oval air cleaner cover P/N 29084-04DH. For race application only.

29066-03B
$154.95
Fits ’88-’03 XL models. For race application only.

B. SCREAMIN’ EAGLE ROUND HIGH-FLOW AIR CLEANER – SPORTSTER

The XL High-Flow Air Cleaner Kit provides increased airflow to boost the power of your fuel-injected Sportster model. Available with brilliant chrome or gloss black back plate, this Round Air Cleaner transforms the appearance of your Evolution powerplant and allows you to replace the Original Equipment oval air cleaner cover with your choice of accessory round covers. Or choose to flaunt your performance gains with the open element look, finished with custom Air Cleaner Trim from one of the Harley-Davidson® decorative collections. Kit includes one-piece cast back plate, high-flow washable air filter element and all required hardware. Street compliant when used with stock mufflers. 50-State U.S. EPA compliant.

Fits ’07-later XL models with Original Equipment throttle body and round air cleaner cover or round air cleaner Trim. Proper installation with round air cleaner cover requires separate purchase of air cleaner cover P/N 25700127. All models require ECM calibration for proper installation. ’17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

29000019A
Chrome. $149.95

29000009A
Black. $149.95

C. SCREAMIN’ EAGLE AIR CLEANER RAIN SOCK

Add the open-element look to your Screamin’ Eagle High-Flow style Air Cleaner. This easy-to-install kit allows you to replace the traditional Original Equipment air cleaner cover with custom inserts from one of the H-D® Decorative Collections. Kit includes a breathable mesh cover with classic Bar & Shield logo that stretches over the filter to maximize airflow while protecting the exposed element from the rain. Fits traditional cone-shaped air cleaner elements featured in many Screamin’ Eagle Twin Cam Stage Kits.

28728-10
Fits Screamin’ Eagle Round High-Flow Air Cleaner Kits.

$25.95
D. SCREAMIN’ EAGLE STREET CANNON SLIP-ON MUFFLERS – SPORTSTER SHORTY DUAL, CHROME
(SHOWN WITH CHROME SLASH END CAPS AND BUCKSHOT EXHAUST SHIELDS)

E. SCREAMIN’ EAGLE STREET PERFORMANCE SLIP-ON MUFFLERS – SPORTSTER SHORTY DUAL
(SHOWN WITH JET BLACK SLASH END CAPS AND BUCKSHOT EXHAUST SHIELDS)

NOTE: Due to increased diameter of these mufflers some realignment of head pipes is usually required. It is recommended to replace exhaust port gaskets, P/N 65324-83A (stock) or P/N 17048-98 (performance), to avoid tendency of head pipes to return to original position when re-tightened.

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
F. SLOTTED EXHAUST SHIELD KIT
Add a custom touch to your ride. These formed steel exhaust shields are available in tough heat-resistant satin black or bronze finishes that look just right when paired with black Screamin’ Eagle® Street Cannon Slip-On Mufflers. The slotted cutouts are backed with textured stainless inserts to provide a raw, hand-crafted look. Manufactured to Original Equipment standards for exact fit, these easy-to-install kits include front and rear head pipe shields.

Fits ’14-later XL models.
65400404 Bronze. $199.95
65400422 Satin Black. $199.95

G. BUCKSHOT EXHAUST SHIELD KIT
These custom shields feature a perforated “Buckshot” design that exposes the head pipe for a raw, rebellious look. Available in your choice of finishes, these exhaust shields are a perfect match for Original Equipment or Screamin’ Eagle mufflers and provide a consistent look from front to back. Manufactured to Original Equipment standards for exacting fit, the easy-to-install kit includes front and rear head pipe shields.

Fits ’14-later XL models.
65400137A Jet Black. $159.95
65400143 Chrome. $159.95

Fits ’04–’13 XL models.
64924-09 Jet Black. $159.95

H. SCREAMIN’ EAGLE® MUFFLER SHIELDS
Styled to complement the ballistic inlet shape of the Screamin’ Eagle Street Performance Slip-On Mufflers. The rear shield features a deep embossed Screamin’ Eagle signature script. Available in chrome and jet black. Easy-to-install kit includes front and rear shields and mounting hardware.

Fits ’07-later XL, ’07–’17 Dyna® (except ’08–’17 FLD, FXDF, FXDL and ’10–latter FXDWG) and ’07–’17 Softail® models equipped with Screamin’ Eagle Street Performance Mufflers.
64806-07A Chrome. $59.95
65400078 Jet Black. $129.95

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
A. SCREAMIN’ EAGLE® PERFORMANCE II SE-585 CAM KIT—SPORTSTER®
The high-lift full throttle cam kit provides significant horsepower gains when coupled with high-flowing exhaust and intake components, and is a great fit for full-throttle horsepower junkies. 50-State U.S. EPA compliant (exception below).

25400125 $359.95
Fits ‘14-later XL1200 models. Requires installation of Performance Cylinder Heads P/N 16500074 or 16500347, or upgrade of Original Equipment heads with Performance Valve Spring Kit P/N 18012-03A. All models require ECM calibration for proper installation. ‘17-later models require recalibration with Screamin’ Eagle® Pro Street Tuner (sold separately). Pending regulatory approval for ‘20 models. Refer to the product information at www.H-D.com/shop for status.

B. SCREAMIN’ EAGLE SPORTSTER CONVERSION KIT—883CC TO 1200CC
Upgrade displacement and performance of your track-dedicated Iron 883™ model. The all-black big bore cylinders bump your engine’s displacement to 1200cc and the matching 10:1 high-compression pistons are engineered to maximize the performance with the Original Equipment cylinder heads.

Kit includes:
- XL1200 Cylinders
- High Compression 10:1 Pistons
- SE Pro XL Cams
- Heavy Duty Clutch Spring
- Top End Gasket Kit

The high-performance Screamin’ Eagle cams (25197-04) are designed to complement the stock lifters, valve springs and rocker arms. Complete kit includes top-end gaskets, and performance clutch spring. For race application only.

29836-10A Black Non-Highlighted. $999.95
Fits ‘07-later XL883 models.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
SCREAMIN' EAGLE® SPORTSTER® CONVERSION KIT – 883CC TO 1200CC

Make your Iron 883™ model roar. This complete conversion kit will alter the personality of your 883-equipped Sportster® model. Designed to bring your XL883 model up to XL1200 specifications. No case machining is required for installation. 50-State U.S. EPA compliant.

Kit includes:
- Sportster High-Flow Air Cleaner Kit
- XL1200 Cylinder Heads
- XL1200 Cylinders
- XL1200 Pistons and Rings
- Heavy Duty Clutch Spring
- Top End Gasket Kit

29784-07 Black Highlighted. $1,199.95
Fits 50-State '07-later XL883 models. All models require ECM calibration for proper installation. '17-later models require recalibration with Screamin' Eagle® Pro Street Tuner (sold separately).

30003-10 Black Non-Highlighted. $1,199.95
Fits 50-State '08-later XL883 models. All models require ECM calibration for proper installation. '17-later models require recalibration with Screamin' Eagle Pro Street Tuner (sold separately).

* 883 to 1200 Conversion with Street Cannon Mufflers

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN' EAGLE® SPORTSTER® STAGE IV

Maximize the horsepower and torque available for your street compliant Sportster® model. This complete engine package includes all the components you need to build a high-performance ride while still retaining the original factory warranty. Installation does not require removal of the powertrain from the chassis.

Kit includes:
- CNC-Ported Cylinder Heads with Performance Valve Springs
- Screamin' Eagle® XL SE-585 Cams
- Forged Hi-Compression 10.5:1 Pistons and Rings
- 58mm Throttle Body and Intake Manifold
- Top End Gasket Kit

Fits '14-later XL1200 models. Requires separate purchase of 58mm compatible accessory air cleaner. All models require ECM calibration for proper installation. '17-later models require recalibration with Screamin' Eagle Pro Street Tuner (sold separately). Pending regulatory approval for 20 models. Refer to the product information at www.H-D.com/shop for status.

92500041 Black Highlighted Heads. $2,159.95
92500042 Black Non-Highlighted Heads. $2,159.95

Fits '07-'13 XL1200 models. Also fits XL883 models with separate purchase of large bore 1200cc cylinders. Requires separate purchase of accessory 58mm compatible air cleaner. For race application only.

92500029A Black Highlighted Heads. $2,159.95
92500030A Black Non-Highlighted Heads. $2,159.95

### A. SCREAMIN’ EAGLE® HIGH-FLOW 58MM EFI THROTTLE BODY AND MANIFOLD – SPORTSTER® MODELS

This massive 58mm bore Throttle Body is extruded, precision machined and anodized to provide all the air you’ll need to dominate at the track. This kit includes a system-matched high-flow intake manifold. All EFI-equipped models require ECM calibration (sold separately).

- **27200026** Black Finish. $499.95
  - Fits ’14-later XL1200 models. Requires separate purchase of 58mm Screamin’ Eagle® Air Cleaner Kit P/N 29400227 or 29400228.

### B. SCREAMIN’ EAGLE PRO HIGH-FLOW INJECTOR – 4.3 g/s

Injectors provide fuel delivery at the rate of 4.3 grams/second. All EFI-equipped models require ECM calibration (sold separately). **For race application only.**

- **27609-01B** $79.95
  - Fits XL models equipped with Screamin’ Eagle 58mm Throttle Body P/N 27200026.

### C. DYNOJET® KIT

A premium performance modification kit for models with Original Equipment CV carburetors. Works well with free-breathing intake and exhaust. **For race application only.**

- **29045-97B** $84.95
  - Fits ’96–’05 Evolution®-equipped XL883 and XL1200 models (except 1200S) and 1340-equipped models with Original Equipment CV carburetors.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
A. SCREAMIN’ EAGLE® RACE VALVE SPRING KIT
This straight coil double spring Race Valve Spring Kit will allow the engine to rev to 7000 RPM and enable the use of higher-lift cams. Complete kit includes springs, upper and lower collars and valve keys.

B. SCREAMIN’ EAGLE PERFORMANCE VALVE SPRING KIT
This performance beehive-shaped Valve Spring Kit will permit the Sportster® engine to rev to 7000 RPM. The unique ovate wire yields increased performance from a compact spring design. The installed spring pressure is increased to 208 lbs, and allows a maximum lift of .590". Complete kit includes springs, upper collars and keepers and lower collars with integral valve seals.

18013-03A $159.95
Fits ‘04-later XL and ‘05-’17 Twin Cam models with stock cylinder heads. Does not fit FXDLS, FLSS, FLSTFBS or Screamin’ Eagle Performance Heads with .3125" diameter valves.

Also available:
SCREAMIN’ EAGLE VALVE SPRING SHIM KIT
This Valve Spring Shim Kit allows the engine builder to adjust spring pressure by combining various-thickness shims. The kit is a great help when trying to obtain consistent spring pressure across all valves. Kit includes 12 shims (4 each: .015" .030", .060" thickness).

18226-03 $11.95
Fits ‘04-later XL and ‘05-’17 Twin Cam models equipped with Valve Spring Kit P/N 18344-05. Also fits ’99-’04 Twin Cam, all Evolution® 1340 and ‘86-‘03 XL models equipped with Valve Spring Kit P/N 18013-03A.

C. SCREAMIN’ EAGLE HIGH-PERFORMANCE HEAD GASKET KIT
This kit contains a pair of specially designed laminated steel head gaskets for improved sealing in higher-performance engines. Can be used on stock compression engines or on Evolution 1340 high-compression applications (over 10:1) when installed with High Tensile Evolution Cylinder Stud Kit (P/N 16503-01 or 17004-01).

17056-01 $49.95
Fits Evolution 1340-equipped models and XL1200 models.

D. SCREAMIN’ EAGLE HIGH TENSILE CYLINDER STUD KIT
This 8-piece High Tensile Cylinder Stud Kit is a must for the serious engine builder. The studs feature a unique thread design and enhanced material properties to withstand the forces of a high-compression engine.

17004-01 $49.95
Fits ‘86-later XL models. For XL1200 models with compression ratio over 10:1, use with High-Performance Head Gasket Kit P/N 17056-01.

*NOTICE: Proper valve spring to rocker cover clearance must always be verified during installation of Screamin’ Eagle Valve Spring Kits. Failure to have adequate clearance may result in engine damage.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
NOTICE: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.

**E. SCREAMIN’ EAGLE® ROLLER ROCKER ARMS**

Unique roller-tip design increases strength and reduces valve stem side-loading and tip friction. Built to handle cams with up to .700” lift in high RPM application. Complete kit includes set of four.

- **17378-98** $469.95
  - Fits ’84-’99 Evolution® 1340-equipped models, ’86-later XL and XR models and ’99-’17 Twin Cam-equipped models.
  - (Modification is required on Twin Cam rocker covers.)

**F. SCREAMIN’ EAGLE PRO ROCKER ARMS – 1.725:1 RATIO**

Manufactured from the forging used for Original Equipment rocker arms for enhanced integrity, these Screamin’ Eagle® Rocker Arms feature a lift ratio of 1.725:1 verses the stock ratio of 1.65. The larger ratio will increase valve opening to enhance power output on larger displacement engines. As with all performance products, these Rocker Arms should be installed by a qualified technician to ensure appropriate clearances between valves and pistons. Kit includes four rocker arms. **For race application only.**

- **17396-08** $199.95
  - Fits ’84-’99 Evolution 1340-equipped models, ’86-later XL models and ’99-’17 Twin Cam-equipped models.

**G. SCREAMIN’ EAGLE HIGH-CAPACITY TAPPETS**

This latest version of the Screamin’ Eagle High-Capacity Tappet incorporates a special heat treatment on the bearing needles and axle. In addition to the already proven, 25% larger, high-capacity needle bearings, this new heat treatment increases material hardness and compressive strength, ultimately enabling the tappet to withstand the grueling engine speeds and high valve lift found in many performance engine configurations. The newest technology is identified with a laser-etched “SE” on the axle of the tappet (shown in product image). Set of 4.

- **18572-13** $249.95
  - Fits ’18-later Milwaukee-Eight®-equipped models, ’99-’17 Twin Cam-equipped models and ’00-later XL and XR models.

**H. SCREAMIN’ EAGLE TAPPETS**

These Screamin’ Eagle® Tappets incorporate a unique axle, roller and bearing design that increases durability and stability of the tappets. Works well in high horsepower/high RPM applications.

- **18568-98** $259.95
  - Fits ’84-’99 Evolution 1340-equipped models and ’86-’90 XL models. (set of 4)

**I. SCREAMIN’ EAGLE PRO PERFECT FIT PUSHRODS**

These one-piece tapered pushrods are stiffer than conventional pushrods and are lighter than adjustable pushrods. These are perfectly sized for the engine builder using Screamin’ Eagle CNC ported heads or milled OE cylinder heads and an OE cam set. Sold in sets of 4.

- **18424-06** - .050” $119.95
  - Fits ’92-later XL models equipped with Screamin’ Eagle Pro Sportster® Cylinder Heads P/N 16677-05.

*NOTE: In race applications, high-lift cams and stiff valve springs put extreme pressure on the engine’s lifters and pushrods. At 7000 RPM, instantaneous forces of up to 1200 lbs. can be experienced. This severe dynamic loading can lead to accelerated tappet wear. In these applications, we suggest installation of Screamin’ Eagle High-Capacity Tappets and periodic tappet inspection and replacement to maximize engine life.*

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.
**108 SPORTSTER® Builders Components**

**A. SPORTSTER® XL1200CC CYLINDERS**

- For 5- and 6-speed models, when upgraded with XL1200 conversions.
- For race application only. Engine machining may be required for proper fitment. For 1200cc conversion, no cyliner heads are sold separately. Two are required for the conversion. All EPI models require ECM calibration (priced separately).

**B. SCREAMIN' EAGLE® PERFORMANCE II SE-585**

**CAM KIT—SPORTSTER**

- The high-lift full throttle cam kit provides significant horsepower gains when coupled with high-flowing exhaust and intake components, and is a great fit for full throttle horsepower junkies. 50-State U.S. EPA compliant.
- Theoretical, based on rocker arm ratio of 1.65. Valve train components, operation temperature and tolerance stack-up will affect actual lifts.

C. SCREAMIN' EAGLE® PRO CNC PORTED FACTORY CYLINDER HEADS – SPORTSTER®

CNC Ported Heads offer a cost-effective approach to upgrading the performance of your motorcycle. The intake and exhaust ports are meticulously machined for smooth surfaces, improving the flow characteristics of air and fuel in order to provide enhanced performance. But it doesn’t end there; the proven stock valves rest in reshaped valve seats to further improve flow rates. The combustion chambers have been machined for smooth surfaces and feature a blended radius on the bathtub edge to reduce detonation by eliminating hot spots and promoting improved combustion. The head gasket surface has been milled to maintain stock combustion chamber volume (59.9cc), which results in stock compression when used with Original Equipment pistons. Compression can be increased with the installation of Screamin’ Eagle® high-compression pistons. Heads are assembled with Original Equipment valves and high-performance valve springs that support cams with lift up to .585”. All EFI models require ECM calibration (priced separately). For race application only.

16500074  Black Non-Highlighted.  $899.95  Fits '07-later XL1200 models. Requires installation of Perfect Fit Pushrod Kit (.050") P/N 18424-06 when installed with Original Equipment cams.

16500347  Black Highlighted.  $899.95  Fits '07-later XL1200 models. Requires installation of Perfect Fit Pushrod Kit (.050") P/N 18424-06 when installed with Original Equipment cams.

16500164  Black Highlighted.  $899.95  Fits '92-'06 XL1200 models (except '98-'03 XL1200S). Requires installation of Perfect Fit Pushrod Kit (.050") P/N 18424-06.

D. SCREAMIN' EAGLE PRO XL1200 FORGED HIGH-COMPRESSION PISTON KIT

Designed to develop a 10.5:1 compression ratio when combined with stock heads or when combined with Screamin’ Eagle Performance Heads. These forged pistons have been plated with electroless-nickel for maximum durability in high-performance applications. Kit includes a pair of pistons, wrist pins, rings and circlips. All EFI models require ECM calibration (priced separately). For race application only.

22711-04A  Standard Bore.  $299.95  Fits '04-later XL1200 models with Original Equipment cylinder heads and '07-later XL1200 models with Screamin’ Eagle Cylinder Heads P/N 16500074 or 16500347. Also Fits ’92-'06 XL1200 models with Screamin’ Eagle Cylinder Heads P/N 16500164.

E. SCREAMIN' EAGLE PRO FORGED HIGH-COMPRESSION XL883 TO 1200 CONVERSION PISTON KIT

Convert your XL883 to a full 1200cc with this Piston Kit. These forged pistons have a redesigned “dished” top that has been optimized for use with stock 883 heads. Compression ratio is increased to 10:1 and works great with Screamin’ Eagle cams. Kit includes pistons, rings, pins and circlips. All EFI models require ECM calibration (priced separately). For race application only.

Fits ‘86-later XL883 models with stock heads. Requires separate purchase of 1200cc cylinders and gaskets.

22698-01A  Standard Bore.  $299.95

22700-01A  +.010” o/s.  $299.95

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
STREET™ REVOLUTION® X™ POWERTRAIN

Screamin’ Eagle® Stage upgrades offer performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, Stage upgrades include everything you need to enhance your bike’s performance. You can start with key components that give you a bump in power right now, add components as time and budget permits or you can go for it all at once.

STAGE I

INTAKE + EXHAUST + TUNING
The easiest and most cost-effective step to improve your motorcycle’s performance is to increase the airflow into and out of the engine. A high-flow air cleaner and system-matched slip-on mufflers provide horsepower and torque improvements you can feel throughout the RPM range, and serve as the core components for all performance upgrades. ECM calibration is required to tune the fuel flow and timing required to accommodate the improved airflow.

Stage I upgrade can be installed without engine disassembly. No special tools are required. Requires ECM tuning.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.
A. SCREAMIN’ EAGLE® EXTREME BILLET AIR CLEANER KIT

The bold styling of this intake system looks just as impressive as the long patch of burnout rubber you just laid down. The forged billet aluminum cover tops off a cast back plate with integral breather for a smooth transition to the throttle body. The race-inspired air cleaner is engineered to flow high volumes of air and the washable pleated element provides the ideal combination of efficiency and engine protection. Available in your choice of style and finish, this easy-to-install kit includes all mounting hardware and rain sock. All models require ECM calibration (priced separately). For race application only.

Fits ’15-later XG models. Recalibration is required for proper installation.

- 29400208 Agitator – Cut Back Gloss Black. $349.95
- 29400207 Chisel – Cut Back Gloss Black. $349.95

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
112 STREET™ REVOLUTION X™
Stage I Upgrade – Intake

A. SCREAMIN’ EAGLE PERFORMANCE AIR CLEANER KIT – STREET ROD®
This kit provides a freer breathing capability to pump up the power of your EFI-equipped motorcycle. Air Cleaner features a washable, high-flow, oiled cotton media element. Kit includes a high-flow air filter element, Screamin’ Eagle® Air Cleaner Medallion and all required hardware. ECE and 50-State U.S. EPA compliant.

29400350 $79.95
Fits ’17-later XG750A models.

Also available:
SCREAMIN’ EAGLE AIR CLEANER INSERT
Dress your air cleaner in style. Easy-to-install medallion features brilliant Screamin’ Eagle script set against a rich black background. Self-adhesive backing for easy installation.

61300835 $19.95
Fits ’17-later XG750A models.

B. SCREAMIN’ EAGLE PERFORMANCE AIR CLEANER KIT – STREET
This kit provides a freer breathing capability to pump up the power of your EFI-equipped motorcycle. Air Cleaner features a washable high-flow, oiled cotton media element. Kit includes a high-flow air filter element, Screamin’ Eagle Air Cleaner Medallion and all required hardware. 50-State U.S. EPA compliant.

29400197 $89.95
Fits ’15-later XG models (except XG750A). ’17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately). Labor cost not included. See Dealer for details.

Also available:
SCREAMIN’ EAGLE AIR CLEANER MEDALLION
Dress your air cleaner in style. Easy-to-install medallion features brilliant Screamin’ Eagle script and Harley-Davidson® lettering set against a rich black background. Self-adhesive backing for easy installation.

61300364A $19.95
Fits ’15-later XG models (except XG750A).

C. SCREAMIN’ EAGLE 10MM PHAT SPARK PLUG WIRES
Fat 10mm plug wires add dimension and style to your ride. Screamin’ Eagle boot design and suppression core wires ensure solid connection and maximum voltage transfer between coil and plugs. Screamin’ Eagle logo printed along the wire to add style.

Fits ’15-later XG models.

31600048A Black. $29.95
31600054A Red. $29.95
31600051A Orange. $29.95

D. MUFFLER END CAP – EDGE CUT
This Edge Cut End Cap kit allows you to personalize your Original Equipment mufflers. These easy-to-install caps are dressed with the same black-anodized finish as the Edge Cut Collection for a consistent look front to back and feature machined aluminum accents for a modern touch.

65100056 $89.95
Fits ’15-later XG models (except XG750A) with Original Equipment muffler.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
E. SCREAMIN’ EAGLE® STREET PERFORMANCE SLIP-ON MUFFLER

These street-compliant high-flow mufflers have been specifically tuned to deliver an aggressive exhaust note and improved performance. Developing a rich exhaust note throughout the RPM range, these mufflers provide deep bass rumble and a throaty tone while on the throttle. The heat-resistant satin black ceramic finish complements the blacked-out look of the Street Rod® model, and the contrasting bright stainless end cap is finished with a laser-engraved Screamin’ Eagle logo for a finishing touch.

64900683 $324.95
Fits ’17-later XG750A models. All models require ECM calibration with Screamin’ Eagle® Pro Street Tuner (sold separately). 50-State U.S. and ECE compliant.

F. SCREAMIN’ EAGLE NIGHTSTICK 2-INTO-1 SLIP-ON MUFFLER – JET BLACK

Tuned by the factory for the ultimate combination of rich tone and legal sound levels, this slip-on muffler is the perfect match for your Harley-Davidson® model. The high-flow design of the external diffusion discs produces plenty of low-end “guts” to get your bike away from the light and a fat torque curve that gets you quickly around slow-moving traffic. The multiple stainless steel diffusion discs and domed end cap deliver an aggressive raspy sound. Available in jet black finish, these long and lean pipes feature an embossed Screamin’ Eagle logo. Easy to install. 50-State U.S. EPA compliant.

64900220 $349.95
Fits ’15-later XG models (except XG750A). ’17-later models require recalibration with Screamin’ Eagle Pro Street Tuner (sold separately).

G. SCREAMIN’ EAGLE BUCKSHOT EXHAUST SHIELD KIT – JET BLACK

These custom exhaust shields feature a perforated Buckshot design to expose the head pipe for a raw rebellious look. These exhaust shields are a perfect match for Original Equipment or Screamin’ Eagle muffler and complement the blacked out Harley-Davidson Street® model. Manufactured to Original Equipment standards for exacting fit, the easy-to-install kit includes front and rear head pipe shields.

65400167 $149.95
Fits ’15-later XG models.

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Blueing is caused by tuning characteristics, cam timing, carburetor jetting, over-heating, etc. and is not caused by defective manufacturing.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.
The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
**EVOLUTION® 1340 POWERTRAIN**

Screamin’ Eagle® Stage upgrades offer performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, Stage upgrades include everything you need to enhance your bike’s performance. You can start with key components that give you a bump in power right now, add components as time and budget permits or you can go for it all at once.

- Slip-Fit Mufflers
A. SCREAMIN’ EAGLE® PRO AIR CLEANER AND BREATHER KIT – CARBURETED EVOLUTION® 1340-EQUIPPED MODELS
Back plate includes cast-in venturi and improved mounting system. Larger filter element is washable, does not require oiling and provides more capacity for bigger airflows and power. Breather manifold and all required hardware are included. For race application only.

29543-99B $169.95
Fits ’93–’99 Evolution® 1340-equipped models equipped with stock CV carburetor, 42mm or 45mm Flatslide carburetor or 44mm CV carburetor.

B. SCREAMIN’ EAGLE PRO BIG BORE 44MM CV CARBURETOR KIT
This carb kit is exclusive to Screamin’ Eagle® parts. The CV (constant velocity) design creates smooth air/fuel delivery for exceptional low- and mid-range power. The big 44mm bore allows this carb to feed even the most air hungry engine at high RPM. Easy to install with stock cables. Screamin’ Eagle Intake Manifold required for proper fitment. Separate purchase of Screamin’ Eagle High-Flow Air Cleaner Kit is recommended for optimal performance. This 44mm CV carburetor is not cruise-control compatible. For race application only.

27934-99 $309.95
Fits ’90–’99 carbureted Evolution 1340-equipped models, ’99–’06 carbureted Twin Cam-equipped models.

C. SCREAMIN’ EAGLE PRO BIG BORE INTAKE MANIFOLD
This intake manifold is required for use with the Screamin’ Eagle 44mm CV and 45mm Flatslide Carburetors. Can also be used with 42mm Flatslide or your stock CV carburetor. For race application only.

29636-99 $89.95
Fits ’90–’99 Evolution 1340-equipped models.

Also available: (not shown)
DYNOJET® KIT
A premium performance modification kit for models with Original Equipment CV carburetors. Works well with free-breathing intake and exhaust. For race application only.

29045-97B $84.95
Fits ’96–’06 Evolution-equipped XL883 and XL1200 models (except 1200S) and 1340-equipped models with Original Equipment CV carburetors.
116  EVOLUTION® 1340
Builders Components

A. SCREAMIN’ EAGLE® RACE
VALVE SPRING KIT*
This straight coil double spring Race Valve Spring Kit will allow
the engine to rev to 7000 RPM and enable the use of higher-lift
cams. Complete kit includes springs, upper and lower collars
and valve keys.
18281-02A  5/16” dia. Valve Stems.  $164.95
Fits ’99-’04 Twin Cam, all Evolution® 1340 and
’86-’03 XL models. (not shown)
Also available:
SCREAMIN’ EAGLE VALVE SPRING SHIM KIT
This Valve Spring Shim Kit allows the engine builder to adjust
spring pressure by combining various-thickness shims. The
kit is a great help when trying to obtain consistent spring
pressure across all valves. Kit includes 12 shims (4 each: .015”,
.030”..060” thickness).
18226-03  $11.95
Fits ’04-later XL and ’05-’17 Twin Cam models equipped with
Valve Spring Kit P/N 18344-05. Also fits ’99-’04 Twin Cam, all
Evolution 1340 and ’86-’03 XL models equipped with Valve
Spring Kit P/N 18013-03A.

B. SCREAMIN’ EAGLE ROLLER ROCKER ARMS
Unique roller-tip design increases strength and reduces valve
stem side-loading and tip friction. Built to handle cams with
up to .700” lift in high RPM application. Complete kit includes
set of four.
17378-98  $469.95
Fits ’84-’99 Evolution 1340-equipped models, ’86-later XL
and XR models and ’99-’17 Twin Cam-equipped models.
(Modification is required on Twin Cam rocker covers.)

C. SCREAMIN’ EAGLE PRO ROCKER
ARMS – 1.725:1 RATIO
Manufactured from the forging used for Original Equipment
rocker arms for enhanced integrity, these Screamin’ Eagle®
Rocker Arms feature a lift ratio of 1.725:1 verses the stock
ratio of 1.65. The larger ratio will increase valve opening to
enhance power output on larger displacement engines. As
with all performance products, these Rocker Arms should be
installed by a qualified technician to ensure appropriate clear-
ances between valves and pistons. Kit includes four rocker
arms. For race application only.
17396-08  $199.95
Fits ’84-’99 Evolution 1340-equipped models, ’86-later XL
models and ’99-’17 Twin Cam-equipped models.

D. SCREAMIN’ EAGLE TAPPETS*
These Screamin’ Eagle Tappets incorporate a unique axle,
roller and bearing design that increases durability and stability
of the tappets. Works well in high horsepower/high RPM
applications.
18568-98  $259.95
Fits ’84-’99 Evolution 1340-equipped models and
’86-’90 XL models. (set of 4)

*NOTE: In race applications, high-lift cams and stiff valve
springs put extreme pressure on the engine’s lifters and
pushrods. At 7000 RPM, instantaneous forces of up to 1200
lbs. can be experienced. This severe dynamic loading can lead
to accelerated tappet wear. In these applications, we suggest
installation of Screamin’ Eagle High-Capacity Tappets and
periodic tappet inspection and replacement to maximize
engine life.

A. SCREAMIN' EAGLE® PRO HIGH-COMPRESSION FORGED PISTON KITS FOR SE EVOLUTION® 1340 HEAD-EQUIPPED MODELS*

These 10.5:1 forged pistons, when used with Screamin' Eagle® 1340 Cylinder Heads, are designed to produce high compression ratios for full race applications. Kits include pins, clips and rings. For race application only.

22767-98  +.010” o/s.  $299.95
For use only with Screamin’ Eagle Performance Cylinder Heads '84-'99 Evolution® 1340-equipped carbureted models. (Not for use with stock Evolution 1340 Cylinder Heads.)

B. SCREAMIN' EAGLE PRO EVOLUTION 1340 HIGH-COMPRESSION CAST PISTON KITS*

These high-compression 10.0:1 cast pistons are designed for use with stock Evolution 1340 Cylinder Heads. These are the value option for increased compression in the 1340 engine with stock heads. Kits include pins, clips and rings. For race application only.

22193-98  +.010” o/s.  $199.95
Fits '84-'99 Evolution 1340-equipped engines with stock cylinder heads.

C. SCREAMIN' EAGLE HIGH-PERFORMANCE TOP-END GASKET KIT

Rebuild your top end for performance and improved reliability. This kit features specially designed multi-layered steel head gaskets and includes all the additional Original Equipment gaskets required to do the job. Kit can be used for all stock compression engines or can be used on Evolution 1340 high-compression applications when installed with the “High Tensile” Evolution Cylinder Stud Kit (P/N 16503-01).

17046-98  $119.95
Fits '84-'99 Evolution 1340-equipped models.

D. SCREAMIN' EAGLE HIGH-PERFORMANCE HEAD GASKET KIT

This kit contains a pair of specially designed laminated steel head gaskets for improved sealing in higher-performance engines. Can be used on stock compression engines or on Evolution 1340 high-compression applications (over 10:1) when installed with High Tensile Evolution Cylinder Stud Kit (P/N 16503-01 or 17004-01).

17056-01  $49.95
Fits Evolution 1340-equipped models and XL1200 models.

*NOTICE: Screamin' Eagle pistons are not designed for use with milled heads. Evolution 1340 cast pistons should not be used when engine speed is expected to exceed 6000 RPM. Failure to comply may cause engine damage.

VRSC™ REVOLUTION® POWERTRAIN

Screamin’ Eagle® upgrades offer performance configurations engineered to generate specific torque and horsepower gains. Eliminating all the guesswork and trial-and-error testing normally associated with engine modifications, these components include everything you need to enhance your bike’s performance. You can start with key components that give you a bump in power right now, add components as time and budget permits or you can go for it all at once.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.
120 VRSC™ REVOLUTION™
Builders Components

A. SCREAMIN' EAGLE® PRO STAGE II KIT – VRSC™ MODELS
Increase your VRSC™ model’s top-end horsepower and race track performance. When paired with your choice of race-use exhaust system, the Screamin’ Eagle® Pro intake and exhaust cams, tuned-length short velocity stacks and a high-flow air cleaner combine to produce a solid 20-horsepower boost at the rear wheel. Kit includes cam gaskets that permit this Stage Kit to be installed without removing the engine from the frame. The lower air cleaner box can be modified to improve the airflow (template included). All models require ECM calibration. For race application only.

30076-09 $549.95
Fits ’08–’17 VRSC and ’07 VRSCX models. Installation requires modification of the lower air cleaner box for relocation of the temperature sensor. Installation requires separate purchase of Valve Shims.

B. SCREAMIN' EAGLE PRO VRXSE DESTROYER™ BIG BORE THROTTLE BODY KIT
This bolt-on kit boasts a 58mm throttle body, compared to 53mm stock throttle body. Can be used with stock injectors or with VRXSE Performance Injector Kit P/N 27791-05. Recalibration required. For race application only.

27670-05 $499.95
Fits ’02–’17 VRSC models.

Also available: (not shown)
SCREAMIN' EAGLE PRO VRXSE DESTROYER PERFORMANCE INJECTOR KIT
This performance injector kit features 6-hole, twin jet injectors that flow 30% more fuel, compared to stock injectors. Recalibration required. For race application only.

27791-05 $329.95
Fits ’02–’17 VRSC models equipped with P/N 27670-05 Destroyer® Big Bore Throttle Body Kit.

C. SCREAMIN' EAGLE PERFORMANCE AIR CLEANER FOR VRSC MODELS
This high-flow air cleaner provides the clean stable air the engine needs for maximum performance. The washable filter element does not require oiling.

29793-02C $64.95
Fits ’02–’17 VRSC models.

D. SCREAMIN' EAGLE PERFORMANCE SLIPPER CLUTCH FOR VRSC MODELS
This clutch offers reduced lever effort and improved performance. The unique “slip and assist” ramp system opens the two halves of the clutch hub slightly during high loads to the drivetrain, allowing a moderate slip that reduces shock to the drivetrain during rapid downshifting. The resulting reduction in wheel hop allows maximum contact between the tire and the road in wet or slippery conditions. Clutch lever effort is also reduced by 20% in 1130cc and 30% on 1250cc applications.

37938-08KA $239.95
Fits ’02–’07 VRSC models.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
When building a performance powertrain, don’t overlook the small stuff. After all, good clean air and a powerful spark are essential for maximum power and engine life. Air cleaner covers and washable K&N® air filters are available to dress your bike in style while maximizing the flow of air to your engine. And Screamin’ Eagle® premium spark plugs and plug wires will keep the fire burning.
A. SCREAMIN’ EAGLE® ROUND AIR CLEANER COVER – RATCHET

The Ratchet Air Cleaner Cover trims the face of the Screamin’ Eagle® Round Air Cleaner filter in style. Ideal for use with Extreme open face filters, the forged aluminum cover wraps the leading edge of the filter element, covering the rubber gasket without restricting the airflow. The Ratchet Cover is finished in rich black, and features a center bar with Screamin’ Eagle script and a lugged outer ring. The kit includes a black filler plate to cover the unfinished face of standard High Flow filter for a clean blacked-out appearance.

61308455 $164.95
Fits ‘18-later Softail® and ‘17-later Touring and Trike models equipped with Screamin’ Eagle round High Flow Air Cleaner.

B. SCREAMIN’ EAGLE ROUND AIR CLEANER COVER – CALIBRE

The unique open slot design of the Calibre Air Cleaner Cover maximizes style without compromising performance. Ideal for use with Extreme open face filters, the forged aluminum cover wraps the leading edge of the filter element, covering the rubber gasket without restricting the airflow. The gloss black Calibre Cover features 3 radiused slots cut into the face and a Screamin’ Eagle logo prominently on display. The kit includes a black filler plate to cover the unfinished face of standard High Flow filter for a clean blacked-out appearance.

6130846 $149.95
Fits ‘18-later Softail and ‘17-later Touring and Trike models equipped with Screamin’ Eagle round High Flow Air Cleaner.

C. AIR CLEANER TRIM KITS

The perfect blend of performance and style. Available in a wide variety of styles, this bolt-on Air Cleaner Trim is sized to cover the face of most Screamin’ Eagle Round High-Flow Air Cleaners. You can continue the look of your custom collection while maximizing airflow to the engine. Model-specific rain socks are available to protect the open element during inclement weather.

Fits Evolution® 1340 models, ‘99-’08 Dyna, ‘00-’15 Softail (except FLS, FLSS, FLSTSB and FXS) and ‘99-’13 Touring and Trike models equipped with oval-shaped Original Equipment air cleaner cover. Also fits models equipped with Screamin’ Eagle Round High Flow Air Cleaner Kits with separate purchase of Rain Sock Kit P/N 28728-10 or Air Cleaner Trim Installation Kit P/N 12400158.

61400339 Brass Collection. $129.95
61300057 Dark Custom Collection. $114.95
27956-10 Number One Skull Collection. $49.95
2940366 Willie G Skull – Black. $49.95
29417-04 Willie G Skull – Chrome. $49.95
61400323 Airflow Collection. $59.95
29328-99 Live To Ride Collection – Gold. $49.95
D. NOSTALGIC BAR & SHIELD LOGO AIR CLEANER COVER
Get a polished look with an extra dose of heritage with the Nostalgic Collection—chrome-plated air cleaner covers featuring an original-style Bar & Shield logo and a stamped “Made in U.S.A.” An easy-to-install drop down memory lane, each cover is hand-polished and chrome-plated to a brilliant finish. Available in oval and round configurations, the air cleaner kit includes polished stainless steel mounting hardware.

29138-91A  Round  $79.95
Fits ‘90-’99 carbureted (CV) Evolution® 1340-equipped models. Also fits ‘07-later XL and ’99-’17 Twin Cam models equipped with Screamin’ Eagle® Round High-Flow Air Cleaners when installed with Gasket Kit P/N 29591-99 (sold separately).

E. SMOOTH AIR CLEANER COVER
Wrap your Screamin’ Eagle round air cleaner element in style. The mirror chrome low-profile Air Cleaner Cover shields the element and opens breathing space between the backing plate and the cover. Cut-away bottom design exposes the air cleaner element to maximize the airflow. Easy to install, the one-piece cover is the ideal complement to the Chrome Air Cleaner Back Plate P/N 29510-05.

29153-07  $49.95
Fits ’07-later XL models equipped with Screamin’ Eagle Round Filter Air Cleaner Kits and ’99-’17 Twin Cam models equipped with Screamin’ Eagle Round High-Flow Air Cleaner Kits.

F. BOBBER-STYLE ROUND AIR CLEANER COVER
Low-profile round air cleaner cover adds an attractive nostalgic look to any bike’s profile. This cover can be accented with your choice of stylish air cleaner trim collections (sold separately) for a personalized look. The cover features a cut-away bottom design that exposes the filter element to maximize the airflow when installed with a Screamin’ Eagle High-Flow Air Cleaner Kit.

Fits ’12-’16 XL1200V and ’11-’15 FLS and FXS models with Original Equipment round air cleaner. Also fits models equipped with Screamin’ Eagle Round High-Flow Air Cleaner Kits.

61300120 Chrome.  $54.95
61300128 Gloss Black.  $54.95

G. SCREAMIN’ EAGLE® AIR CLEANER RAIN SOCK
Add the open-element look to your Screamin’ Eagle High Flow style Air Cleaner. This easy-to-install kit allows you to replace the traditional Original Equipment air cleaner cover with custom inserts from one of the H-D® Decorative Collections. Kit includes a breathable mesh cover with classic Bar & Shield logo that stretches over the filter to maximize airflow while protecting the exposed element from the rain. Fits traditional cone-shaped air cleaner elements featured in many Screamin’ Eagle Twin Cam Stage Kits.

28728-10  $25.95
Fits Screamin’ Eagle Round High-Flow Air Cleaner Kits.

Also available: (not shown)

SCREAMIN’ EAGLE AIR CLEANER RAIN SOCK
Protect your exposed-element air cleaner during inclement weather. This mesh cover stretches over the filter to repel moisture that could damage the filter and be drawn into the engine. The breathable cover does not significantly reduce airflow to the engine.

29400363  $29.95
For Round High-Flow Filter. Fits ’18-later Softail® and ’17-later Touring and Trike models equipped with Screamin’ Eagle Heavy Breather Air Cleaners with round perimeter flow air cleaner element.

29493-05A  $24.95
For Heavy Breather Filter. Fits models equipped with Screamin’ Eagle Heavy Breather Air Cleaner Kits (except Compact Heavy Breather P/N 28716-10, Heavy Breather Elite P/N 29400173, 29400172 or 29400285, and Milwaukee-Eight™ Heavy Breather P/N 29400263 or 29400264).
A. SCREAMIN' EAGLE® HIGH-FLO K&N® REPLACEMENT AIR FILTER ELEMENT

K&N® replacement air filters are engineered to improve airflow for increased horsepower and quicker acceleration. K&N filters provide excellent filtration, and because they are washable and reusable, you can clean the filter whenever conditions demand. Designed as direct replacements for specified fitments.

1. 29400020 High-Flow – Multi-fit. $59.95
Fits '07-later XR, '99-07 Dyna®, '00-'15 Softail® and '99-'07 Touring models equipped with High-Flow Air Cleaner Kits. Replacement for P/N 29442-99E.

2. 29400358 High-Flow – Multi-fit. $59.95
Fits '08-'17 Dyna models equipped with High-Flow Air Cleaner Kits. Replacement for P/N 29385-08.

3. 29400119 High-Flow – Touring. $59.95
Fits '08-'17 Softail and '08-'16 Touring and Trike models equipped with High-Flow Air Cleaner Kits. Replacement for P/N 29244-08.

4. 29400247 High-Flow – Wedge Milwaukee-Eight® Engine. $69.95
Fits '17-later Touring and Trike models equipped with Wedge High-Flow Air Cleaner Kit P/N 29400245 or 29400246.

5. 29400065 Extreme Billet. $69.95
Fits '15-later XG, '16-'17 Softail and '08-'16 Touring and Trike models equipped with Extreme Billet Agitator and Chisel Air Cleaner Kits.

6. 29400139 Extreme. $69.95
Fits '08-'16 Softail and '08-'16 Touring and Trike models equipped with Extreme Billet Agitator and Chisel Air Cleaner Kits.

7. 29400022A Ventilator – Multi-fit. $59.95
Fits models equipped with Twin-Cam Ventilator and Extreme Billet Ventilator Performance Air Cleaner Kits. Replacement for P/N 29670-09.

8. 29400293 Heavy Breather – Multi-fit, Chrome. $89.95
Fits models equipped with Heavy Breather Kit P/N 29098-09, 29299-08, 29080-09 or 29264-08.

9. 29400022 Heavy Breather – Multi-fit, Black. $119.95
Fits models equipped with Heavy Breather Kit P/N 29006-09B, 29253-08B, 29000065 or 29400105.

10. 29702-08 Heavy Breather – Multi-fit, Black. $119.95
Fits models equipped with Heavy Breather Kit P/N 29006-09B, 29253-08B, 29000065 or 29400105.

11. 29400141 Heavy Breather Elite, Chrome. $109.95
Fits models equipped with Screamin’ Eagle® Heavy Breather Elite Performance Air Cleaner Kit P/N 29400172 and 29400173.

12. 27300139 Heavy Breather Elite, Black. $119.95
Replacement air filter for models equipped with Screamin’ Eagle Heavy Breather Elite Performance Air Cleaner Kit P/N 29400285.

**126 SE PRO PERFORMANCE**
Spark Plugs & Heat Wrap

**A. SCREAMIN’ EAGLE® PERFORMANCE SPARK PLUGS**
Screamin’ Eagle Spark Plugs feature double platinum coating for superior erosion resistance and extended life. The V trimmed ground electrode reduces shrouding of the flame front to promote flame propagation, and the fine wire center electrode enhances startups and ignitability. Screamin’ Eagle Plugs feature Ribbed Core Technology (RCT) that provides resistance to fouling, and are designed with Original Equipment-style noise suppression to prevent electrical interference with radios and CB communication equipment. Works great in racing applications where rich air/fuel conditions are required. Unique style with Screamin’ Eagle logo. Sold in pairs.

**Standard Compression Applications**
Designed for modified engines including performance carburetors, high-flow air cleaners, camshafts, exhaust systems and ignition systems in conjunction with stock compression ratios.

- 31600106 Standard Compression Applications. $19.95
  Fits ’99-’17 Twin Cam-equipped models, and ’86-later Evolution® Sportster® 883, 1100 and 1200 models.

- 31600085 Standard Compression Applications. $19.95
  Fits ’15-later XG models and ’17-later Milwaukee-Eight® engine equipped models (including Stage I, II, III and IV Upgrades).

**High Compression Applications**
These plugs are designed for high-performance applications involving modifications in high-flow air cleaners, camshafts, exhaust, performance heads, ignition components, higher compression ratios above Original Equipment configurations or engines specific for racing applications.

- 31600105 High Compression Applications. $19.95
  Fits ’99-’17 Twin Cam-equipped models. ’86-later XL and XR and Evolution 1340 models equipped with Screamin’ Eagle Performance Cylinder Heads.

**B. SCREAMIN’ EAGLE PRO EXHAUST WRAP KIT**
Give your bike the ultimate old-school look with Screamin’ Eagle Exhaust Wrap. This premium exhaust wrap is available in three colors: Bronze, Midnight Grey and Off-White. Each kit includes a 2.0” x 25’ roll of exhaust wrap and 10 stainless steel ties, enough to complete any Harley-Davidson® air-cooled model application. For race application only.

- 65858-08 Midnight Grey. $75.95
- 11100026 Bronze. $75.95
- 65855-08 Off-White. $75.95

**Street legal and/or street compliant statements** refer to product meeting 50-State emissions and noise standards in the United States. The street legal and/or street compliant statements may not apply to markets outside of the United States.

**Notice:** The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SCREAMIN’ EAGLE®
CRATE ENGINE & DRIVE TRAIN COMPONENTS

Fresh from the factory, Harley-Davidson® Crate Engines are the ideal platform for building your high-performance ride. And once you’ve put your heart and soul into achieving just the type of horsepower and torque numbers you crave, we offer everything you need to get all that power to the pavement.
SE PRO PERFORMANCE
Crate Engines – Twin Cam

SCREAMIN’ EAGLE® PRO SE120R
HIGH-PERFORMANCE CRATE MOTOR

This track-ready 120-cubic-inch Screamin’ Eagle® Crate Motor is waiting to provide a racing enthusiast the opportunity to go racing at an affordable price. This engine is designed for bolt-in installation in the Original Equipment-style chassis of your track bike. No special fabrication or engine-mount relocation is required. The crankcase, cylinders and heads are painted black and feature machined aluminum highlights and chrome covers for a stunning “show-and-go” look. When equipped with appropriate high-flow carburetor or throttle body and injectors, an open air induction and tuned exhaust, this engine is capable of producing a reliable 135+ horsepower at the rear wheel. Engines include Manufacturer’s Statement of Origin (MSO-domestic only).

These race-use engines feature only the finest Screamin’ Eagle® components:

• 4.060” big-bore cylinders.
• 4-5/8” stroke SE Pro stroker flywheel and rod assembly.
• 10.5:1 high-compression nickel-plated forged pistons with Teflon coated skirts.
• Titanium SST piston rings.
• SE-266E high-lift cams.
• Perfect Fit pushrods +.030.
• SE high-performance lifters.
• CNC-ported MVA heads with automatic compression release (19206-12 and 19220-12 only).
• Machined lower rocker boxes for valve spring collar clearance.
• Factory-machined engine cases.
• Unique piston oilers for stroker clearances.
• Screamin’ Eagle performance inner cam bearings.
• Lefty high-performance crankcase output bearing.
• SE performance spark plugs.
• 120R cam cover and head medallions.
• High-volume oil pump.
• Billet cam plate.

Requires separate purchase of appropriate Screamin’ Eagle induction system and a high-performance clutch upgrade. Just add your choice of race exhaust, high-flow air cleaner and tuning. For race application only.

19220-16 Black & Chrome. $5,695.00
Fits ’06-’17 Dyna® and ’07-’16 Touring (except Twin-Cooled™) models. ’06-’13 Dyna and ’07-’13 Touring models require separate purchase of Compensator P/N 42200064 or 40100061.

19206-16 Black & Chrome. $6,295.00
Fits ’07-’17 Softail® models. ’07-’11 Softail models (except FXCW, FXCWC and ’09 FXSTSSSE) require separate purchase of Compensator P/N 40100061.

19289-12 Black & Chrome. $6,195.00
Fits ’02-’05 Dyna and ’02-’06 Touring models. Touring models require separate purchase of Sprocket Shaft Spacer P/N 24008-03.

19290-12 Black and Chrome. $6,495.00
Fits ’01-’06 Softail models.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
SE PRO PERFORMANCE 129

CRATE MOTORS

SCREAMIN’ EAGLE® SE120ST STREET PERFORMANCE CRATE MOTOR

This street-tuned 120-cubic-inch Screamin’ Eagle® Crate Motor takes your bagger from mild to wild. This engine is designed for bolt-in installation in the Original Equipment-style chassis of your Touring bike. No special fabrication or engine mount relocation is required. The crankcase, cylinders and heads are painted black, and feature machined aluminum highlights and chrome covers for a stunning “show-and-go” look. Equipped with the ultimate large bore Screamin’ Eagle 58mm Throttle Body (18% larger than stock), this engine is capable of producing 106 horsepower and 117 lb-ft of torque at the rear wheel. Engine features one-year manufacturer’s warranty. For best performance results, we recommend combining this engine with your choice of Screamin’ Eagle 58mm High-Flow Air Cleaner and the Screamin’ Eagle High Flow Exhaust System P/N 64800022.

This engine is 50-State U.S. EPA compliant when used with Original Equipment mufflers or the Screamin’ Eagle Street Performance Exhaust System P/N 64800022. All models require ECM calibration (priced separately). U.S. delivered engines include Manufacturer’s Statement of Origin (MSO).

Developed and tested in Milwaukee, this street-ready motor features the finest Screamin’ Eagle components:

• 4.060 big-bore cylinders.
• 4-5/8” stroke SE Pro stroker flywheel and rod assembly.
• 10.5:1 high-compression nickel-plated forged pistons with Teflon® coated skirt.
• Titanium SST piston rings.
• SE-259E high-lift cams.
• Perfect-Fit pushrods.
• SE high-performance lifters.
• CNC-ported MVA heads with automatic compression release.
• Screamin’ Eagle Pro High-Flow 58mm EFI Throttle Body, high-flow injectors and manifold clamps.
• Machined lower rocker boxes for valve spring collar clearance.
• Factory-machined engine cases.
• Unique piston oilers for stroker clearance.
• Screamin’ Eagle inner crankcase full complement cam needle bearings.
• SE Lefty high-performance crankcase output bearing and nitride bearing race.
• SE Performance spark plugs.
• 120ST cam cover and cylinder head medallions.

$5,995.00

Fits 50-State ‘10–’16 Touring models. Does not fit Twin-Cooled™ models. Does not fit Trike. ‘10 Touring models require Screamin’ Eagle Big Twin Compensator Kit P/N 40100061. All models require ECM calibration for proper installation. ‘10–’13 Touring models can be programmed by Dealer (sold separately). ‘14–’16 Touring models can be calibrated using the Screamin’ Eagle Pro Street Tuner (sold separately).

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
The JIMS® Twin Cam Race Engines, available exclusively through Harley-Davidson® dealers, are a complete component package designed to serve as a solid foundation for racers seeking big horsepower and displacement. Developed by JIMS of Camarillo, CA, these race engines are designed to fit within the frame of Harley-Davidson models originally powered by Evolution® 1340 or air-cooled Twin Cam engines. JIMS Twin Cam Race Engines are NOT street compliant. This engine was developed under Harley-Davidson license, granted to JIMS for use of specific Harley-Davidson Twin Cam intellectual property. The JIMS Twin Cam Race engines are based on a 356-T6 aluminum crankcase with enough case material to support a bore size up to 4.800 inches. This is not a bored stock case, but a new JIMS crankcase with increased wall thickness for larger bore potential. As a new crankcase, the engine ships with a JIMS serial number and a Manufacturer’s Statement of Ownership (MSO). For race application only.

JIMS Race Engines are available in black or silver powder coat, color-matched to Original Equipment Harley-Davidson transmissions. For more details, options, ordering information and pricing, see your Dealer or visit www.jimsusa.com

Corrected torque and horsepower measured at the rear wheel on a chassis dynamometer. Your results may vary.
MILWAUKEE-EIGHT® CRATE ENGINE

The Milwaukee-Eight® engine has brought a whole new ride to the Harley-Davidson® family. They’re the most powerful, coolest-running motors we’ve ever built. Smoother, stronger and more durable. With crisper throttle response and truer, cleaner sound. Four valves per cylinder, single chain-driven cam, dual spark plugs, counter-balanced and rubber mounted. Developed and proven over countless miles and millions of hours. Every single part is new, engineered to give you more performance and more of the feeling you want from an engine. Today, it’s a whole new ride. And now, you can get the most technologically advanced V-Twin engines to refresh your ride. Available in 107CI and 114CI configurations, these Milwaukee-Eight engines are street compliant when installed in the models specified. Manufactured to the latest specifications, these engines are available in a variety of finishes to suit your customizing direction. Does not include intake system, timer cover, stator, rotor or compensating sprocket.

See your Dealer for details.

CRATE ENGINES AVAILABLE FROM YOUR DEALER:

107 Black with Black Covers – Air/Oil-cooled
Fits ’18-later Softail® models. Original equipment on FXFB.

107 Black with Chrome Covers – Air/Oil-cooled
Fits ’18-later Softail models. Original equipment on FXLR, FXBR, and FLDE.

107 Black and Chrome – Air/Oil-cooled
Fits 17-later Touring Air/Oil-cooled models.

107 Black with Gloss Black Covers – Air/Oil-cooled
Fits 17-later Touring models.

107 Black and Chrome – Twin-Cooled™
Fits 17-later Touring Twin-Cooled™ models.

114 Black with Black Covers – Air/Oil-cooled
Fits ‘18-later Softail models. Original equipment on FXFBS.

114 Black with Chrome Covers – Air/Oil-cooled
Fits ’17-later Touring models. Original equipment on ’18 FLRT.

114 Black with Chrome Covers – Air/Oil-cooled
Fits ’18-later Softail models. Original equipment on FXBRS.

114 Black with Chrome Covers – Twin-Cooled
Fits ’17-later Touring Twin-Cooled models. Original equipment on ’19 FLHTK.

114 Black with Gloss Black Covers – Air/Oil-cooled
Fits 17-later Touring models.

NOTE: Replacement engines must be re-fitted with emission control devices and systems appropriate for the vehicle model and model year in order to ensure emissions compliance. Failure to do so constitutes tampering under U.S. EPA guidelines and can lead to substantial fines and penalties.

Legal for use on public roads only when installed in the specified models. Not legal for use on public roads when installed in models other than the ones specified and not eligible for the P&A 24-month warranty when installed in models other than the ones specified. Please see the Parts and Accessories warranty statement and your dealer for more information.

The street legal and/or street compliant statements may not apply to markets outside of the United States.
A. SCREAMIN’ EAGLE® HIGH CAPACITY CLUTCH KIT – MILWAUKEE-EIGHT® ENGINE

The Screamin’ Eagle® High Capacity Clutch Kit increases the drivetrain’s ability to reliably support high torque applications without significantly increasing lever effort. Designed to fit in the stock clutch basket, this kit provides smooth shifting, progressive engagement and works with the factory Assist and Slip clutch system to keep clutch lever effort similar to the stock levels. Kit contains 10 fiber clutch plates and 10 contact plates—one more than Original Equipment—and 3-1200 Newton clutch springs. This combination provides 11% more clutch surface area for greater power handling capability.

37000287
$219.95
Fits ’18-later Softail® and ’17-later Touring models.

Also available:
SCREAMIN’ EAGLE HIGH CAPACITY CLUTCH PLATE KIT – MILWAUKEE-EIGHT ENGINE
Replacement clutch plates for the Screamin’ Eagle High Capacity Clutch Kit P/N 37000287. Kit includes 10 fiber friction plates and 10 contact plates.

37000258
$199.95
Fits ’18-later Softail® and ’17-later Touring models.

MILWAUKEE-EIGHT ENGINE CLUTCH SPRINGS – 1275N
High-tension springs are engineered to add additional clutch capacity in high torque and high horsepower applications. Kit includes 3-1275 Newton (N) coil springs, and is designed to complement the Screamin’ Eagle High Capacity Clutch Plate Kit P/N 37000287. When combined with the High Capacity Clutch Plate Kit, torque capacity is increased to the maximum level available. Installation will increase capacity and lever effort. Springs can be installed without removing the outer primary cover. Included in Milwaukee-Eight Stage III and IV kits. (Does not include clutch friction plates.)

37000286
$24.95
Fits ’18-later Softail® and ’17-later Touring models.

MILWAUKEE-EIGHT ENGINE CLUTCH SPRINGS – 1200N
Replacement clutch springs for the Screamin’ Eagle High Capacity Clutch Plate Kit P/N 37000287. Kit includes 3-1200 Newton (N) coiled clutch springs. Installation of these springs with Original Equipment clutch plates will increase clutch capacity and lever effort. Springs can be installed without removing the outer primary cover.

37000288
$24.95
Fits ’18-later Softail® and ’17-later Touring models.

B. SCREAMIN’ EAGLE TWIN CAM PERFORMANCE RACE CLUTCH HUB KIT

Innovative new clutch hub kit offers improved clutch performance and is perfect for large displacement applications. Will support engines producing up to 160 lb-ft of torque. Kit includes the hub, pressure plate and clutch springs and can be used with stock friction discs and spacers or Screamin’ Eagle® Friction Disc Kit P/N 37980-10. (Does not include clutch friction plates.)

37976-08A
$279.95
Fits ’07-17 Twin Cam-equipped models. Will not fit ’16-17 FXDLS, FLSS, FLSTFBS, FXSE or ’13-16 CVO™ Touring models with hydraulic actuated clutch, or ’14-16 Touring models equipped with Screamin’ Eagle A&S Clutch Kit P/N 3700026.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

---

**C. SCREAMIN’ EAGLE® BIG TWIN COMPENSATOR**

This premium compensator has been engineered with heavier springs and increased travel to support the high torque output associated with high-compression race and large displacement engines. Designed to outperform the Original Equipment compensator, this unit helps protect the engine and driveline components during harsh drag race launches. Compensator features improved oil passages, oil deflectors and a needle bearing thrust washer that improves the overall operation of these components.

- **42200064A**
  - **$299.95**

- **40100061**
  - Fits: ’06-’11 Dyna, ’07-’11 Softail (except FXCW and FXCWC), ’07-’10 Touring, and ’07-’09 CVO™ (except ’09 FXSTTSE) models. Does not fit Trike. Requires separate purchase of Installation Adhesive Kit P/N 11100088. Kit includes Rotor Assembly P/N 30041-08. Installation on ’06 Dyna models require separate purchase of ’07-style stator.
  - **$409.95**

- **42200095A**
  - Fits: ’08-’12 FXCWC and ’09 FXSTSSE models and ’13-’17 FXSB models. If P/N 40274-08A has been installed previously, the rotor shell, P/N 30041-08A is not required.
  - **$299.95**

**D. SCREAMIN’ EAGLE VARIABLE PRESSURE CLUTCH**

Get more performance from the Original Equipment clutch. The Screamin’ Eagle® Variable Pressure Clutch is designed to help put the added power from a Screamin’ Eagle Stage Kit to the pavement. This bolt-on kit harnesses the centrifugal force of spinning weights to increase the clutch capacity as engine speed increases. The mechanism applies increasing pressure to the stock clutch pressure plate as RPM rises. The result: high torque-handling capabilities without increasing clutch lever effort at idle. The Variable Pressure Clutch also provides smoother clutch disengagement at lower speed. Kit fits behind most stock derby covers with no modifications. See installation manual for additional accessory derby cover fitment information.

To match the performance demands of your engine, team the Variable Pressure Clutch with your choice of clutch diaphragm springs. We recommend the higher-capacity Screamin’ Eagle Diaphragm Spring P/N 37951-98 for major performance upgrades.

F. SCREAMIN’ EAGLE® 6-SPEED GEAR SET

Designed from the ground up, the Screamin’ Eagle® transmission incorporates many of the best Original Equipment features, like a late-style shifting mechanism and a newly designed “shift ring” system to make this the smoothest shifting Harley-Davidson® transmission available. The “shift ring” system is similar to the system used in the VRSC™ transmission and it slides on the shafts to mate into the gears. This eliminates sliding heavy gears to accomplish the shift and results in smooth, precise and light-effort shifting. Sixth gear is a true overdrive at a .89:1 ratio and the first five gears mimic today’s proven 5-speed ratios. The overdrive feature allows you to run a lower engine RPM in sixth gear, at any given road speed. Lower RPM can result in lower vibration, longer engine life and smoother cruising. The Screamin’ Eagle® 6-Speed Transmission is available as a complete transmission or as a replacement gear set and can be matched with hydraulic or cable-operated clutch controls.

Screamin’ Eagle® 6-Speed Transmissions feature forged chrome “trap door,” forged shifter forks and forged and precisely ground gears. No speedometer or exhaust mount modifications are required. Complete transmissions are ready to install into the chassis and the 6-Speed Gear Set Kits are designed to replace the stock gear set without removing the transmission. Gear Set Kits require slight modification (template included) to the Original Equipment transmission case and include all necessary installation hardware.

GEAR SET

33100-03A $2,099.95
Fits '91-'94 and '96-'00 Dyna® and '90-'99 Softail® models. Requires separate purchase of appropriate Side Cover Release Kit.

33101-03A $2,099.95
Fits '90-'00 Touring models. Requires separate purchase of appropriate Side Cover Release Kit.

33102-03A $2,099.95
Fits '00-'06 Softail and '01-'06 Touring models. Requires separate purchase of appropriate Side Cover Release Kit.

33103-03A $2,099.95
Fits '01-'05 Dyna models. Requires separate purchase of appropriate Side Cover Release Kit.

Shown with:

SCREAMIN’ EAGLE TRANSMISSION SIDE COVER FOR 6-SPEED TRANSMISSION

Includes unique side cover and clutch components required for installing a Screamin’ Eagle® 6-Speed Transmission.

38753-04A $299.95
Hydraulic Clutch.
Fits '99-'05 Dyna, '00-'06 Softail and '99-'06 Touring models equipped with Screamin’ Eagle® 6-Speed Transmission and Hydraulic Clutch. NOTE: If installing a Hydraulic Clutch on a previously installed Screamin’ Eagle® 6-Speed, separate purchase of the Clutch Release Cover Gasket P/N 35148-03 is required.

38752-04 $199.95
Cable Clutch.
Fits '91-'05 Dyna and '90-'06 Softail and Touring models equipped with Screamin' Eagle® 6-Speed Transmission and cable-actuated clutch.

Street legal and/or street compliant statements refer to product meeting 50-State emissions and noise standards in the United States.

The street legal and/or street compliant statements may not apply to markets outside of the United States.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.

The Screamin’ Eagle 6-Speed gear sets have been tested and validated using the same rigorous procedures that Original Equipment transmissions are subjected to.
When it comes time to repower your motorcycle, the first stop should be your local Harley® Dealer. They can set you up with a replacement short-block or longblock engine that is manufactured from 100% new Original Equipment parts and subjected to the same rigorous testing as all Harley engines. Plus, all longblock engines feature a one-year factory warranty and your original VIN stamped on the case.
A. SHORTBLOCK ASSEMBLY
The perfect starting point for building the engine of your dreams. Engine shortblocks are manufactured and assembled on Harley-Davidson’s main engine assembly line for exceptional quality and reliability. Shortblock cases, flywheels, bearings and rods are preassembled and ready for your custom build. Kit includes current spec Original Equipment cam plate, oil pump, cam drive components and the gaskets, seals and most of the hardware required to complete the engine and install it (not all components shown). You select your cylinders, heads, cams, covers and other top-end components. Choose one of the Screamin’ Eagle® Stage kits to incorporate reliable performance and pick from our decorative engine covers to customize the look. Shortblock Assemblies are stamped with a new VIN and include MSO (Manufacturers Statement of Origin). The MSO is for Domestic only. Kits ship directly from the factory within 3-5 days. Assembly comes stamped with a new VIN on Twin-Cam models. (For VIN matching shortblock assemblies see the appropriate Service Parts Catalog.)

Twin Cam Engine

16200070 Black 96CI/103CI. $2,100.00
Fits ’07-’17 Dyna® (except FXDLS), and ’07-’16 Touring and Trike models (except CVO™).

16200071 Black 96CI/103CI. $2,370.00
Fits ’07-’17 Softail® models (except FLSS, FLSTFBS and CVO).

Milwaukee-Eight® Engine (not shown)
See your Dealer for details.

NOTE: Replacement engines must be re-fitted with emission control devices and systems appropriate for the vehicle model and model year in order to ensure emissions compliance. Failure to do so constitutes tampering under U.S. EPA guidelines and can lead to substantial fines and penalties.

Legal for use on public roads only when installed in the specified models. Not legal for use on public roads when installed in models other than the ones specified and not eligible for the P&A 24-month warranty when installed in models other than the ones specified. Please see the Parts and Accessories warranty statement and your dealer for more information.

Notice: The prices appearing in this catalog are the manufacturer’s suggested retail prices. Actual retail prices may vary.
HARLEY-DAVIDSON® LONGBLOCK PROGRAM

Your engine is the heart and soul of your Harley-Davidson® motorcycle. When the miles start to add up, a Harley-Davidson LongBlock can put the rumble back in your ride simply, quickly and affordably.

WHY SHOULD I CONSIDER A LONGBLOCK? Unlike an engine rebuild from the repair shop down the street, the Harley-Davidson® LongBlock is manufactured from 100% new Original Equipment components, and is built to the latest factory specifications. Engine includes upgraded Screamin’ Eagle® lefty crankcase bearing, Screamin’ Eagle cam bearings and Screamin’ Eagle performance tappets to handle higher-stress loads and performance upgrades. In addition, ’99-’06 LongBlocks are upgraded with late-model hydraulic cam tensioners, high-volume oil pump and billet cam plate. ’07-16 103CI and 110CI engines feature factory-installed Automatic Compression Releases.

WHAT DOES THE H-D® LONGBLOCK INCLUDE? The crankcase is pre-assembled with flywheels, connecting rods, bearings, seals, cylinders, pistons, rings, heads, valves, valve springs, tappets and pushrod covers. Also included and ready for Dealer installation are top end rocker arm supports, rocker arms and shafts, pushrods and breathers. The LongBlock also includes cam support plate, cam plate bearings, cam and timing chain drive, hydraulic tensioners and all required gaskets and new hardware.

ARE UPGRADES AVAILABLE? You can choose silver or black-highlighted engines to match your styling direction. Bikes originally equipped with Twin Cam 88® engines can upgrade to 95 or 103CI displacement, and Twin Cam 96™-equipped models can be repowered with 103 or 110CI engines, based on specific model fitment. Upgrades require model-specific ECM recalibration (sold separately). Only available in North America.

WHAT ELSE DO I NEED? LongBlock is sold without cam shafts, lower rocker boxes, upper rocker box covers or cam cover. You have the option to reinstall your current cams and covers, or select from a wide assortment of performance and custom engine cover options.

FAST AND EASY: Just take your Harley® motorcycle to your authorized dealership. They will remove the engine from the frame, ship the left crankcase half to Harley-Davidson and in a short time, you will have a new LongBlock back, ready for the dealer to reinstall in your bike. Your engine retains its original vehicle identification number (VIN) for easy title exchange and registration.

TIME TO GET DIRTY

Building a performance engine requires a lot of skill – and the right training. Your local Harley-Davidson® Dealer has both – he or she is equipped and trained to take on the challenge. The Dealer’s technical staff has spent countless hours at Harley-Davidson University learning the right techniques and doing the work every day. But if you want to do it yourself, Harley-Davidson Builders Tools by JIMS® provide the advantage of having the right tools for the job. In fact, these are tools Harley-Davidson Technicians use to perform efficient, reliable work. See your Dealer for details on selection and pricing.

SPECIALTY TOOLS

SPECIALTY TOOLS 139
The only way to get Genuine Motor Parts and Accessories is through an authorized Harley-Davidson® dealer or directly from h-d.com/store. You can ship your online orders to your local participating Harley-Davidson® dealership where you can pick them up — for free. For your nearest local dealership, please visit our dealer locator at h-d.com/dealer.

NOTICE: Selection varies by dealership. Prices listed are generally the Manufacturer’s Suggested Retail Price (MSRP), excluding taxes and shipping, and are subject to change without notice. Prices at local dealerships may vary. All online orders will be fulfilled and shipped by Harley-Davidson Motor Company as the agent for the Selling Dealer. All taxes are extra. Harley-Davidson reserves the right without prior notice to discontinue at any time any of the items herein or change specifications or designs without incurring any obligation to the customer. All items are subject to availability and prior sale by our dealers.
